BARRINGTON, ILLINOIS, THURSDAY, MARCH 12, 1915

4150 PER YEAR IN ADVANCE

SOCIETY FOR STUDY OF HOME IS ORGANIZED

Every Woman, Especially the Country Women, are Urged to Join—Object is to Make Better Housekeepers.

LECTURES WILL BE HEARD OFTEN
Speakers Will Give Addresses on Topics Pertaining to Care of the Home—To Hold Meeting Tomorrow.

Every farm woman for miles around is invited to be a member of the new association for farm women. There is no expense. Come to the meeting at the village hall in Barrington on Friday afternoon, March 26, at 2:30 o'clock and learn the object of the organization. Every woman is asked and urged to enter this movement, but it is especially for women who live on the farms, so that they may have an opportunity to get together often to discuss the life of the mothers and daughters on the farms and to learn from each other and from trained speakers from out of town things about the home and the raising of children, about cooking and gardening, chickens, etc.

There was a meeting for women last Saturday afternoon at the school building, at the same time that the men were being addressed by Professor Fraser of the State university and Mrs. H. A. McKee, who is secretary of the State Department of Household Science was the lecturer. A woman who has made fine housekeeping her life work, one who does all her own work and knows how to work as well as teach now and better methods of doing the household and one thing a woman and mother must do to take care of her home and family properly.

The meeting was held by about 50 women and they were told in plain language of the lady and the good advice she gave, full of common sense and so interesting. She urged women of this country to form a society for the study of "HOME" and said that this would be a club which the men would never criticize for it would be to their direct benefit to get the wives anxious to know more and more of the best way to care for the home. Young girls of this day need to be led back to the study of home-making and their mothers are the ones to teach them. Happier homes would be found if the girls were more thoroughly trained for house-keeping and made to think the management of a home a loving, happy work, instead of drudgery. Mrs. McKee says things are getting to be in an awful state in this country when the women and girls say "I hate to cook and wash dishes" when it is a noble work and may be made as light as calling a waiting on a store or pounding a typewriter.

The hour grew late before the question of organizing a society was considered and some of the ladies had been obliged to leave for home. However those remaining chose Mrs. Sam Glasse for president and Mrs. Albert Robertson for secretary. These two ladies have called a meeting for Friday afternoon to consider how the women of the village and village feel about having some good lectures come here, and also have home women, talk on the subjects of household arts. It is agreed to get people to lecture here, the traveling expenses of the lecturers must be paid, but no other pay is asked for them as the State of Illinois sends them free. It is hoped that Mrs. McKee may be secured again to tell a larger number of women her tales, which teaches contentment and love of home.

If you wish to be listed as a member send your name to either of these ladies. Every woman is asked to join. Those who put down their names at the meeting were: Mesdames S. Glasse, A. Robertson, A. D. Wade, U. S. Kincaid, W. S. Penn, O. A. Abbott, W. Meekins, W. E. Snyder, William Gieske, Henry Donohoe, John J. Jahnke, E. S. Smith, A. W. Webster, R. L. Laney, Misses Myrtle Plagge, Rose Leveschitzky, Ida Lindner, and Clara Elfrink.

Rollie Skuter Hurt.
Herbert Barker, eleven year old son of Mr. and Mrs. Carl Naether of East Main street, was cut on the forehead last Friday afternoon while roller skating on the street hill on Grove avenue. He with several young boy friends had a half holiday from school and were having a fine time skating until Herbert's against a hydrant. A crash was made in his forehead which had to be sewed and other bruises on the head have been painful. The boys took him to the doctor and stayed with him while he recovered entirely. He went to school Monday.

A. Peterson will sell his household goods at auction Saturday at 10 a. m. in front of the Myers Garage on Grove street. Lot consists of dishes, cooking utensils, parlor suit, leather couch and numerous other articles.

WILL PARK THE DEPOT GROUNDS

Northwestern Officials Conferred With Village Authorities Saturday Relative to Beautifying Surroundings.

G. W. Dalley, superintendent of the Wisconsin division of the Chicago & Northwestern railway accompanied by S. S. Long, civil engineer, and Charles Newberg, road master, visited Barrington last Saturday afternoon to discuss with some of the village officials, and others interested, a plan for laying out the railroad park south of the station. This park will be from 50 to 70 feet in width and will run from Cook street east to Spring street. A roadway about 10 feet wide, with entrance from Cook street and Grove avenue, will be laid out next to the station platform, for the convenience of patrons of the road desiring to meet trains with automobiles and other vehicles. Considerable grading will be necessary at the east end of the proposed park.

It is hoped that the citizens of Barrington will raise a sufficient amount by popular subscription to pay for the grading and other work on the park, as the railroad company, in view of the expense for filling, grading and seeding, declines to furnish any shrubbery. A subscription paper has been left at the bank and A. L. Robertson, the cashier, will have charge of the fund. Some difference of opinion has arisen as to whether the railroad should be asked to donate to the village a strip of land on the south side of its property, so that Railroad street, which is 33 feet in width, can be widened. If it is thought desirable to slightly widen the street, it is probable that the railroad company would consent to exchange a strip of land on the north side of Appleton street, ending west from the street of the Barrington Mechanical company. Before this could be done the village board would be required to vacate by ordinance the portion of Appleton street to be used in exchange. The village board at its April meeting will probably consider the matter.

Annual Town Meeting and Election.
Notice has already been given to the legal voters, residents of the township of Cook County, Lake, Illinois, that the annual township meeting and election of officers will take place Tuesday, the sixth day of April proximo, being the first Tuesday in said month. The election will begin at the hour of 7 o'clock a. m. and close at 5 o'clock p. m. (the place designated as follows) in the school building in the village of Barrington.

The officer to be elected is: One Highway Commissioner. The town meeting will open in the school building at the hour of 2 o'clock p. m. and after electing a moderator will proceed to hear and consider reports of officers, to appropriate money to defray the necessary expenses of the township, and to deliberate and decide on such measures as may, in pursuance of law, come before the meeting.

Given under my hand this 25th day of March, A. D. 1915.
EMIL F. SCHAEDE,
Township Clerk.

New Pastor for Salem Church.

The Illinois Conference of the United Evangelical Conference closed its annual sessions at Shannon Tuesday. The church property of the conference is valued at over half a million dollars. Over \$50,000 was raised for conference missions and in the last year a new fund was subscribed for by those present and \$148 was secured. An educational fund of \$50,000 is being raised, about \$15,000 is already pledged in Illinois alone.

Rev. H. Boser was appointed to succeed Rev. H. B. Thoren as pastor of Salem church. Rev. Thoren will go to the Adams street church, Chicago.

Thursday Club Visits Palestine.

The ladies of the Barrington Thursday club this afternoon were Mrs. Ralph Pick of Palestine. Mrs. P. T. Stearns was in charge of the program which was a continuation of the study of bible lands at a previous meeting. Miss Arthur Weichert sang and Mrs. Albert Robertson played piano selections.

