Stickney Gasoline Engines ARE THE BEST

Get Your Money's Worth

The service an engine will give you depends not only on its design and quality of its material and workmanship but upon the size of its bearings, the length of its piston, the thickness of its thinnest casting, the size of its balance wheels and the strength of its various parts. Upon the size and strength of these parts depend the service you will get from the engine and it also determines the weight of the engine. In determining the value of two engines compare their weight the same as you do when you sell your hogs, pork—worth so much per pound.

Come in and inspect our sample Stickney Engine and show us one place where any weight can be cut out without injuring the service the engine will give and then we will show you it has no surplus weight, no big useless unnecessary base—and then figure the price per pound. We will give your money's worth.

Do You Want To Save Money

on that Manure Spreader, Silo Filler, Windmill and Gasoline Engine you're going to buy this Spring? Then get the best—the machines that wear the longest—cost the least for repairs—that are handled by the best dealers—and in short, the machines built right here at home in Northern Illinois—

The Appleton Quality Line

Now that you have a little spare time, come over and see us—let's get acquainted. We want to show you our magnificent factory and let you see how carefully we build our machines—what splendid material we use. We will show you the points that give our spreaders the longest life—the lightest draft—the best spreading—tell you why our silo fillers have greater capacity and use less power than any other machines rated at the same capacity—show you the features of construction that make it possible for us to insure our windmills for five years for \$2.50 against damage by tornados and cyclones or any other cause except misuse—prove to you that our engines deserve their name—Appleton.

You will want to see our huskers too, and find out all about them—possibly arrange to have one delivered through your dealer next fall.

We have some real bargains in spreaders we have taken in trade. They have been rebuilt and will give you the service of a new spreader at a fraction of the cost.

We want to send you some mighty interesting advertising matter and a beautiful four-color hanger which we are just getting out. Let us have your name today so that you will be sure to get one.
