THURSDAY, MARCH 7, 1912

THE SCHOOL TEACHER SHOULD DIRECT YOU—NOT FILL YOU UP.

What a mistake it is to let the greatest factor in education and this he does through reading, conversation and observation.

In point of time used, the school stands far below other reading, conversation or observation, even in the case of highly educated people.

But the school is what is proper direction in the life-education of men and women; and when it creates a state of mind that is not in the best it does for the child, it divides down for the mountain spring, when it gives it a definite direction and so it wins.

To give a mind definite direction is impossible without consent of the mind, and the success of a school depends on the instruction of certain people, teachers, but upon the life-impulse for study that is established.

This is one reason why brilliant pupils often fail and slow students succeed.

The direction is what counts.

"The great thing in this world," said Oliver Wendell Holmes, "is not so much where we stand as to what direction we are moving."

The teacher who can start boys and girls in the right direction is a mover of the world.

THE KITCHEN CABINET

It is to make the kitchen a place where the wife can find help.

IDEAL THAT HELP.

The silver mesh bags, fish, chicken, lettuce and fruit soaking them in a little alcohol and then rubbing with dry before putting away.

Never allow silver to stand over night without washing, after which dry with a clean cloth.

Wash in soda and rub dry before putting away.

There is a duty little desert that will delight the small people and the older ones will not refuse it.

Grass Tea—Remove the pulp from washed grapes and put the skins in a small dish. Cook the pulp until the seeds can be easily removed by straining through a colander.

The skins need longer cooking to make them tender. Put all together and cook with a little sugar in water.

Put tea shells with the mixture and serve cold with whipped cream.

Many like those filled with the uncooked grapes, reserving the seeds.

When drawing threads for buttoning rib the goods where the threads are to be drawn with a piece of soap. The thread will cut much easier.

A dainty and delicious salad. Wash mushrooms and fill with the fruit cut in small cubes, garnish with green peas or cherries and serve with French dressing.

Chicken Eggs—Grate a quarter of a pound of cheese in a sausage, set it in the oven, warm, with a little chopped parsley, butter, pepper and salt and eat a half dozen eggs separately.

Butter constantly until creamy and serve at once.

Broiled Chicken—Take a piece of the upper part of a broiler. It is through the most cheaper, season with salt, pepper, rub with oil, and cook in a broiler until brown on both sides.

Under the gas flame. Broiled cooked in this way is entirely better than the fried or under the gas flame.

White Mashed Potatoes—To a cupful of cream add a half cup of vegetable stock (thoroughly strained from cooked potatoes) and a half cup of milk.

Boil and add a half cup of salt and pepper and a half cup of milk.

Put over the stove of an egg that has been beaten until stiff. This egg may be used as a garnish on the top of the soup if desired.

Relieve the pain.

The use of anodyne frequently turns out to be a dismal affair.

BALLOT—REPUBLICAN PRIMARIES, APRIL 9.

For State Senator. The right way.

Albert J. Olson. PAUL MAC GUFFIN.

THAT TAX MATTER.

During the last four years at every regular session and at two special sessions called for that purpose, the state administration has endeavored to pass a measure binding the state of Illinois to the sum of twenty million dollars, to construct a deep waterway, to call, and develop water power and buy water power sites on the Illinois river and the Mississippi river.

Of compensation, consideration or benefit to the people of the Eighth Senatorial District. The proportion of this bond issue, with the interest upon the bonds during the time of construction, would mean a bond issue upon

Lake County of \$215,504.04. McHenry County of \$18,500.00. Boone County of \$7,804.73.

Senator Olson has voted for these bills. They have been state administration measures, and at each time have been defeated in the Lower House.

Are your taxes not high enough as it is?

FOR THE DAIRY INTERESTS.

If Senator Albert Olson is returned to Springfield by the voters of the Eighth Senatorial District, the dairy interests will be able to pass out a single bill of legislation in the interest of the dairy industry, and the dairy industry will be able to pass out a single bill of legislation in the interest of the dairy industry.

Senator Olson has voted for these bills. They have been state administration measures, and at each time have been defeated in the Lower House.

PRINTING ONCE IN DISFAVOR

Followers of the Art Have Been Known to Explain Their "Crime" on the Gallows.