Notice to File Petitions.
Candidates for the office of president and members of the Board of Education are hereby notified that nominations for said officers only can be made by petition signed by at least three legal voters of the district, petitions must be filed with the undersigned not later than 10 o'clock a. m. of the day to be held as follows:

MEETING WAS LARGELY ATTENDED

Second Annual Meeting of Barrington Country Life Association Was Held at the High School Building.

The second annual meeting of the Barrington Country Life association was held at the high school building on last Saturday March 20. The meeting was largely attended and was very profitable and interesting to all who heard the program. The association has 65 members and they with the women of their families and a few others dined together in the town hall where a good dinner was served by two women hired to prepare it and which was served by high school students. Nearly 100 people were served.

The speakers advertised to appear here were all present, excepting T. A. Simpson, superintendent of Lake County schools. At the first session at 10 o'clock E. J. Tobin, of Chicago, superintendent of Cook County schools, gave one of his crisp, emphatic talks which are very convincing; he tells of the work to be done for the country schools and by the schools to develop interest in country life to their highest degree. He told of the joys and advantages of living in the country. E. M. Phillips, county life director for this northwest section of Cook county, spoke of the interest being aroused everywhere in giving country school children better education and training them to stay in the country when grown, instead of seeking work in cities.

The afternoon session was addressed by Professor W. R. Fraser of the agriculture department of Illinois State university at Champaign on the subject "Dairymaking." He is so well versed on all things pertaining to the production of milk that he can answer in every branch of the subject, giving figures, reports, experience, etc. He found his information valuable and the discussions and arguments raised in general talk made food for thought for many. There is always something new to learn from Professor Fraser and afterward that the close attention given him made him glad to have lectured in Barrington. The younger farmers of the community were present in greater numbers than older men. Every farmer is urged to join the association and come to the meetings.

A business hour was observed when the same officers were re-elected and are: H. J. Jagusch, president; E. S. Smith, vice president and Albert Robertson, secretary. A committee of three, R. E. Hammond, George Hanman and John L. Maloney, was appointed to arrange for a "get-together" meeting to about two months. The association has spent all money in the treasury for the interest and some amount of securing funds will be planned.

Musical numbers by the Barrington school band, Junior and Freshman High clubs, Miss Genevieve Pomroy, and Newton Plagge made the sessions interesting.

The association has decided to offer several prizes in which members and families may participate as follows: Three prizes of \$10, \$5 and \$2.50 for the best 10 years of record; three prizes of \$5, \$3 and \$1 for best record; three prizes of \$10, \$3 and \$1 for best individual cow record, seven day test. These prizes will be awarded at the next annual meeting of the association.

A meeting for women is also held in the afternoon which is reported in another article.

Appeal to High School Students of Illinois.

The Illinois Agricultural and Agricultural Journal published by students of the University of Illinois, sends out a supplement with their March number in which it bids high school students to avoid the habit of cribbing or cheating.

"We positively ask all high school students," states the communication "to refrain from dishonest methods of any nature. We urge all of you who are planning college courses at Illinois or elsewhere to practice absolute honesty through your careers. If you will not do this our loyalty to Illinois compels us to ask you to come here for your higher education. However, if you will bring only the best that is in you, we will bid welcome and we will graduate you upon the opportunity which life in our country offers. We hope this you will come and you will be honest in all that you may do."

The communication is signed by the editor and managers of the Agricultural Journal and endorsed by the captains of the athletic teams and by the editor of the Illinois High School Daily.

MEN'S CLUB HELD ANNUAL BANQUET

The Meeting Held This Year Surpassed Any Previous One—Dorcas Society Served the Supper.

The seventh annual banquet of the Men's club, an undenominational club for men organized by the Reverend F. M. Madison when he was the Methodist pastor in Barrington, took place Monday evening at the Baptist church. Other banquets have been interesting but the one this year surpassed them for new features were introduced and the speakers of the evening gave such good talks and the musical entertainers were so pleasing that one is proud to record all the talent we have upon which to call in this village.

E. H. Hubbard, the president, presided and despite his 53 years and frail appearance showed that he is still a "live member." He was quite the best humorist of the evening and introduced the speakers in a humorous way. He has written that was good poetry and full of fun. The guest of honor was the Reverend Madison who came from Evanston and was very welcome for he will always be a resident here in the hearts of his friends.

Another guest of honor was Reverend L. L. Liberton of Northbrook Park, who is supplying the Methodist pulpit here at present; words of praise from this humble pen cannot do material to the deserved honor which this gentleman has received in his useful life, but it is nevertheless the desire of the writer to state that he is a "Prince of Goodwill," a man all may admire and appreciate whose very personality illustrates his ability of soul. He has a keen wit and engaging voice and manner.

The club and others to the number of 131 gathered to the church and enjoyed the program volunteered played by Mrs. W. J. Cameron until the dinner was served when they all marched to the church parlor and were seated at tables upon which carnations and similar were arranged. The Dorcas society of this church catered and served an appetizing menu.

The evening's program was called "A presidential memorial" and talks were given on the lives of many of the men who have been presidents of the United States, instead of confining the usual Washington and Lincoln as has been the custom at this annual banquet. This was a fine idea and each speaker held the attention of all who received pleasant freshened thoughts of these illustrious men. The speakers were Reverend Madison and Liberton, Arnett Line, Rev. F. Castle, E. B. Bennett and G. W. Spunner who each responded as the guest of the man he was to honor.

Singers were the three Plagge sisters who are favorites in every appearance they make; W. J. Cameron, Hugh Mattheis, L. H. Homet and A. A. Spunner. The program fell to be well liked in their singing and are asked for encore. Miss Almida Plagge seems to be the piano accompanist for every good singer in town and her good nature in assisting everyone is much appreciated. Next came Plagge gave the concert call of "Revellin" and "Papa." Messrs F. Pagge, Spunner, Cress and L. A. Powers served on the reception committee.

The list of donors is: Messrs and Mesdames Brown, White, Shearer, Bettinger, Powers, Cameron, Gruen, W. Penn, O. Abbott, Spunner, M. L. Lamey, Calkins, Shoeninger of Lake Zurich, Phillips of Palestine, G. Page, E. S. Smith, Kishall, John R. J. Plagge, Flanders, Brown, L. H. Bennett, Virden, Babcock, E. Madison, Church, G. Hager, Simonhoefer, Harvey Harnden, H. Schroeder, G. Schroeder, Cadyaloff, Alverson, Prossy, Leonard, H. Calkins, August Lines, J. Mesdames—Seabury, Emily Hawley, Stott, Rachel Travis, Clark of Lake Zurich, Chalkins, Adelle Lines, H. Powers, Alva Bennett, Youker, Graham, Peck, Seavers, A. Robertson.

