Blakesley, a hotel keeper, as the thirteenth or alternate juror to try Clarence Darrow on the charge of bribing a juror in the McNamara case, John D. Frederick, the district attorney, outlined the charges that the prosecution would attempt to prove.

He declared the state expected to prove that among the detectives employed by Darrow, who was chief counsel for the McNamaras, were Bert Franklin, Bert Hammerstrom and John R. Harrington; that the defense knew of Lockwood's name being in the jury box; that Franklin went to Lockwood, whom he knew, and offered him a certain sum of money if, when he was called as a juror and succeeded in passing the examination, he would vote not guilty.

"We will show that this was done at the instance and request and under directions of this defendant, Clarence Darrow," said the district attorney.

STATE IS VICTOR

WINS POINT IN DARROW CASE REGARDING ADMISSION OF BRIBERY EVIDENCE.

DETECTIVE UP FOR CONTEMPT

Bitter Controversy Between Prosecutor Fredericks and Counsel for Defense Over Foster's Alleged Disclosures—Lockwood Resumes.

Los Angeles, Cal., May 25.—Following an acrimonious fight between District Attorney Fredericks and counsel for the defense in the Darrow bribery trial, Monday, Judge Hutton issued a citation for contempt against Robert J. Foster, chief detective for the National Brewsters association, based on allegations made in affidavits signed by Earl Rogers, Horace Appel, Harry Dehn and H. G. Gleaser, attorneys for Darrow.

Foster is to appear and testify, at which time other witnesses will be heard in regard to an interview published in a morning paper and reported in an afternoon paper in a modified form, in which Foster discussed evidence which it was alleged he helped secure against Darrow by means of the diagraph, Foster being under subpoena as a witness at the time.

Subsequent to the issuance of the citation, Judge Hutton gave his formal ruling concerning the admissibility of testimony connected with the bribery of jurors and witnesses. His ruling gives a sweeping victory to the prosecution, as he decided that testimony and evidence relating to any bribery connected with the J. B. McNamara case is admissible in this trial. This gives the state all it has asked for.

Under the ruling Captain Fredericks will introduce a vast amount of corroborative material which the defense had hoped to keep out. Rogers claims the effect of the decision is not so sweeping and is not final, but the state is entirely satisfied with the court's language.

The court denied the motion to strike out an answer made by Witness George N. Lockwood to the effect that Foster had told him that one juror was already bribed.

The affidavits against Foster were presented at the beginning of the court session. Captain Fredericks immediately asked that the jury be sent out while the matter was under discussion. Rogers contended that a deliberate attempt had been made through the Foster interview to reach the jury, and demanded that the matter of contempt be discussed in the jury's presence.

"But, Mr. Rogers," said Judge Hutton, "this effort, if there was one, failed, for the balliff assure me that no juror has seen the printed interview. Why make that effort successful now by discussing it before the jury?"

Captain Fredericks asked to be relieved of the prosecution of the contempt proceedings against Foster, and the court appointed George Beebe, deputy attorney general, to act for the state.

George N. Lockwood resumed the stand and, under the examination of Captain Fredericks, continued the story of the offer of a bribe to him by Bert Franklin in regard to the matter to District Attorney Fredericks, further negotiations with Franklin under the direction of Captain Fredericks. In the hearing of detectives from the district attorney's office, and the final passage of the bribe, followed by the arrest of Franklin himself and C. J. White, whom Franklin had chosen as the stakeholder for the \$25,000 which was to be paid following Lockwood's promise vote for McNamara's acquittal.

Darrow was directly connected with the scene of the arrest in Lockwood's testimony.

"As we walked along Main street, after the \$500 bill had been given to me," said Lockwood, "a block and a half from Third and Los Angeles streets, where the money was passed, I saw a man start across the street toward us. Franklin said: 'Wait a minute; I want to see that man.' Just as they met, Detective Brown stepped up to them, brushed this man aside and arrested Franklin."

"Do you know who that man was?" asked Captain Fredericks.

"He was Mr. Darrow, the defendant," answered Lockwood.

conscientist. Will ever arise who will seek to tear down the monuments of the men who molded the world's destinies, using the blood of the battlefield as the cement for their construction.

Indeed, it is conceivable that the day may come when there can no more be opportunity for military distinction, but that the nation will increase in the glory of the ages of heroism. Then the nation will look back to the deeds of the heroes who saved the Union, and they will be honored as living in an age when military distinction will be underrated by any change of ideas as to the utility of warfare. Hence the tribute paid the dead heroes of the war, which may be a less tribute than that to follow, will be the monument of praise and the warmth of emotion will be increased, as the widening vista of the past lends additional proof of the greatness of the time which we come when every part of the nation, without disparagement to the men who fought on the other side, will be able to look back to the men who preserved the nation and made it the mighty leader in all movements for the peace and honor of mankind.

