STATE IS VICTOR

WINS POINT IN DARROW CASE REGARDING ADMISSION OF BRIBERY EVIDENCE.

DETECTIVE UP FOR CONTEMPT

Bitter Controversy Between Prosecutor Fredericks and Counsel for Defense Over Foster's Alleged Disclosure—Lockwood Resumes.

Los Angeles, Cal., May 25.—Following an acrimonious fight between District Attorney Fredericks and counsel for the defense in the Darrow bribery trial, Monday Judge Hutton issued a citation for contempt against Robert J. Foster, chief detective for the National Director's association, based on allegations made in affidavits signed by Earl Rogers, Horace Appel, Harry Dehn and H. G. Gleaser, attorneys for Darrow.

Foster is to appear and testify, at which time other witnesses will be heard in regard to an interview published in a morning paper and reported in an afternoon paper in a modified form, in which Foster discussed evidence which it was alleged he helped secure against Darrow by means of the disclosure, Foster being under subpoena as a witness at the time.

Subsequent to the issuance of the citation, Judge Hutton gave his formal ruling concerning the admissibility of testimony connected with the bribery of jurors and witnesses. His ruling gives a sweeping victory to the prosecution, as he decided that testimony and evidence relating to any bribery connected with the J. B. McNamara case is admissible in this case. This gives the state all it has asked for.

Under the ruling Captain Fredericks will introduce a vast amount of corroborative material which the defense had hoped to keep out. Rogers claims the effect of the decision is not so sweeping and is not final, but the state is entirely satisfied with the court's language.

The court denied the motion to strike out an answer made by Witness George N. Lockwood to the effect that Bert Franklin had told him that one juror was already bribed.

The affidavits against Foster were presented at the beginning of the court session. Captain Fredericks immediately asked that the juror be sent out while the matter was under discussion. Rogers contended that a deliberate attempt had been made through the Foster interview to reach the juror, and demanded that the matter of contempt be discussed in the juror's presence.

"But, Mr. Rogers," said Judge Hutton, "this effort, if it were one, failed, for the balliffs assure me that no juror has seen the printed interview. Why make an effort so successful now by discussing it before the juror?"

Captain Fredericks asked to be relieved of the prosecution in the contempt proceedings against Foster and the court appointed George Beebe, deputy attorney general, to act for the state.

George N. Lockwood resumed the stand and, under the examination of Captain Fredericks, continued the story of the offer of a bribe to him by Bert Franklin. His part of the matter to District Attorney Fredericks, further negotiations with Franklin under the direction of Captain Fredericks, and in the hearing of the court from the district attorney's office, and the final passage of the bribe, followed by the arrest of Franklin himself and C. E. White, whom Franklin had chosen as the strawholder for the \$25,000 which was to be paid following Lockwood's promise vote for McNamara's acquittal.

Darrow was directly connected with the scene of the arrest in Lockwood's testimony. "As we walked along Main street, about the 1500 block, he had been given to me," said Lockwood, "a block and a half from Third and Los Angeles streets, where the money was passed, I saw a man start across the street toward us. Franklin said: 'Wait a minute; I want to see that man.' Just as they met, Detective Brown stepped up to them, brushed this man aside and arrested Franklin."

"Do you know who that man was?" asked Captain Fredericks. "He was Mr. Darrow, the defendant," answered Lockwood.