Misses—Zelma Mielke, Hallie Lines, L. Spunner and M. Clark of Lake Zurich, Castle, Myrtle, Almida and Frances Plagge, Lockhart, Elizabeth Kraeger, E. Harnden, Pomroy, Alverson, Leah Meyer, Ulrich, Peck, Messrs—C. Lynde, L. Lynde, August Meyer, F. Lines, L. Lines, Robert Stott, Stone, Furby, Robert Mielke, Fred Lagacheuk, Liberton, Warren Plagge, T. Cress, O. F. Madison, G. W. Spunner, A. A. Spunner, L. Lockhart, Julia Meyer, Howard Harnden, Fred Pomroy, Daniel Pomroy, Robertson, Leonard, L. C. Stier of Crystal Lake, B. Hama, H. A. Lines.

Dr. Harvon, Opdine and Opdine were in Barrington over two weeks and Dr. Stenard's office. His next date is March 30. If you are troubled with indigestion, heart trouble, have Dr. Harvon examine your eyes next Tuesday.

JUDGE ENDORSED FOR RE-ELECTION

Claire C. Edwards is Endorsed at Meeting of Lake County Republican Committee Held Friday.

The Lake county republican central committee met at Wauegan Friday afternoon of last week and selected 10 delegates to represent the county at the convention to be held at Rockford, Thursday, April 6 (unless there are republicans as candidates for judges of the seventh judicial district. Judges Frost, Donnelly and Edwards are candidates for re-election. The following persons were selected as delegates: H. W. Churchill, Theodore Furby, J. H. Do Paw, A. N. Tiffney, George Kitch, Ralph J. Dady, Thomas Douglas, Martin C. Decker, Paul Mac Gullin, August Wirtz, Miles T. Lamey, Samuel A. Hutchison, A. J. Walsh, William J. Olson, D. A. Hudson, J. V. Bate, William A. Dean, Alan E. Clarke and William F. Weiss. The convention passed resolutions endorsing Judge Claire C. Edwards of Wauegan for one of the judges to be selected and the delegates chosen were instructed to use all honorable means to secure his nomination.

Judge O. N. Carter was endorsed for re-election to the office of Judge of the Supreme court. Chairman W. B. Smith was instructed to name a subcommittee of five to name the number of delegates which Lake county will be entitled to be represented by in the coming Supreme court convention when held.

The chairman named the following as a sub-committee: M. T. Lamey, V. Bracher, R. J. Mason, E. S. Gall and A. N. Tiffney.

SCHOOL NOTES.

Don't forget the exhibit April 9. Martha Rogman was absent all last week.

Walter Hasse entered school last week in the third grade.

The German I class are writing compositions in German script for the exhibit.

The eighth grade are going to have a hard time party at the home of Florence Schwann Friday night from 7:30 to 9:30.

The institute which was held here Saturday was well attended both morning and afternoon. The high school and eighth grade girls insisted in serving dinner to about 150 people at the village hall.

The high school held its second club meeting last Friday night. The principal feature of the program was a debate; the affirmative was "Capital Punishment of Criminals should be Abolished" the negative "Capital Punishment should be Retained." The affirmative won. The entertainment committee did not act and the meeting adjourned at 9:45.

Report of attendance and punctuality for the past week. To compute the percentage, one tardiness is considered equivalent to two days absence.

Woman's Club New Plan.
A series of social entertainments to be called "Reminiscence" meetings were started yesterday afternoon by the Women's club. Members may invite as many ladies as they choose to these meetings and a charge of 10 cents will be made for each person present and the money will be used to buy books for the public library.

COMING INTO THEIR OWN.

Women of America should look
back for they are slowly but surely
coming into their own.

Their entrance into the political
arena in certain states is having a
remarkable effect upon the dulled con-
science of the body politic in those
commonwealths.

Take the city of Chicago as an ex-
ample.

For many years the political situa-
tion there has been completely domi-
nated by a gang of professional polit-
icians, hoodlums and blacklegs.

Today the women are in the ascend-
ancy and the gang is on the run.

In former years many thousands of
men of decency remained away from the
polls rather than face the insults and
abuse heaped upon them when casting
their votes.

Unprincipled politicians gathered to-
gether gangs of strong armed men
whose duties were to intimidate any
man known to be in opposition to their
unholy scheme of government.

The underworld elected men to office
and controlled them after their elec-
tion.

The gang simply had the majority
of votes, and worked their advantage
to a finish.

But the last election in Chicago put
the finishing touch to gang rule.

Women flocked to the polls in vast
numbers and completely overbore the
gangsters.

Their presence convulsed decency
and reasonable order at the polls, not
because of any respect the gang had
for womanhood, but simply because
they stood in mortal fear of the femi-
nine vote.

Both republicans and democratic can-
didates for mayor of Chicago were sel-
ected by THE VOTES OF WOMEN—
and they are good men.

Many decent men have been substituted
for the professional politicians
and hoodlums whom the women have
kicked into the discard.

Others of unsavory ilk are in daily
fear of what another election may
bring to them.

The women of Chicago are lifting
stripped decency to its feet, and what
they can do for Chicago they can do
in other places.

Women are coming into her own, and
the nation will profit by her advent
into the political field.

WHAT A GROUND WILL DO.

If you ever have a grouch, get rid of
it—shake it off in a hurry—for it is
about your worst enemy.

A grouch will turn the sweetest dis-
position to vinegar.

It will set you against your fellow
man.

It will make you a nuisance to other
men. It will impair your intellect, in-
terfere with your appetite, cripple
your digestion, and make you an object
of ridicule in the eyes of other people.

If will ruin your work, drive your
friends from you, cause your children
to fear you, and your relatives to shun
you.

It will turn the brightest day into a
murky fog, obscure the sun which God
gave you to enjoy, and transform the
sparkling waters of purity into the
viscid waters of gall.

It will stir you of ambition, pull you
down to the depths, and write "falsity"
as an otherwise brilliant career.

It will chill the wholeness of your
heart, kill the affections of your faith-
ful dog and send your cat scampering
to cover.

It will rival the blow of a ball, put
your fowls to flight, and make music
of the grump of a pig.

It will make you a byword in the
community, in all human discourse
to humanity, and an object of disgust to
yourself.

It is full of perils without a single
grace; for it is the hand of the
devil beckoning you to death.
Get rid of your grouch.

RELIGION IN POLITICS.

"The world's greatest newspaper,"
the Chicago Tribune, under date of
Saturday, March 20, published the fol-
lowing article as an editorial which
thoroughly gives the opinion of men of
fair minds of large and important
worth in this country:

"Religious liberty is one of the basic
principles of the American republic
and it has been faithfully preserved to
our time. But it will not be preserved,
nor will the republic be preserved, if
we countenance appeals to religious
prejudice. In our political or even our
social life, all churches have given
good men and some of them have given
great men to this country. All
churches have among their nominal
members bad men. But when public
office is sought, whether a man attends
this church or that or none will weigh
with his true American.

The candidate and his managers
who may be guilty of trying to win
votes from the unthinking by exploit-
ing the issues of the city election and
raising religious bigotry are playing
with fire and will do the worst of in-
juries to the community.

When a candidate's religious faith
becomes an important factor in a cam-
paign, for office we have a state of affairs
incompatible with American ideals or
principles and dangerously demoraliz-
ing politically and socially."

