an old-rankioned doll like that?

Silencing her daughter with a look, the mother turned to talk to the other child and in an incredibly short time. for a busy shop and its red tape, a certain blue-robed, blue-eyed doll filled the arms of the poor child. As the mothers and the two children went on their way the clerk turned to another customs.

year there is such a fact for the character dolls that we find the pile, the condition of our own youth almost a drug account of the character dolls and the pikin gingham and sheer white comme, but when a poor child comes in she insurably demands the richipate that the work of contrast, or it may be that poor children do not keep you with the that we do contrast, or it may be that poor children do not keep up with the that this year the condition of the contrast of the cont

in this country.

"Here are some of the newest dolis. See how individual they are. No two just alike. Our buyer says that the dolis are made after the photographs of real children and I am sure they look it. Why, even grown women come in and look at them, and I de believe they long to buy them, only they are ashamed."