On the 15th of July, 1860, Martin Lhomme, one of two who were hanged in the Place Maubert by the decree of the parliament, suffered because he had published a writing entitled "Epitre envoyee au tiers de la France" (a letter directed against the tiers of France), a satire directed against the cardinal of Lorraine, then all powerful, which had probably been inspired at Lorraine in Switzerland, Switzerland, Germany. The culprit, according to the historian De Thou, was a poor little bookmaker, a native of Rome. While he was waiting at the gibbet, says Charles Winslow Hill in the National Magazine, one of the fellow countrymen, coming into Paris on business, saw him, on his way and recognized him. "Then," says Winslow de la Pléville, "not knowing why he was condemned to death, he begged from his friends at a neighboring inn, and, seeing the people very angry against the villain, he cried to them, 'Oh, what friends, it is not enough that he died! Leave him to the executioner.' Would you like to torment him more than his sentence demands?" They considered the Norman's pity misplaced. He was forthwith arrested, lodged and hanged four days later without any form of process in the same fatal Place Maubert.

Politeness, an trial at headquarters. Politeness, an trial at headquarters. I never assume myself as a candidate for the House of Representatives of the next General assembly, subject to the Republican primary in April, 1912.

"I have declined to be a candidate for the House of Representatives, because I have no money to influence working along the lines of the Republican primary in April, 1912. I have declined to be a candidate for the House of Representatives, because I have no money to influence working along the lines of the Republican primary in April, 1912. I have declined to be a candidate for the House of Representatives, because I have no money to influence working along the lines of the Republican primary in April, 1912.

"Little Left." "What's the matter here?" asked the editor, who was sitting at the typewriter. "That your goods away from you," said the editor, who was sitting at the typewriter. "That your goods away from you," said the editor, who was sitting at the typewriter. "That your goods away from you," said the editor, who was sitting at the typewriter.

ways consist the limits of incorporated cities and villages, and shall be the duty to make specifications for all road and bridge work, and no money shall be paid by either county, township or road district officials for any bridge construction, unless the members for each township are approved by the county superintendent of roads. The county superintendent of roads shall have any work constructed by him or by any contractor approved of such plans and specifications by the state highway commission.

Section 14.—The county superintendent of roads is directed to approve work first on the feasible roads, and then that they may be put in as good condition as possible, then to provide work for the second-class roads, and finally on the third-class roads.

Section 15.—The county superintendent of roads shall receive all work done on the roads, and shall have complete control of the work, his salary shall be \$1000 annually, plus the cost for labor and materials separately, and a copy of each report shall be sent to the board of supervisors or commissioners, as the case may be. The county superintendent may be a resident of the county or a resident of any other county in the state of Illinois.

Tailor Made Suits are the Suits that Suit

When you buy ready-made clothes you get a questionable fit and a pattern worn by many others. Tailor made suits—suits made for you, not for a man of about your height and build—are the only kind which will dress you correctly and stylishly. One-half of the men in this vicinity wear tailored-to-order clothing, and a large percentage of them have been getting their suits made here, proof that our work is satisfactory. If you are not getting this number you should be for your own benefit. Call and see the remarkable line of smart Spring and Summer Fashions from which you may select an individual pattern.

¶The announcement of Miss Jukes' early spring and summer Millinery Opening will occupy this space next week

SELECTED FISH.

The housekeeper's choice is limited of course, to what the retailer offers but of our FISH is examined it will be seen that there is little choice between them. All are so good—fresh, plump, and sweet,—that one will prove as worthy as another.

THURSDAY, MARCH 7, 1912

THE SCHOOL TEACHER SHOULD DIRECT YOU—NOT FILL YOU UP.

What a mistake it is to let the greatest factor in education and this he does through reading, conversation and observation.

In point of time used, the school stands far below other reading, conversation or observation, even in the case of highly educated people.

But the school is what is proper direction in the life-education of men and women; and when it creates a state of mind that is not in the best it does for the child, it divides down for the mountain spring, when it gives it a definite direction and so it wins.

To give a mind definite direction is impossible without consent of the mind, and the success of a school depends on the instruction of certain people, teachers, but upon the life-impulse for study that is established.

