

C. F. HALL COMPANY BURNED OUT TUESDAY

and Completely Burned All the Stock
—Crossed Wires Blamed.
LOSS IS ESTIMATED AT \$100,000

Fire Departments From Carpentersville, Elgin and East Dundee Were

Fire completely destroyed the C. F. Hall & Company department store in Dundee Tuesday morning. It was dis-

man at about three o'clock and it was eight o'clock before the volunteer fire departments of East and West Dundee, Carpentersville and the fire chief and hose company No. 3 of Elgin succeeded in controlling the blaze. The cause is thought to be crossed wires in the Hall basement, but it is not known positively as yet. Surrounding buildings were damaged and the loss estimated at nearly \$100,000.

A hundred people were fighting the fire but it was impossible to save anything from the flames. Considerable danger to the crowd happened when the large cupola on the southwest corner of the building fell to the street. Merchandise from other stores was

merchandise from other stores was removed and furniture from two apartments. A sick young mother with a son three days old was taken upon a cot to a nearby physician's office. A silk flag, which Dundee township received for having the largest representation at the recent Old Settlers' picnic in Elgin was snatched from a window by Guy Hall and was practically the only article saved.

This is the worst fire in the history

C. F. Hall is unable to tell what his plans will be as the fire is a great shock to him, and, although he is heavily insured, he deserves great sympathy for the catastrophe, as do the 23 employees who have been thrown out of employment.

There are no plans of any kind being made in Barrington for a public sale.

creation of the Fourth of July. It had been the intention of the "Bargington Country Life" association to arrange for a picnic but the plans were abandoned on account of these being no proper place to hold a large out-door meeting. This fact was recently published in the *Review* and was read at West Baden, Indiana, by William Grace of Hooey lake who was visiting the springs at the time. He immediately sent word to the picnic committee, A. L. Robertson, E. S. Smith and H. J. Lazarschke, that a grove on the Grange farm could be used. This was highly appreciated by the committee and would have been gladly accepted, if more time intervened before the fourth. It was thought the time too short to properly plan and advertise a success-

It is now the expectation of the Country Life association to give a fall affair, a "Round-up" or a "Harvest Home Coming" with various features including good speaking.

So, the Fourth in this village will likely be a quiet and peaceful day when many families will entertain relatives and friends.

This is the last Fourth of July upon which fireworks may be sold in Barrington. Let us hope no accidents occur and that all enjoy a day of good weather.

Arrested Under Mann Act.

A detective for the United States government was recently here tracing the whereabouts of one Lauderslauger, and a woman companion whom he arrested.

[illegible]

Eugene Murphy and James Domin were arraigned before "Judge" Line last evening charged with assaulting

George Hartrick Tuesday morning. They were found guilty and the fine fixed at \$3.00 and costs. Mr. Lise suspended the fine on their paying costs and pending good behavior in the future. They are all employees of the Bowman Dairy company.

HOME TRADE BOOSTS

We Want a Live Town

LET'S get together and help to make our community a live one. We all realize the consequences of poor business, stagnation to commercial affairs, depression of real estate values, low wages, etc. What we want is plenty of business, money in circulation, a live interest in the building of houses, the sale of lots and acre property and a genuine, healthy condition of business in our community.

HOW SHALL WE ACCOMPLISH IT?

The easiest thing in the world. Just keep our money in circulation, right here among ourselves, and we will create our own prosperous conditions. In other words, LET'S PATRONIZE OUR OWN BUSINESS MEN, INSTEAD OF SENDING OUR DOLLARS TO THE MAIL ORDER HOUSES. Let's be loyal to our own best interests instead of helping to bolster up the big monopolistic establishments that are draining our resources of all the ready money in sight.

IT IS the aim of the big mail order houses to drive the small town merchants out of business, so that we will all be compelled to send to the cities for our merchandise. The big mail order houses are spending thousands of dollars every month to accomplish this object.

THEY WILL DO IT, TOO, UNLESS WE ARE SENSIBLE ENOUGH TO STOP IT.

It is up to us to prevent the big mail order houses from driving our storekeepers out of business, for several reasons, the greater of which are that our community will be robbed of the money we have no business concerns and that our ownership of property here will amount to nothing, in this event.

The local stores, to a very large extent, make this town. The taxes paid by our business men are the basis of our schools and churches. It is the taxes paid by our storekeepers that pay for the local improvements, for the street lighting, for fire protection and for all other community privileges and protection.

If we permit the big mail order houses to drive our business men out of competition, what will we have left? A place of empty store buildings, an undesirable place in which to live.

If the mail order houses accomplish their purpose it is possible that railroad interests will decide there is not sufficient business to warrant the stopping of trains here—because there will be no reason, then, for traveling men to stay over in our town, no freight to be shipped to our stores.

