## CHURCH NOTES

Continued from first page.  
 last Thursday evening was not held on account of the failure of the district superintendent to arrive. It will be held on Wednesday evening, September 18, at the close of the prayer service.

The annual conference will open its next session at Evanston on October 2. Bishop W. F. McDowell, the resident bishop for Chicago and vicinity will preside. Arrangements for the entertainment of the ministers are already being made. A number of changes in prominent pulpits are to be made, most especially in Chicago and suburbs.

## AUCTION.

William Peters—Auctioneer.  
 Having decided to quit the dairy business I will sell my entire dairy on the Bauman farm, 3 1/2 miles south of Barrington and 4 1/2 miles west of Palestine on Wednesday, September 11, commencing at one o'clock. I will offer 20 new milch cows and springers, 5 with calves by their sides, balance coming in soon. Some among them are prominent pulpits are to be made, most especially in Chicago and suburbs.

Card of Thanks.  
 For the kindness and sympathy shown us on the occasion of the recent sad death of our father, we extend our heartfelt thanks.  
 CHILDREN OF WILLIAM HAUER.

The Men Who Succeeded as heads of great enterprises are men of great energy. Success, today, demands health. To all is to fail. It's utter folly for a man to endure a weak, run-down, half alive condition when Electric Bitters will put him right on his feet in short order. "Four bottles did me more real good than any other medicine I ever took," writes Chas. B. Allen, Sylvania, Ga. "After years of suffering with rheumatism, liver trouble, stomach disorders, and deranged kidneys, I am again, thanks to Electric Bitters, sound and well." Try them. Only 50 cents at the Barrington Pharmacy.

Fighting With Fame.  
 "Why do you insist on nibbling around that hook?" said the wise fish. "You know the danger." "Yes," replied the little fellow; "but we all have a certain appetite for glory. I am willing to take a chance for the sake of being described to that man's friends as the big fish that got away."

Why He Did It.  
 "So your oldest boy has joined the blue club?" "What caused him to take that step?" "I don't know. But, judging by sound, I guess it must have been melancholia."

General Anderson, stationed at Hongkong, has recently taken pains to correct the widespread impression that the growing economy on the part of Chinese to dispense with their queues will have the effect of making false hair cheap. It appears that the queues when cut are never sold, but are always preserved for burial with the owner. Mr. Anderson says that this is an absolute rule throughout South China, as well as in all other parts of the country from which he has been able to secure information on the subject.

New Violins and Old.  
 A contest took place in Paris which seems to vindicate the contention that modern violins are as good in tone as those of ancient make. A number of violins were played in a dark room, and at the end a vote was taken from the musical audience present, with the result, says a Paris correspondent, that the finest violin was judged to be a Belgian instrument dated 1912; the second was a French 1911 violin, and not until the third came a Stradivarius, valued at more than \$2,000.

Medical Attention.  
 "It has often been said, with truth, that only two classes of people receive truly expert medical attendance—the very rich and the very poor," writes Walter Pritchard Bates in his book for October. "The very rich can afford specialists and trained nurses. The very poor are taken to million-dollar hospitals, where the best is given to them, and then, perhaps, to convalescent country homes. The rest of us are at the mercy of the general practitioner and amateur nursing."

Germany's Fastest Train.  
 The far'st distance train in Germany are the Berlin-Hanover-Dortmund express, which covers 291.04 miles with only three stops, at an average speed of 59.51 miles an hour; the Odeberg-Brauns-Berlin express, 214.90 miles with four stops, at 59.14 miles an hour; the Berlin-Koenigsberg express, 266.61 miles with three stops, at 49.70 miles an hour.

A Frost.  
 "Have you purchased your new car yet, Mrs. North?" asked the visitor. "No, Mr. Southers, I ain't. I can't make up my mind whether to get a gasoline car or a limousine car. May-be you can tell me—does limousine smell as bad as gasoline?" Inquired the lady.—Harper's Weekly.

Marking Keys.  
 If you have a number of keys in the stable, shed, henhouse and such buildings, that look and feel about alike, put wooden tags on them, with one notch for the stable, two notches for the henhouse, etc. You can tell at a glance, then, or by feeling them if it is dark, which key is the right one."

Poor Mother Earth.  
 A bargain in a golf rig has decided one girl to go in for the ancient game at a resort famous for that sport.

### Group Photos

The next time you are ALL together have that group picture taken you have talked about. There is always a LAST time when you meet. I will come to you if you can't come to my studio.

## THE BARRINGTON GASOLINE ENGINE

Portable ENGINES Made in 8, 12, 16 H. P.

Stationary ENGINES Made in 2, 4, 8, 12 and 16 H. P.

Cut Shows Barrington Portable Gasoline Engine with Screen Water Cooling Tank

The Barrington Portable Gasoline Engine is mounted on heavy, substantial steel trucks. They are especially built and balanced for portable engine work and will stand perfectly stationary on a level floor without blocking, when running at full speed and under load. The materials used in their manufacture are the best that money will buy. Equipped with friction clutch pulley, screen-cooling water tank with circulating pump, gasoline tank, speed lever, battery complete, magneto and all necessary accessories. The engine is fitted with a volume or throttling governor; this governor is a centrifugal high speed governor, being run two revolutions to one revolution of the engine, thereby maintaining a regulation that will govern on less than one hundredth part of an inch; and we guarantee the speed of this engine to be as regular as any steam engine ever built. Can be changed from 125 revolutions to 400 revolutions while running. Ask your neighbors about them.

This Engine has Been On the Market for Nearly Ten Years and Over 200 Are In Use.

### The New Holland Grinder

The New Holland mill will do the work quickly and with less power than other grinders, preparing the grain so that the stock will get the most from the ration and you will get all the profit there is to be had from the grain you feed.

STYLE NO. 16 AND NUMBER 12 FEED  
 MILL WITH ELEVATOR AND TWO-SPOUT BAGGING ATTACHMENT

### The Ohio Ensilage Cutter

The Ohio Ensilage Cutter with self feeder and blower is the best machine on the market for filling silos and is strongly recommended by many local users.

The farmer who buys the Ohio will make no mistake.

## ARNOLD SCHAUBLE

DEALER IN FARM MACHINERY AND AUTOMOBILES, BARRINGTON, ILL.