This is one reason why brilliant pupils often fail and slow students succeed.

The direction is what counts.

"The great thing in this world," said Oliver Wendell Holmes, "is not so much where we stand as to what direction we are moving."

The teacher who can start boys and girls in the right direction is a mover of the world.

THE KITCHEN CABINET

It is to make the kitchen a place where the wife can be a help.

IDEAL THAT HELP.

The silver mesh bags, fat chains, jars and wax chains are in a little cabinet and then rubbing with a little alcohol and then rubbing with a little alcohol.

Now allow after to stand over night without washing, after you have washed it with soap and water before putting away.

Wash in soap and rub dry before putting away.

Here is a dainty little dessert that will delight the small people and the older ones will not refuse it.

Grape Tapioca—Remove the pulp from washed grapes and put the skins in a small dish. Cook the pulp until the skins can be easily removed by straining through a colander.

The skins need longer cooking to make them tender. Put all together and cook with a little sugar in water.

Put tart shells with the mixture and serve cold with whipped cream.

Many like those filled with the uncooked grapes, reserving the skins.

When drawing threads for hem-stitching rub the goods where the threads are to be drawn with a piece of soap. The thread will cut much easier.

A dainty and delicious salad. Wash mushrooms and fill with the fruit cut in small cubes, garnish with green peas or cherries and serve with French dressing.

Chesse Eggs—Grate a quarter of a pound of cheese in a sausage, cut it in the size, serve with a little chopped parsley, butter, pepper and salt and a half dozen eggs slightly beaten. Stir constantly until creamy and serve at once.

Broiled Chop Steak—Take a piece of the upper part of a tenderloin and broil it through the meat, chop steak with salt, pepper, butter, onion, and put it on a dinner plate. Cook out in a little oil on each side, then turn out under the gas flame. Broiled steak in this way is entirely better than the fried steak in the gas flame and digestibility.

White Mashed Potatoes—To a receptacle of cream add a little of a cup of vegetable stock (thoroughly strained from cooked potatoes) and a little of a cup of cream (chopped) and a pinch of salt and a half of an egg, mix and pour over the white of an egg that has been beaten until stiff. This may be used as a garnish on the top of the soup if desired.

Relieve Nephritis.

The use of cathartics frequently turns out to be a dismal affair.

BALLOT—REPUBLICAN PRIMARIES, APRIL 9.

For State Senator.
The right way.

Albert J. Olson.

PAUL MAC GUFFIN.

THAT TAX MATTER.

During the last four years at every regular session and at two special sessions called for that purpose, the state administration has endeavored to pass a measure binding the state of Illinois to the sum of twenty million dollars, to construct a deep waterway, so called, and develop water power and buy water power sites on the Illinois river and the Mississippi river.

Of course, the state administration has endeavored to pass a measure of compensation, consideration or benefit to the people of the Eighth Senatorial District. The proportion of this bond issue, with the interest upon the bonds during the time of construction, would mean a bond issue upon

Lake County of \$215,504.04.
McHenry County of \$18,500.00.
Boone County of \$7,804.73.

Senator Olson has voted for these bills. They have been state administration measures, and at each time have been defeated in the Lower House.

Are your taxes not high enough as it is?

FOR THE DAIRY INTERESTS.

If Senator Albert Olson is returned to Springfield by the voters of the Eighth Senatorial District, the dairy interests will be able to pass out a single bill of legislation in the interest of the dairy industry, and the dairy industry will be able to pass out a single bill of legislation in the interest of the dairy industry.

The dairy industry will be able to pass out a single bill of legislation in the interest of the dairy industry, and the dairy industry will be able to pass out a single bill of legislation in the interest of the dairy industry.

Indispensable in Emergencies

THE sickness of a valuable animal on the farm demands prompt remedies.

It's a case for the veterinary—a case where minutes count. That's where the Bell Service shows its value to the farmer.

By means of the telephone the veterinary is reached, and at once tells the farmer what to do until he arrives.

No far-fetched farmer gets along without the protection of the Bell Service.

He can never tell when it is going to save him from serious loss. Besides, he has daily proof of its usefulness.

Consult our local manager for rates.