In such cases we will be trying to sell our property, but will find no buyers, for who will think it a good investment to buy property in a dead town?

But this is just what we must expect if we keep sending our dollars to the mail order houses, for it is only the business of the town that makes the town possible.

When we send practically all of our business to the mail order houses in the cities there will no longer be a money flow, or a reason for a town here.

It all resolves itself into the question: SHALL WE HAVE A PROSPEROUS TOWN, WITH GOOD LOCAL BUSINESS, GOOD REAL ESTATE VALUES, GOOD WAGES AND GOOD MUNICIPAL DEVELOPMENT, OR SHALL WE HAVE A DEAD TOWN, WITH NO ROOTING IN THE PRINCIPAL STREETS, STORE BUILDINGS EMPTY AND WITH NO SALARY SINKS HUNG UP, NO LIGHTS AND NO FIRE PROTECTION.

IT ALL DEPENDS UPON US. WE AND THE DOLLARS WE DECIDE.

Common sense just good judgment tell us to protect our own interests. If we don't, who will?

What can we expect from the mail order houses after they shall have received our money and the local storekeepers have been put out of the running? Shall we expect more from that order monopoly?

We all know that the mail order houses do not pay any of our local taxes. They do not support our schools, or churches or help to pay for lighting the streets or for our fire department.

Every dollar spent at home means added wealth, added property, added real estate values and added facilities of all kinds.

Every dollar sent to the mail order houses means more unfair competition for our storekeepers and less taxes toward the support of our community.

What do we prefer? We must make the decision. Are we for or against our community?

LET'S MAKE IT A LIVE TOWN BY KEEPING OUR MONEY IN CIRCULATION AMONG OUR OWN BUSINESS MEN.

PROSPERITY AT HOME

THERE IS NOTHING OF GREATER IMPORTANCE TO US THAN THE PROSPERITY OF OUR COMMUNITY.

PROPERTY AT HOME IS BASED ON LOCAL BUSINESS CONDITIONS.

If our local merchants and storekeepers transact a large volume of business their property is communicated to every person in the entire community.

The values of our real estate increase. Wages are increased. There is more money in circulation and it is more readily obtained for purposes of education, paying for improvements, buying luxuries, etc.

In every way we can discover better conditions on all sides when our business men are busy.

There is every reason in the world why we should spend our cash at home instead of sending it to the big cities. By keeping it in circulation in our home community we create in many ways.

But if we send our money to the mail order houses, that is the last we hear of it. If only a few cents of the mail order houses from our community we may easily get our mail order houses out of business. By diverting our trade from our local storekeepers we can make it impossible for them to maintain their stores.

Every dollar sent out of our town to the mail order houses detracts just as much from our own individual property, as well as from the prosperity of the storekeepers and from the community in general.

Think of the consequences if we should all send to the mail order houses for our necessities and our luxuries. How long would it be before our local merchants would have the "closing out sale" signs on their doors, to be followed by the "for sale" signs on the stores themselves?

AND WHEN THE BUSINESS HOUSES ARE ALL ADVERTISED FOR SALE WHAT WILL BE THE VALUE OF OUR OWN HOUSES AND LOTS?

Such conditions have actually prevailed in some communities. It has happened that the citizens became "mail-order-minded" and sent to the big cities for the greater part of their merchandise. The local merchants also closed the shop, because there was no business there for them. The burden of taxation fell on the various property owners, because there were no business concerns to bear the big proportion which generally falls to their share.

Property values decreased until there were no bidders for undesirable real estate. The town became dead.

In the meantime the head of a big mail order house in Chicago was drawing an income of over a million and a quarter dollars, made possible by the business created by his concern, by mail from each community as the one above described and from our own community, as well as from others all over the United States.

Every dollar of this enormous income was diverted from storekeepers in small communities. Every dollar sent in to that great mail order concern, amounted to hundreds of millions of dollars annually, detracted from the property of some community, straggling to become a center of population, but retained by the storekeepers of the citizens who sent their money out of town in preference to helping towards the prosperity of their own community.

Of course, it was all done unthinkingly. Those who sent their dollars to the mail order houses did not stop to consider that these same dollars would add to the prosperity of the home community if expended at home. They did not stop to reason that by helping those in their own community they would be best situated to help their own interests.

THIS COMMUNITY NEEDS YOUR HELP. YOU NEED THE HELP OF EVERY DOLLAR IN ORDER TO MAKE A BETTER COMMUNITY IN WHICH TO LIVE. YOU NEED THE PROSPERITY OF THIS COMMUNITY TO MAKE YOUR PROPERTY OF GREATER VALUE AND TO GIVE YOU THE BENEFITS OF A BETTER COMMUNITY IN WHICH TO MAKE YOUR HOME HIGHLIGHT, MORE DESIRABLE AND WORTH MORE IN DOLLARS AND CENTS.

