MAJESTIC.

There will be a big double headline feature at the Majestic Theatre, Chicago for the week of July 27. The bill as a whole being one of those live combinations of music and comedy with engaging specialties for which this theatre is famous.

Jose Lasky, one of the greatest of all the producing managers, sends another of his achievements, sends "The Antique Girl," which is an ensemble of musical drama engaging the services of twenty smart singers, dancers and comedians.

The second member of the headline feature will be Master Gabriel, the midget comedian who is probably the cleverest little man in the world, and Blitzy & Leroy, singing and dancing comedians of the highest class, will make their appearance for the first time at this theatre.

The Three Weston Sisters, most charming of all the musical numbers appearing in a new program after an absence of a couple of years.

The Frank Spinal Trio have a very funny comedy pantomime which includes not only a great deal of skilled work in the acrobatic line but an immense amount of fun. Comedy & Parks are comedy singers, talkers and dancers of sedition and almost a juggler, as he himself says, being rather above the ordinary in this line of work, and the Grazing in a novelty act containing something quite new, will also be included in the program, which is one of sufficient interest to entertain audiences even should the weather turn warm.

Man's Affections.
In a recent case in which the question of affection was an important issue, a Judge spoke wisely as a philosopher. "A man's affection for a woman," said the modern Solomon, "is shown by his willingness to take trouble in her behalf, to do little services for her, to do with a willing hand what which a man not in love would deem trouble, troublesome and disagreeing."

Proved His Ability.
A man in New Jersey, when his automobile burned up took his wife on his back and carried her six miles without once putting her down. That is the sort of husband who knows how to support a wife.

The Animal in Him.
The man who is a bear of a bear is likely to be stuck of a bear when he is a bear.