War may be all that it has been painted as in history and may be too gravely set forth, but there is a profound religion in the warfare that re-constructs a nation, that re-establishes justice, that sets men free and liberates the intellect from shackles that fetter progressive thought and prohibit the full expression of progressive conduct. The south is blossoming today in its national fervor and industries team throughout its domain. The north is clasping hands with all other sections in the movement to make the nation march toward the highest pinnacle of lofty ethics and servicable achievement. The organ roll of American sentiment is heard with deep and resonant melody. And the nation, the people, rising from the united American state, the great federated people of the American republic, the righteousness of the cause, the noblest of motives, statesmen, American educators, American theologians—all have mightily toward giving this country the position of pre-eminence in the world. CUBANS PLEASED AT MESSAGE

Washington, May 18.—President Taft today cabled President Gomez in reply to Gomez' telegram protesting against United States intervention in Cuba, that the United States did not intend to intervene.

"I am sincerely gratified to learn of your government's energetic measures to prevent any disturbance," President Taft's message read, "and to know that you are confident of being successful. As was fully explained to the Cuban charge d'affaires here, this government's motive in sending ships to the Guantanamo naval station, was to relieve the Cuban government of any case it should unfortunately become necessary to protect American life and property by rendering moral support or assistance to the Cuban govern-

Feeling assured that President Gomez has misunderstood the purpose of the American government the state department has left to the discretion of Col. Karmay, commanding the marine force, which reached Guantanamo on the Prairie, the extent to which the marines shall be employed.

It is thoroughly appreciated here that the Cuban president must assume a resentful attitude toward what might appear to be an invasion of the island, lest the patriotism of the Cubans be stirred to resistance.

Should he persist in his objection, however, American naval commanders will not remain indifferent to the demands of Americans for protection, where it is clear that the Cuban government cannot extend it.

Fleet Will Await Results.
Admiral Osterhaus' expeditionary fleet will not move from Key West at once into Cuban waters unless something should happen in the meantime to demand its presence there.

It is said by the authorities that the signal for the disposition of the American ships among the various Cuban ports will await the decision of American Minister Beaupre at Havana, unless he should be so hampered by destroyed telegraphic communication from obtaining information as to what is going on in the distant eastern end of the island as to make it necessary for the state department to act independently of his suggestion.

The dock workers at Havana will remain discontented, it is believed, for some time and easily might be drawn into the rebellion, if that movement should grow.

Cuban Rebellion Growing.
Reports received by the state department indicate that the insurrection is spreading like wildfire. Large bands of negroes are roaming along the line of the Guantanamo & Western railroad from Bolona to Biguabos, pillaging at will.

General Estenoz, the insurrecto leader, is demanding contributions from managers of enterprises around Guantanamo, threatening to burn their plants unless immediate payment is

The audacity of such a proceeding is apparent when it is considered that Guantanamo is headquarters for the United States naval establishment in the Caribbean.

At Santiago 200 citizens volunteered for the defense of that city. A guard has been placed over the American colony at Dayate.

Cuba Pleased at Taft Message.
Havana, May 28.—President Gomez has received the message from President Taft disclaiming the intent of the United States to interfere.

He immediately summoned a meeting of the cabinet, to which he communicated the text of the message, expressing his highest appreciation of President Taft's attitude.

The strike of the lightermen and other laborers has been settled through the intervention of President Gomez.

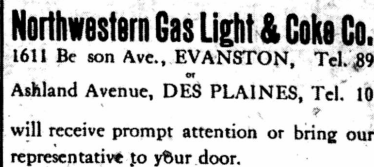

He told the strikers they must cease their agitation pending the crisis through which the country is passing. The government continues to rush reinforcements to Oriente, center of

the revolt. The authorities also are arming and putting into service all the revenue cutters and are arranging to charter some merchant vessels as transports.

Taxi Squad Aims at Crooks.
New York, May 28.—The number of crooks and convicts working as chauffeurs on taxicabs in the city has caused the police department to or-

organise a taxicab squad to put a check on the crimes of violence in which taxicabs play a part. Murder, holdups and robberies in which taxicabs have been important agents have been nu-

merous and the police have found that there are about 300 men here with either prison or police records who have obtained chauffeurs' licenses from the state.