GETTING THE HABIT.

Farmers and townpeople all over
the country are rapidly adopting the
new policy of using writing paper and
envelopes with their names and ad-
dresses neatly printed thereon.

It has many advantages. It prevents
the numerous errors in the spelling
of names, ensures correctness of ad-
dresses, and guarantees the prompt re-
turn of your letter in the event of non
delivery.

It is no more expensive than the
buying of stationery in small lots in
the old way, and adds a distinctive air
of respectability and refinement to
every home.

It is a good thing, and has come to
stay—and grow.

Pastor Lockhart's subjects for next
Sunday are, morning: "Palm Sunday,
or Christ Triumphant" evening:
"Does Death End All?"

The church and pastor were greatly
pleased to have a large number of the
Salem church people worship with
them last Sunday morning and eve-
ning.

Arquet Lines' solo last Sunday morn-
ing and Miss Edith Blank and Miss
Florence Juhnke's duet in the evening
together with the choruses were spon-
sored and much appreciated by the
large congregations.

A splendid rehearsal was held by the
choir last Tuesday evening and next
Saturday evening 8 o'clock another is
looked for that will excel all their
past efforts.

Kilometer.

A kilometer is a length of 1,000 me-
ters, equal to 3,280 feet, or 3,321 of a
mile. The kilometer is the chief unit
for long distances in the metric sys-
tem of measurement.

Will Not Stick.

To prevent postage stamps from
sticking together, rub them over the
back before putting them away.

Must Be.

A Boston professor says that a man
is at his best on January 15. That
must be paid day with him.

Health Promotes Happiness.

Without health, genuine joy is im-
possible. Without good digestion and
regular bowel movement you cannot
have health. Why neglect keeping
bowels open and risk being sick and
ailing? You don't have to. Take one
small Dr. King's new life pill at night.
In the morning you will have a full
free bowel movement and feel much
better. It helps your appetite and diges-
tion. Try one tonight.

ITEMS OF INTEREST TO LOCAL PEOPLE

Happenings of the Week Told in Short Paragraphs—What's Doing in and Near Our Hustling Village.

Louis Branson, Sr., of Wauconda was in this village on business yesterday.

Mr. and Mrs. Jones and son of Cary were guests at the Sam Landsver home Sunday.

Fred Meister moved today to the Ship farm of the Hawthorne Farm company.

Mrs. H. H. Hubbard of Lima, Mo., has been sick during the past two weeks.

Ros Kampert has been confined to her home a part of the week with an attack of sciatica.

Mrs. Henry Rogman entered the Cook county hospital, Chicago, yesterday for an operation.

Lawrence DeWaal of Chicago was here Saturday and Sunday at the DeWaal home on Grove avenue.

A. F. Kampert of Fairmont, Minnesota, is visiting this week at the home of his father, Fred Kampert.

Mr. and Mrs. Edward Alexander, who have been visiting with relatives in Carlisle, Kentucky, returned home Monday.

Mrs. G. W. Spinner and Mrs. W. J. Cameron were guests of the Norwood Park Woman's club at Norwood Park Tuesday.

Mrs. Henry Gieske, Mr. and Mrs. Herman Gieske and children visited Dr. and Mrs. Elmer Gieske in Wheeling Sunday.

Misses Anna and Lillie Haas visited at the home of Mr. and Mrs. Joseph Soltes in Chicago a few days the early part of the week.

H. J. Lageschulte recently sold the Kingsley farm, containing 110 acres, situated three miles east of Dundee, to James Healy of Egan, for \$110 per acre.

There will be a work meeting of the Ladies' Aid society in the parlors of the M. E. church next Wednesday afternoon. Members are requested to be present.

George Nightingale, collector for the Chicago & Northwestern railway, who has been ill for several weeks, has recovered his health and will resume work within a few days.

Mr. and Mrs. Henry Gieske of Williams street will celebrate their golden wedding anniversary of Monday evening, March 29, at their home with a dinner for relatives and friends.

Mrs. H. A. Bowen of Grove avenue who has been ill of paralysis since last fall is very much improved and was able to walk from her home to the Baptist church in the next block on Monday evening.

Barrington Lodge L. O. O. F. will work this evening in the first degree, conferring that beautiful lesson on candidates from Cary lodge. One week from tonight, April 1, the ceremony of installation will be held.

The primary held in the town of Cuba Saturday attracted only 22 voters, there being no opposition. William Padlock was nominated for road commissioner and will be unopposed in the election to be held April 6.

Mrs. William Caspary, Mrs. Anna Oils and Mrs. A. L. Robertson attended a luncheon in Maplewood Wednesday afternoon given by Mrs. George Oils in honor of Mrs. Anna Oils, her husband's mother.

Robert Johnson, 74 years old, was returning home from his farm one mile west of Wauconda yesterday afternoon when he was suddenly stricken with paralysis. He was taken to his home in Cary where he is in a critical state.

During the month of April the Fraternity of St. Paul's church will meet on the second Thursdays instead of the first, because the new pastor, Reverend Tietze, wishes to attend the meetings and cannot be here on the regular days.

G. W. and H. J. Lageschulte have bought of Edward Keating of Huntley the Shubert farm containing 291 acres, situated one-half mile east of this village. Mr. Keating recently purchased the farm at a public sale and paid \$95.00 per acre. The Lageschultes paid him a small margin of profit.

Fifty dogs from the Victory kennel's north of town will be sent next week to the "All Breeds" dog show in the 18th Regiment armory in Chicago. Victory to the kennel at Honey Lake are numerous and some from champions for the Alameda dogs raised there are in demand all over the country and sell for large prices.

The primary held in the town of Barrington was in some respects more interesting than the one held here a few weeks ago. The candidates nominated were as follows: Charles P. Hawley, supervisor; William Krumpholtz, road commissioner; H. J. Lageschulte, school trustee. They will have no opposition in the election to be held April 6.

The Altrou club of the Baptist church is planning to give a play in the village hall Monday and Tuesday evenings, May 31 and June 1.

The primary class of the Sunday school of the Salem church was given a party at the church Tuesday afternoon. The members of the children were also invited and in all there were about 40 present. A very pleasant afternoon was passed. The affair was arranged by Miss Myrtle Flagg, teacher. The occasion was the anniversary of Miss Flagg's birthday.

William F. Bigelow, State Guardian, of Chicago was here Monday evening and addressed the Guardians of Liberty Court, No. 91 in Odd Fellows hall. The society has been organized in Barrington about two months and is said to be organized for the purpose of advancing patriotism. One of the members informed us that the rules of the organization prohibit the divulging of names of any member without his consent and as a result he could not give us the names of its officers.

WAUCONDA.

Harold Stroker is working in Chicago.

Mrs. Dora Wells of Des Plaines was a recent visitor.

Mrs. R. Basoley and little son are visiting relatives here.

George Stroker and family spent Sunday at Palatine.

Mrs. Merritt Clark visited a sister at Des Plaines recently.