We must all consider these matters. We must stop and think, before sending our dollars to the mail order houses, that our co-operation is necessary to the subsistence of our community and that, for our own selfish advantage, even with no other motive, we must patronize home institutions and keep our dollars at home so that they can work for the advancement of our own prosperity.

We will all find that it is a fact, when we consider the question from every view point, that we can buy as cheaply and as profitably from our local merchants as from a mail order house, and we then know what we are buying instead of buying a "pig in a poke."

INTERESTING BITS OF NEWS FROM THE GREAT GERMAN EMPIRE.

WHAT'S DOING IN OLD HOME

Summary of the Most Important Happenings in the Land of the Kaiser.

—Timely Items for the German Reader.

President Wilson and Kaiser Wilhelm exchanged wireless messages between Tuckerton, N. J., and Ebersheim, Germany.

The message from President Wilson was as follows: "On the occasion of the opening of the Tuckerton radio station, I send to your majesty my best greetings and offer my congratulations on this additional link to bind the United States and Germany in closer intercourse and good relations."

Kaiser Wilhelm replied: "During my visit to Ebersheim I received your kind message. I thank you for the greetings. I return your congratulations on the opening of the wireless communication between Germany and America. It is, I think, an additional link which will bind our two countries in mutual friendship and closer intercourse."

The hope of the sponsors of the "Olympic victory" for the 1916 Olympic movement has received a rude check in the refusal of the International Association of Athletics, which has a membership of 1,600,000 and includes the best trained athletes in the world, to have anything to do with the Olympic Games.

The association takes the view that "warlike" (or, in other words, the only true form of athletics and that the varied events of the Olympic games are abnormal and pernicious.

Another factor which is giving the Olympic movement considerable trouble is the "boycott" declared by the Social Democratic party.

The party declares that the Olympic games are purely an aristocratic and "class" enterprise with which Socialists have nothing to do.

WESTERN CANADA'S NATURAL RESOURCES

PETROLEUM, NATURAL GAS, COAL AND FARM LANDS.

The developments that have taken place recently in the oil and gas fields of Western Canada have not added another to the many previous evidences that have been produced, showing the great wealth that has been an unknown asset for so many generations.

The latest reports from the oil fields at Calgary show that there is a production there, that would amount to equal the best produce fields on the continent. Exports have been on the ground for some time. It is said that one of the wells is able to produce 2,000 gallons an hour. If this is so there are but about a dozen wells in the world of greater production. During the past week discoveries of surface indications have been made which show that oil exists over a considerable portion of Alberta and Saskatchewan, and that the oil is of the best quality.

At Banff, Alberta, a few days ago discoveries were made which led to the finding of a large tract of land, about 100,000 acres, which has been found to be a rich source of oil. The land is now being surveyed and the oil is being produced.

BARRINGTON REVIEW
Telephone No. 1. BARRINGTON, ILL.

THURSDAY, JULY 2, 1914.

CURFEW WELL NEEDED.

There is considerable talk about town as to a "curfew bell" in Barrington. This would certainly be a good thing. Most towns have one, especially during the summer when the children are more apt to wander from home evenings and fall to get back at a proper hour. A bell rung at nine o'clock in the summer and eight in the winter calls all children's attention to the fact that "it is time to go home." The bell generally governs young people up to the age of 16. Most parents order their children to "go home," but in many cases the boys and girls are headstrong and will not mind. Threats, punishments, tears and pleading often fail. Many a young girl thinks her mother mean and unkind if she tends to be late home early in the evening, but could she realize the remarks men make of girls who are late walking the streets with their girls and boys, she would hang her head in shame and may be a very good little girl who has done no wrong and is honest.

A Wall street robber who steals millions from a railroad is politely termed a "gentleman of high finance." The poor devil who steals a loaf of bread is only a thief.

Chicago business men are fondling Washington with letters requesting congress to quit and go home. Good sense! Let's push it along.

A rich man's son is to be tried for murder in New York. Is this to be the latest form of summer sport?

Hearst's last letter to that noted gangster was warning the public against needless excitement.

"William was a nice guy," is the story from Washington. "We'll like to borrow his glasses."

Now let's ship the A-B-C diplomats over to Ulster.

Even a fool can observe a woman's faults.

Has Your Child Worms?
Most children do. A noted Parrot Tanager, Striped Bass, Stomach Pain, Coughs and Cries, Pale Saliva Completion, Nervous, Fretful, Grinding of teeth, Pleading in Sleep, Peculiar Dreams—any one of these indicate Child has Worms! Get a box of Kidney Worm Killer at once. It kills the worms—the cause of your child's condition. It is laxative and aids nature to expel the worms. Ruffled in cap and ready for children to take. 30c. Recommended by Barrington Pharmacy.—Adv.

