

PERSONAL NEWS NOTES

Brief Paragraphs Which Are of Local Interest — About the Visitor and the Visited.

Mrs. F. L. Miller and young son, who have been spending a few days at the home of John Schwann, returned to their home in Chicago Sunday evening. Mr. Miller came out for the day and accompanied them home.

Dr. Richardson's house vacated yesterday by Henry Wolf who has moved to Des Plaines.

Charles Tahlan will move the first of the week from the Catlow house on Main street to the Spriggs house on Edgum and Station streets.

Mrs. Luella Landwehr returned to her home in this village Saturday after a two weeks' visit with relatives in Waterloo, Iowa.

Fred and Emil Brandt of Fennimore, Wisconsin, visited here this week with their cousin, Harry Brandt.

Owl Club Dance.
The Owl club, of which John Smith of South Hawley street is the leading spirit, will give a Halloween masquerade ball Thursday evening, October 31, at the village hall. Six prizes will be given as follows: One each for the best dressed lady and gentleman; one each for the best lady's and gentleman's costume. All dancers must be in full masquerade costume. New and original costumes can be rented from March Peck but should be ordered a day or two in advance. Kruse's orchestra of Des Plaines will furnish the music. Tickets: ladies, 25 cents, gentlemen, 50 cents, spectators, 25 cents. —Advertisement.

Edone Club Dance.
The Edone club will give its second reception and dance at its club house, formerly known as the Spring Lake creamery, four miles west of this village on the Algonquin road Saturday evening, October 24. Music will be furnished by Hunter's orchestra of Elgin. Tickets 75 cents. The public is invited to attend and enjoy a pleasant evening.—Ad.

Plenty of Cement Monday.
We will receive a large consignment of Portland cement early next Monday morning. We do not expect any trouble after that date in getting orders filled promptly.
LAMEY & COMPANY.

Yield of a Grain of Wheat.
Very few people have an idea of the bounty of nature. A scientist of the Edgum, Ill., recently made an instructive experiment which showed that a single grain of wheat sown in June, produced 47 pounds 7 ounces. One acre of fairly good land will produce 40 bushels of wheat or 1,200 pounds of flour.

Not Needed.
"Now they are trying to make the cactus edible." "I don't think we need a vegetable stud."—Washington Herald

The Chery Light
ON long, dreary autumn and winter nights Electric Light sends out a welcoming radiance. It makes the home brighter and is easiest to read by. In addition, it is the most economical light.

If you own a home on one of our distributing lines, we will wire it at cost, allowing you two years to pay without interest.

The expense is low.
Public Service Co.

Her father, F. J. Allen, went to Chicago, Wednesday, last week to see her. They arrived in Chicago

Be Careful in Speech.
If in our speech we would consider how our words will affect those to whom they are spoken—if we would try to bear them with their ears and consider how they accept in their hearts, there would not be much pain, sorrow or unadvised speech. Consider by these words be few spirits wounded or lives shattered by the words of our lips.—W. G. Border.

The One Indispensable Man Says—

Not Acreage But Production Is the True Measure of Profit

Therefore, all farmers and dairymen must employ improved methods of cultivation, better and quicker ways to prepare and transport their products, in order to obtain the fullest measure of profit from a given acreage.

To increase the output and economize labor *Electric Power* should be used wherever possible.

Electric Power is an economic necessity on small as well as large farms. Every kind of farm work is being rapidly and profitably performed by **Electric Motors**.

Why not profit by the experience of hundreds of successful farmers who are using our silent, safe, clean and economical *Electric Power*?

Make an appointment with our Power Man by phone, postal or letter. We can solve your "Profit Problem" simply, practically and inexpensively.