"Uncle Tom's Cabin" Coming. "The survival of the fittest" is amply illustrated in the long life of "Uncle Tom's Cabin" which has been before the public for more years than some of the readers of this paper care to remember. Millions of people have witnessed performances of it and many church members go to see it who never attend any other kind of play, on account of the great moral lesson it teaches and many people come and bring their children because of its historical value. What is advertised as the largest "Uncle Tom's Cabin" show now traveling will play here in Barrington, Thursday night, May 30, in their big tent which is fitted up with seats for 3000 people. The show is under the management of W. B. Stone, who is the nephew of Mrs. Harriet Beecher Stowe, the authoress of this great historical play. Among other features introduced during the play might be mentioned the cotton picking scene; the negro quarters on the Southern plantation before the war in which a troupe of real negroes introduce plantation songs and dances; the chasing of fugitive slaves by a pack of real blood hounds which was staged by Mr. Stone from Sheriff Ray, of Kankakee county, Mississippi; the old slave market in New Orleans; the death of Eva and the beautiful transformation scene of Uncle Tom's dying vision of Eva going to Heaven, which was painted by Pietro Kramerer, a noted Cuban artist.

Captain E. B. Lewis, chairman of the committee on cemeteries and the location of soldiers' graves of the G. A. R. Memorial association of Cook county has assigned the Grand Army posts to the sixty-two cemeteries of the county, and to General Thomas Sweeney Ford, No. 275, the charge of Barrington, Deer Grove, Cady and White cemeteries.

Last Friday at the state encampment of the G. A. R. and the W. R. C. at Peoria, Mrs. Alma Arps of Palestine was elected junior vice president of the W. R. C., and deserves the high recognition in the organization on account of her long work for years in its behalf. Mrs. E. M. Fletcher of this place represented the local corps at the convention and the old soldiers who attended from here were J. C. Whitney, Fred Lagrethulte and Robert Reynolds.

Hugh Davlin of Spaulding, Nebraska, visited the early part of the week at the home of his niece, Mrs. Edward Martin. Mr. Davlin is a brother of Charles Davlin of Wauconda and formerly lived in this vicinity. He has the distinction of being the first child born in Cuba township; the place of his birth was the present east Davlin farm, known as the Rockensack place and the year was 1837. He went west to live in 1881 and this is his first visit here in twenty-two years. It is said that his parents were the first white family to settle in Cuba township.

Section Men Out on Strike. The section men under Charles Nagatz and Peter Jacobson on the Chicago & North-western railway went out on a strike yesterday morning.

A committee representing the section men waited upon C. Neuberg, road master, who resides at Mayfair, and asked that their wages be increased from \$1.50 to \$1.65 per day, which is the rate paid to section hands nearer Chicago. Mr. Neuberg declined to grant the request and the men have refused to work at the old scale of wages.

I could get no help from doctor's treatment or other medicines till I used Dr. King's New Discovery. But I owe my life to this wonderful remedy for I scarcely cough at all now." TYPEWRITERS GIVEN AWAY

The Emerson Typewriter Company of Woodstock, Illinois, have recently given away over 400 of the highest grade, wholly visible Emerson Typewriters made in the world. They have gone into every state and territory in the United States. There may be some in your town. They are giving them away everywhere to men, women, boys and girls, over 18 years of age, on surprisingly liberal conditions.

If you could make any use of a \$100 typewriter, providing it did not cost you even one cent, then in a letter or on a postal card addressed to Frank Wilder, President, Woodstock, Illinois, simply say, "Mail me all your free offers" and by return mail you will receive their Free Offers, the names of over 400 who have received typewriters free recently, and you will learn on what easy conditions you can get one of their typewriters free right away.

The Emerson Typewriter is one of the highest grade, wholly visible typewriters made in the world. Many who have used the "EMERSON" and other makes pronounce the "EMERSON" superior to any \$100 typewriter on the market. It is a wholly visible machine, has every new, up-to-date feature, looks like other high grade \$100 typewriters, though it is selling just now at an astonishingly low price and on terms of no money with order, trial free in your own home. Nothing to pay at first and after a thorough trial, 10 cents a day until paid. The "EMERSON" has every new improvement, universal keyboard, back spacer, tabulator, two-color ribbon, everything the best; is the ideal machine for beginners as well as for the most expert typists and stenographers; just the typewriter for the smallest or largest office.

If you could possibly make any use of a high grade typewriter, even though it didn't cost you one cent of money, or if you would like the agency in your town on a plan by which you could make big money, or if you would like a position with the company, then be sure, on a postal card or in a letter addressed to "Frank L. Wilder, President, Woodstock, Illinois," say, "Mail me your Free Offers."

These Hat-Covered Eyes.
"Times have changed," "They have indeed." In my day, a fellow looked into a girl's eyes and said that he loved her, but now he can't carry out that program if he happens to have her hat on. The prevailing style of a woman's hat, therefore, makes an earnest proposal solely an indoor affair.

Principles for Sons-Trust.
Remember, remember for sons-Trust. The effect is said to be manly.