Buckley's Analgesic for Cuts, Burns, Bites.
Mr. E. R. Loper, Shellville, N. Y., writes: "I have tried and used Buckley's Analgesic for cuts, burns, bites, and sores. It is the best I have ever used. It is all times for Cuts, Burns, Bites, Bruises, Lacerations, etc. It is recommended by Barrington Pharmacy.—Adv."

But in the original case the writer is right in his complaint. The boys of the village have grown rather bold the last few months in their use of the walks for bicycle riding and have been easy to women who have ridden to be careful. A boy's girl was killed by a wheel. The village marshal has been notified to be very prompt and severe in dealing with the children who wheel on walks and it is desired that people stop him the names of any persons seen committing this offense.

The Chicago law on bicycles states that no person shall ride any bicycle, tricycle or similar vehicle upon any sidewalk and the fine for so doing is not less than \$1.00 nor more than \$10.00 for each offense.

APPROACHING THE FOURTH.

The Chicago Tribune, Sunday, June 28, printed a cartoon on the approaching Fourth which should be studied by the parents of every child in this vicinity. It depicts the dangers of fireworks in the hands of the child in a beautiful manner. The following statistics of the number of dead and in-

BASE BALL NOTES.

The base ball game Saturday afternoon between the Baptist Athletic Club and the Junior City Athletic Club of Chicago proved to be a one sided game, the latter team starting by the score of 20 to 0. Lack of practice due to the recent rainy weather had something to do with the sad result. On the morning of the Fourth the Baptist A. C. will play Cubs and in the afternoon the Century club of Chicago. The home team intends to give a good account of itself and a few more routs would greatly encourage the boys, when they are behind and help them to there. They need practice.

Notice To Muzzle Dogs.
Attention is called to the owner of dogs, who permit them to run at large in the village of Barrington, to chapter XIV of the revised ordinances of the village. Section 1 provides: "That between the first day of July and the fifteenth day of September in each year, no dog shall be allowed to run at large within the limits of the Village of Barrington without being securely muzzled with a good and substantial wire, gauze or leather muzzle, securely fastened so as to prevent it from biting." A penalty of not less than \$10 nor more than \$100 is provided for violation of this section. It is also the duty of the village policeman to kill and bury any dog not having a muzzle fastened on as provided in this ordinance.

The village marshal has been instructed to strictly enforce the ordinance and all owners of dogs are hereby notified to comply with its requirements forthwith.

Mrs. Clarence Meyers of Wauconda visited Miss Mrs. Tinsford last of the week.

Mrs. Clark and Hallock of Chicago were over Sunday visitors at Mrs. Lucy Clough's home.

Rev. D. H. Fleet is here for a two weeks' vacation with his wife and sons. Mr. Fleet officiated at the burial of Samuel Taylor Tuesday.

Miss Leach's recital in which her pupils for music did themselves and their teacher much credit was held at M. S. Clark's Thursday evening.

Hessie Dillman, one of the oldest residents of this section, died at the home of his son-in-law, Thomas Fisher, near Volo, Friday, June 20, and was the father of Mrs. T. Fisher, Mrs. Thomas Wright and Mrs. Job Vasey. He had been ill for two years and quite decrepit.

Samuel Taylor Clark well known by many of our people, was found dead in bed at his home in Algonquin, Thursday night, having been dead since the previous Thursday night or Friday morning. He lived well back from the road and no one had occasion to call, but the mail man noticed each day after Thursday that his mail lay untouched in the box by the road.

When, Monday, it still remained there the mail carrier notified a neighbor who called that evening and found Samuel dead. The neighbor notified the marshal at Crystal Lake who called the coroner and turned over the body to the undertaker, Will Gilbert, and the funeral was held Tuesday afternoon at four o'clock in Wauconda. William and Frank Clark, brothers, and Mrs. Marietta Wright and Mrs. Jane Neville, sisters, besides aunts and nieces survive to sorrow at the untimely death of this old soldier relative who enlisted when but a boy in the service of his country.

Anyone wishing to go to Deer Grove park, July 4, will find an automobile at the junction every 40 minutes commencing at 9 a. m. Fare 50 cents. Telephone 41-2.

Stops Neuralgia—Kills Pain
Stops the Llama of our times, relief from Neuralgia or Sciatica. It goes straight to the painful part—relieves the Nerve and stops the Pain. It is the best for Rheumatism, Sciatica, Headache and Soreness. You don't need to rub it—just swallow it.

Dr. J. E. Swisher, Louisville, Ky., writes: "I suffered with quite a severe Neuralgia. Headache for four months without any relief. I used St. John's Liniment for two or three nights and I have not suffered with my head since." Get a bottle today. Keep in the house all the time for pain and all kinds of St. John's and St. John's.