John Spencer of Edison Park called on friends here Thursday.

Hugh Martin has moved to William Bonsett's farm, west of Moline.

Carl Davis had Arlet Clark out on the farm Tuesday to photograph farm pots and scenes.

Mrs. Laura Cook is visiting her daughter, Mrs. D. H. Fleet, at Poynton, Wisconsin.

Frank Heise has bought a 40 acre farm in Michigan and will move there about the first of April.

Mrs. Roger Molit, Mrs. Floyd C. Carr and Miss Marguerite Lamphere were city visitors Wednesday.

Henry Maiman has had the barn on his home place remodeled. Vedder Stump and A. Mather did the work.

Mrs. Moore, wife of Prof. Moore, has been quite ill for the past week, but is some better at time of writing.

Victor Carr was home Sunday from Gary where he is working for a fortnight on the evening Post of that city.

Ruth Kimberly is visiting relatives for a few days. Ruth is always welcome and seems to enjoy her visits here.

Editor Black is driving around in a Ford machine which will facilitate his news gathering and also the delivery of job work.

Frank Dunning is to conduct the Mather farm, purchased from Joseph S. Heise, having taken possession about the first of the month.

M. S. Ford is here after a winter spent in Canton, Mississippi, where he has been assisting his brother, Wel, who owns a large farm there.

H. L. Grantham will oppose Plute Houghton, the regularly nominated candidate for highway commissioner, as a petition candidate at the township election.

John J. Murphy and family returned to the city Sunday, the children having gone over the measles, and John being again fit for work. Linda Robert Johnson stayed over to keep Grandpa Pratt from getting homesick.

Herman Brooks has sold all but 40 acres of the old farm to his brother, William, and has purchased J. W. Cook's farm which adds the 40 acres retained. Mr. Cook will remain in possession of his farm until March, 1916.

The Wauconda mill is to be put in condition to produce flour in the near future. Detslein Brothers are giving good service as proprietors of a good feed mill and are not satisfied without a flour department. We sincerely wish this venture may succeed.

John O'Neil, brother of Mrs. M. J. Donley, who has been ill with consumption for nearly a year, passed away at his home in Waukegan Monday. Mr. O'Neil was born in Cuba township and grew to manhood on his father's farm which he had inherited in Waukegan for many years. He leaves a wife and five children to mourn his departure. The funeral was held at the Catholic church of which he was a life member. Mr. and Mrs. Donley and daughter attended.

Clement John Case who was born at Fox-Hill 27 years ago and died at the home of Clarence Draper in Nunda township Wednesday, March 17, and was buried at Wauconda Sunday, the funeral having been delayed to permit his brother, Herbert, who lives in California to be present. A mistake had been made in changing cars at West Chicago instead of going direct to the Chicago depot, however, frustrated the plan; and he did not reach Wauconda in time for the funeral. He came Monday and with his brother, George, visited the deceased brother's grave.

WEEK'S NEWS

Summarized for
Very Busy Readers

European War News

The while gas, which was the fortress of Przemyśl and the Russian army entered the city after a siege of six months that has few parallels in history. Fifty thousand Austrian soldiers, 200 officers and nine generals threw down their arms and surrendered, worn to the last extremity by disease and hunger.

All railway freight traffic between Italy and the central empire, Austria and Germany, by way of Switzerland, was suspended by the Italian government following the passage by the Italian parliament at Rome of the non-contraband act. In addition to taking this drastic step Italy has suspended commerce with the Austrian province of Dalmatia.

The British steamer Concord was torpedoed by a German submarine in the English channel. The crew of 25 men were saved.

Prisoners of war now held in Germany number more than 8,000 officers and 301,000 men, as compared with 383,000 captured in the Franco-Prussian war.

What is believed by many persons in and out of official circles to have been the last step in Italy's preparations were taken by the senate when it passed the anticontraband law. Of the 147 members of the senate, only two opposed the passage.

More than fifty bombs were dropped on Paris and the nearby villages during a raid by German Zeppelins. The official statement says little damage was done, however, and that only seven persons in the capital were injured, none of them seriously.

The Hamburg-American steamer Odenwald, which was suspected of carrying supplies to the German raiders, was fired on by the United States gunners at El Moro when she attempted to leave without clearance papers. She was struck by a shell, and returned to port.

Land operations on a grand scale are about to be undertaken by the British and French forces in the Dardanelles.

The casualties on both sides at the recent battle of Nieuw Chapelle equaled those of Waterloo, which historians agree totaled 62,000 according to the statement of the German official.

Two more British steamers have been torpedoed off Bechey Head, in the English channel, by German submarines. They were: The Bluebell, which crew escaped in the small boats, and the Hyndford, one member of whose crew was killed.

Turkish mines in the Dardanelles blew up and sank three of the largest battleships in the Franco-British fleet while the ships were bombarding eight of the Turkish forts. The ships destroyed are the British battleship Irresistible, British battleship Ocean and the French battleship Bouvet. The Irresistible and the French battleship Gaulois were damaged. Nearly every man of the 530 in the crew of the Bouvet was lost. The crews of the other vessels escaped.

Crown Prince Rupprecht of Bavaria, commander of the Bavarian army in the western war theater, is reported to have been severely wounded by an exploding shell.

Domestic

Police officials of Monmouth and Perth, Ill., obtained a confession, according to police, from Annie Marie Knight, a negro woman of Monmouth, that it was her husband, John Knight, and Leroy Mitchell who murdered William E. Dawson and family at Monmouth September 30, 1911. This was one of the famous axe murders.

Approximately 100 of the 612 saloons in Kansas City, Mo., will close "for the moral good of the community" as a result of action taken by the board of police commissioners.

Attorneys for F. Drew Caimmelli and Maurice I. Degg stated at San Francisco that they would appeal to the U. S. Supreme court from the decision of the federal court of appeals which held them guilty of violating the white slave law.

Howard Boocock, treasurer of the Astor Trust company of New York, a leading financier and prominent in society, shot and killed his wife, Mrs. Adele Kenyon Boocock, in the music room of their home and then killed himself.

The police of Monmouth, Ill., hope that the mystery surrounding more than a score of "sacred" murders, in which entire families have been slain in the last four years, will be solved by the arrest of a negro giving his name as Leroy Mitchell, who was captured in St. Louis, Mo. The negro was arrested on the charge of having slain W. E. Dawson, his wife and three-year-old daughter, Georgia, of Monmouth.

Stores of fashionable victrolas from the North, including Victor, Gramophone, and other makes, were destroyed by fire at Pass Christian, Miss.

February exports at the port of New York were \$113,203,000, an increase of \$9,117,000 over the month of January. This was the largest for any single month in history.

Mrs. Helen M. Angle, accused of manslaughter in connection with the death of Walden Wood, her aged admirer, was acquitted by a jury at Bridgeport, Conn.

Seward St. John, secretary and treasurer of the Transcontinental Town Site company of Winnipeg, Canada, was arrested in Chicago. He was charged with operating a confidence game. The accusation was made by H. J. Toner, a lawyer, who announced he would ask the indictment also of Charles J. Wade of New York, recently appointed to the federal bench by President Wilson.

A gigantic conspiracy between union labor officials and Chicago capitalists and contractors, which has throttled the building industry of the city and netted the promoters fortunes, is under investigation by the federal grand jury.

Mexican Revolt

Arthur Pierce, British consul, and Estaban Alibud, French consul, have been expelled from Yucatan by order of General Carranza. The former arrived in Galveston with 214 other refugees. Mr. Alibud is said to have gone to Havana.

Despite assurances given by the Zapa government in Mexico City that the soldiers who killed John H. McKim, originally of Chicago, would be punished, none of the men has been arrested or punished, and officials of the state department at Washington.

Vicar General Paredes and fifteen priests, who arrived at Vera Cruz, Mexico, from Mexico City, have been ordered to leave by General Carranza. They were taken from the capital city when General Obregon evacuated it.

Provisional President Roque Gonzalez Garza and his cabinet will leave Mexico City and go to Chihuahua, where the temporary capital will be established.

General Villa's army defeated Carranza troops at Ramones, Nuevo Leon. Two hundred Carranzistas were killed and 300 wounded.

Personal

Mrs. Ellen Henery, editor of the Woman's Magazine published in Detroit, and writer of short stories, plunged five stories from her room to her death when she jumped at New York City. She was distraught from typhoid fever.

The affection of the throat from which Emperor William of Germany suffered two months ago has attacked him again, according to apparently reliable information at Geneva.

Washington

Proposed increases in lake and rail freight rates, both east and west, were suspended by the interstate commerce commission at Washington for investigation of their reasonableness.

President Wilson plans to review the Atlantic fleet when it gathers for maneuvers at New York in May. While he has made no definite arrangements, it was said at Washington he undoubtedly will be present at the review unless official business prevented.

Formal orders regarding the express rate case, requested by the petition filed a few days ago in the petition of the express companies, were issued at Washington by the interstate commerce commission. Hearings will be held at dates to be named later for the express companies, however, no changes in rates may be made.

A new experiment in shipping, that of providing army transports for exports from the Philippines, shortly will be made by the United States government, it was announced at Washington.

Realizations of the peace commission treaty between the United States and Russia, were exchanged by Secretary Bryan and George Baklanoff, the Russian ambassador at Washington. Fifteen such treaties now are in force.

Foreign

Two hundred and twenty-five bags of United States mail, most of which was consigned to Germany, Austria and the Balkan states, was rifled on a train in Italy.

Interessante Neuigkeiten aus Welt und Leben und allen Landteilen.

Die Nahrungsmittel-Anfuhr nach England ist eine riesige.

Welchen riesigen Umfang die Nahrungsmittelzufuhr der verbundenen Reichthümer, insbesondere nach England, aus den Vereinigten Staaten hat, kann man die monatlich vom Handelsdepartement zu Washington zusammengefassten Nahrungsmittelfuhrungen, die seit dem Januar dieses Jahres mit der entsprechenden Nahrungsmittelfuhrung des Jahres verglichen werden, leicht erkennen. In beiden letzten Berichten ergab sich, dass die Zufuhr in wie hohen Grade das britische Reichthum während der Kriegszeit auf die Einfuhr von Nahrungsmitteln aus Amerika angewiesen ist. Auf Grund der unstillen Forderungen nach Nahrungsmitteln, die in beiden letzten Berichten ergab sich, dass die Zufuhr in wie hohen Grade das britische Reichthum während der Kriegszeit auf die Einfuhr von Nahrungsmitteln aus Amerika angewiesen ist. BRITISH SEIZE AMERICAN STEAMER NORTH OF SCOTLAND TO DESTROY FOE'S CRAFT.

TO HALT GERMAN RAIDERS

American War Vessel Ordered to San Juan by Washington—Line: Attempted to Sink—Ships to Guard U. S. Neutrality.

Berlin, March 25.—The following announcement was made on Tuesday by the German government: "The German government has ordered the American steamer Odenwald, which is on a voyage from Savannah to Bremen with a cargo of cotton, to be seized by the German auxiliary cruiser Cella, who boarded the ship."

"The British declared their intention of sinking a German submarine, if opportunity presented, by ramming it with the American steamer."

Washington, March 25.—Secretary Daniels cabled Admiral Fletcher on Tuesday at Guantanamo to send a destroyer to San Juan.

Admiral Fletcher's instructions were to place the destroyer at the service of the collector of the port at San Juan, who asked for a warship to prevent violation of neutrality by the German liners Odenwald and President, now in the harbor there.

At the same time Secretary Daniels announced that he had detailed the destroyer Parker for guard duty at New York, replacing the Mohawk, taken off for repairs.

The presence of the Hamburg-American liner President at San Juan was first made known to Washington by the request from the commandant at San Juan. The Odenwald's attempt to slip out of the harbor was frustrated only by firing on the ship by shore batteries.

WIRELESS SAVES ALL ON SHIP

Many Vessels Near West Coast Sent Out by Denver, 1,200 Miles from New York—Three Reach Scene.

On Board American Line Steamer St. Louis, by wireless, via Cape Race, March 25.—The passengers and crew of the west-bound Mallory line steamship Denver, which was sinking badly and in imminent danger of sinking, 1,200 miles from New York, were rescued at four o'clock Tuesday afternoon by the Atlantic Transport liner.

The Denver, which was proceeding from New York to New York, sent out a wireless call for help, reporting herself leaking and in distress. Many steamers received the call and hastened to the point where the Denver was supposed to be. The two vessels came up to the Denver about four o'clock, the Atlantic Transport liner arriving a few minutes before. As soon as the Mallory came near three boats were lowered from the doomed vessel and carried the officers and crew and the few passengers to the rescue ship, which will take them to New York.

MADDO'S CONDITION SERIOUS

It is Rumored That the Secretary of the Treasury Has Suffered a Relapse.

Washington, March 25.—The condition of Secretary of the Treasury, Mr. McAdoo, was reported as "very serious" was stated at his office on Tuesday. This gave rise to the report that the secretary suffered a relapse, following his removal to his home from Providence hospital, where he was operated on for appendicitis. It was stated that the wound necessitated by the operation has not healed and that the operation was performed under unfavorable conditions, as Mr. McAdoo had held out against it too long and his vitality was low following the winter's hard work.

THREE BRIDES SLAIN IN BATH

Deaths of Newly-Married Women Attributed to Gas—Police in Smith, N. Y., Investigating.

London, March 25.—Charged with the murder of three women, George Joseph Smith on Tuesday heard Police Prosecutor Bodkin declare in the Bow street court that he had made away with three of his wives. The three women were found dead in their bath; consequently the case has come to be known as the "brides in bath" case.

Prosecutor Bodkin said the accused man had married five times.

Gomper's in Chicago

Chicago, March 25.—Samuel Gomper is in Chicago trying to deal the double between the building trades unions and employers. The general labor situation is "brightening up a bit," according to President Gomper.

Voelckers Has Civilian Friends

Nish, Serbia (via London), March 25.—Through the efforts of the American minister to Serbia, Charles J. Voelckers of Chicago, Serbia and Austria-Hungary have reached an agreement for the exchange of interned civilians.

Great Prosperity Ahead for Western Canada.

The most recent advices from all points in Western Canada report that conditions are apparent for an early spring. Farmers are going over the implements, getting their seed ready for operation, the plows are sharp for extended breaking, and there is a general optimism. A great many new settlers have already arrived, and the reports from Canadian Government agents in the United States point to the fact that in a few days there will begin the usual migration of various of the Central and Western states. From the Eastern states the number of farmers going to Canada will be greater than in any past year. There has been a fairly large snowfall during the winter, which will greatly aid in the precipitation of late fall, which in the opinion of old timers was in itself sufficient to insure a good crop during the present year.

There will be very little tilled land that will be without a crop this year. The authorities, though, are pleading with the farmers to seed only such land as has been carefully prepared, for rich as is the soil of Western Canada it is no more fitted to produce good crops uncultivated than is that of any other land anywhere else. (There have been accounts of failures in some portions of the agricultural district of Western Canada, and also reports of small yields in some districts. A good deal of this is due to the fact that the fact that notwithstanding the advice of men of experience, there are farmers who prefer to seed in land not properly prepared. This may be done this year, but those who cultivate in a reasonable and logical method will be certain of a paying crop. There is every reason to believe that the high price of all kinds of grain will continue.

With thousands and thousands of acres of land waiting for the husbandman to bring it forth with a crop, it is no wonder that Western Canada is continuing to prove such an inviting field for the agriculturist.

Sixty million dollars is a conservative estimate of the value which Canada as Canada as the direct result of the war. Governments of the allies have been placing large orders in Canada and have bought large quantities of supplies for cash.

The total value of exports to Europe from Canada has jumped about 15 per cent since the outbreak of the war. In certain lines the increases have been enormous.

Therefore the results of the demand for all kinds of war material in Canada is beginning to tell in the life of the Dominion. There is a marked activity in many commercial lines and conditions are fast becoming normal. Western Canada is receiving a relative benefit to the East.—Advertiser.

Was a Bit Skeptical. Uncle Rastus was sitting in his home reading a newspaper when he suddenly glanced up and addressed Aunt Dinah.

"I hab jeez in dia yash papah, Dinah," he remarked, "dat dem people what in dem dyin' machine kin do anything but ampute holdin' it. 'Yes, sah,' was the prompt rejoinder of Aunt Dinah. 'You hab jeez dat 'ting down so fine dat here hab' no bird what has got anything on 'em.'"

"An dat so?" reflectively returned Uncle Rastus. "Well, whineh yo' one of dem dyin' machine man setting dat ampute holdin' it. 'It do limb ob a tree wid his feet jeez yo' kin me ter come an' take a look.'"

A Musing. Dr. Fritz Metzler of the University of Heidelberg said to a lecturer in the course of a neutrality lecture in Denver:

"My good friend, you misread me. Purposely you misread me, my good friend. You are as bad as the wife who was disgraced."

"To this wife who was disgraced a young bride said, after their afternoon coffee and coffee cake:

"I am so sorry because I was on a business trip. This is the first time since our marriage that I have been left alone."

"Oh, well, don't worry," entered the other, "it won't be the last."

Unfriendly Tricks. "I thought you were a friend of mine?"

"I used to be."

"And now?"

"I had to give him up in self-defense."

"Why?"

"To every life insurance and book agent that asked him if he had any friends who might be interested in their propositions he insisted on giving my name."

PROPOSE CHANGES IN HUNTING LAW

Measure Also Would Create State Game Preserves.

NEW OPEN SEASON DATES

That For Prairie Chickens Is Opened—Squirrel Season Advanced—Provision for More Wardens Than Now Are Employed.

Springfield.—The state's grand army of sportsmen, who have been away from town during hunting days and looking over guns, may now indulge in some of season excitement. While waiting for the woods and streams they may exercise their sportsmanlike emotions watching the progress in the legislature of the state game and game commission's proposed new law.

The bill was introduced in the house by Representative A. M. Foster of Danville, chairman last session of the game and game committee, now headed by Arthur Roe of Randolph.

Perhaps the most cheerful promise contained in the bill is that a hunter may ship the product of his prowess. So long as the game is not to be used for commercial purposes, he is free to send it anywhere within the state.

Another provision lifts the limit on prairie chickens from three to twelve, but the birds are given a matching advantage by a change in the open season dates. At present the season is from November 10 to November 25. But if there is a snowfall, prairie chickens' buds together so that one shot will kill a score. The Foster bill sets the open season back to the first sixteen days of October.

For the first time since Illinois began regulating hunting, the bill proposes an open season on cock pheasants—the first four days of October.

The squirrel season is advanced. Now it runs from July 1 to November 15. In the bill it is set from August 14 to January 1. The same change is made for doves.

If the bill becomes a law it will create vast game preserves in Illinois, especially along the Illinois river. Provision is made for cooperative establishment of reservations by the state, land owners and clubs.

Seven wardens at \$2,000 are created; there are now six at \$1,700. The commission wants 115 deputy wardens to work the state at \$1,200. The existing force is sixty and as many more are used in the shooting season.

Union Labor Hits Cooley Bill.

The Chicago Federation of Labor has condemned the dual system of vocational education as outlined in the Cooley bill now before the legislature. Discussion of the pending bill was instigated by the report of a special committee on schools, which was adopted after a long debate. Two of the recommendations contained in it follow: "Vocational education should be provided by the public schools. Cultural and vocational education should be given in the state schools under the same management, and should be open to all. We denounce any attempt to separate vocational education in any measure from our present public school system." The Cooley bill is characterized as an "attempt of the commercial interests to fasten upon the state a dual system of education, which would be undemocratic, inefficient and contrary to all true interests of labor." The report also demands the repeal of the Cooley law "in so far as it applies to taxes for any school purposes," and demands the incorporation of "law, medicine and kindred professions" into public school curricula.

Judges Fail to Obey Law.

Only one of the sixty-five circuit court judges in Illinois up to a few days ago had complied with the law requiring that a biennial report be made to the speaker of the house of representatives. The sole report was from Judge Harry H. Hildreth of Pittsfield, a Democrat in the Eighth judicial circuit and now sitting in appellate court of the Fourth district. That no report had come from any of the fourteen Chicago judges was commented on as significant in connection with the bill now pending in the house to increase their number. The biennial report is supposed to cover the work of the court and any suggestions the judges may care to make as to remedial legislation. Judge John O'Donnell is said to be the only Chicago judge who makes the report with regularity. Such a report also is required by law from the judges of the supreme court.

Col. Smith Would Be Governor.

Col. Frank L. Smith of Dwight, at the Union League club at Chicago made formal announcement of the candidacy for the Republican nomination for governor.

O. K. on Eight-Foot Waterway.

To Celebrate Centenary.

Springfield.—Plans for celebrating in 1918 the one hundredth anniversary of the admission of Illinois to statehood will be presented to the general assembly this week. The legislators will be asked to provide funds for carrying out the events.

An outlined by the Illinois centennial commission, the celebration is classed under the following heads:

1. Celebrations to be held in all counties throughout the state.
2. Grand celebration at the capital.
3. Dedication of a centennial memorial building to be added to group of state buildings at Springfield.
4. Publication of a centennial memorial history of the first 100 years of Illinois statehood.
5. Statutes and markings to be placed at Illinois points of extraordinary historic interest.

The recommendations will be conveyed to the legislators in the report of the centennial commission, which was created by the Forty-eighth general assembly to make preliminary arrangements. The report will be laid before the house by Representative John B. Barus of Chicago and will be presented in the senate by Senator Kent R. Keller of Chicago, both members of the committee.

The committee on the state-wide celebration by counties, of which Senator Keller is chairman, has called for the support of educators and school pupils generally, as well as civic organizations, in the plans. In a number of counties, indeed, preparations already have been made to take charge of the celebration. It is intended to extend participation to every county. It is planned to have each county, city, town and village, church and school have its own celebration, the whole to culminate in the great centennial exposition and historical pageant at Springfield.

In this regard the purpose will be to set forth graphically and with artistic beauty the development of 100 years of progress in Illinois. The matter of historical statues and markings is left largely to local communities and cities, although the state already has made legislative provision for statues of Lincoln and Douglas, to be erected on the capitol grounds. The centennial commission has for its members H. B. Magill, chairman, and includes President James and Prof. E. B. Green and W. F. Garner of the University of Illinois, Mrs. Henry Palmer Weber, secretary of the Illinois Historical Society.

Argue Over Shorter Workday.

Representatives of employers' organizations, the State Federation of Labor and various labor unions appeared before the committee on industrial affairs of the lower house of the legislature to urge or oppose the shorter workday. Representative McCook's bill provides for an eight-hour workday for women. Under the existing law the workday for women is limited to ten hours.

Agnes Nestor of Chicago, president of the Women's Trades Union League; Elizabeth Mahoney, member of the Workmen's union of Chicago; Harry Anderson, laborer, Chicago; Oscar S. Nelson, state factory inspector, and John H. Walker, representing the State Federation of Labor and numerous bodies of organized labor, spoke in support of the bill.

Just before adjournment Francis Kindig of La Salle, representing the Illinois Retail Dry Goods association, spoke briefly in opposition to it.

Dudley Taylor of Chicago, attorney for the employers' association of Illinois, as John M. Glen, secretary of the Illinois Manufacturers' association, were present in the fate of the organizations they represent, and both held the speakers with questions. Mr. Nestor told of strain under which trades are operated, declaring eight hours' work was doing much more trying than ten hours' work in the same trade. He also applied to taxes for any school purposes, and demanded the incorporation of "law, medicine and kindred professions" into public school curricula.

San on Risk Corporate.

Ruth M. Putz, state insurance superintendent, has revoked the license of the following fire insurance companies for failure to file their annual statements: The Anchor Fire Insurance company of Des Moines, Ia.; Austin Fire Insurance company of Dallas, Tex.; Buffalo Commercial Insurance company of Buffalo, Central Union Fire Insurance company of Kansas City; Citizens Fire Insurance company, Charlottesville, Va.; Commercial Fire Insurance company of Washington, D. C.; Commercial Fire Insurance company of Dallas, Tex.; International Fire Insurance company of Dallas, Tex.; Lombard Insurance company of New York; North Carolina Home Insurance company of Raleigh, N. C.; and United American Fire Insurance company of Milwaukee, Wis.

Gubernatorial Speculation.

The gubernatorial prospects are more prominent than ever following the announcement of the candidacy of Col. Frank L. Smith of Dwight as a candidate for the nomination for governor. Colonel Smith is in a formal announcement that he is now going to make a thorough canvass of the state at the solicitation of Republican and will accept his candidacy in the third primary contest of next year. Colonel Smith enters the contest on a business man's basis.

AMERICAN IDEAS HELP HINDENBURG

Germany's Great Field Marshal Talks About His Part in War.

SUCCESS DUE TO RAILROADS

"Railroad Napoleon" Enthusiastic Over American Methods of Transportation—Is a Warm Admirer of Colonel Roosevelt.

German Great Headquarters, East.—Due to the "field gray" coat and the brilliant mustache, I should have taken him for a self-made American, a big business man or captain of industry, he sat at his work desk, the electric phone at his elbow, the electric push-button and beams of neat report adding to the illusion. Quiet, unassuming and democratic, he yet made the same impression of virility and colossal energy as Colonel Roosevelt does, but with an iron restraint of discipline which the American never possessed, and an earnestness of face and eye that I had only seen matched in his commander in chief, the Kaiser. Here was a man whom the most neutral of journalists, but 70,000,000 are placing their faith in him, which makes him worth "doing" again and again.

For a moment I nearly forgot that I was an American, with the exception of making him say something, preferably indiscreet; it seemed almost a shame to bother this man whose brain was big with the fate of empire. But, although I hadn't been specially invited, but had just "dropped in," in informal American fashion, the commander in chief of all the Kaiser's forces in the East stopped making history long enough to favor me with a short but thought-provoking interview.

As for his past performance, the field marshal readily referred to the detailed official summary; as to the future, he protested:

Expects Final Victory. I am not a prophet. But this I can

AN AMATEUR SPORTSWOMAN

say: Tell our friends in America—and also those who do not love us—that I am looking forward with unshakable confidence to the final victory—and a well-earned vacation." One got the impression that he would be better than to visit your Panama exposition and meet your wonderful General Gough, the master builder, for I imagine his job is spiritually much akin; his slogan, too, has been "Hindenburg" (held out) until endurance and organization win out against heavy odds.

Then with sudden, paradoxical, terrific, quiet earnest: "Great is the task that still confronts us, but greater my faith in our 'final troops.'" One got the impression that he loved them all, suffered under their hardships and sorrowed for their losses.

"For you, this war is only a titanic drama," he said thoughtfully. "The field marshal spoke warmly of the Austro-Hungarian troops, and cited the results of the close co-operation between his forces and the Austrian army as striking proof of the proverb, 'In union there is strength.'" Like all other German generals whom he met, he was a man of words of equalled praise for the bravery of his enemies. "The Russians fight well, but neither more physical braver nor more both together, with battle nowadays."

"How about the steam roller?" "It hasn't improved the roads a bit, either going forward or backward," he said with a grim smile.

"Are you worrying over Grand Duke Nicholas' open secret?" I asked, citing the report via Petrograd and London of a new, projected Russian offensive that was to take the form, not of a steam roller, but of a "dual wave of cavalry."

"It will dash against a wall of loyal flesh and blood, barbed with steel—like a comet," he said simply.

Laude American Genius.

My impression, growing increasingly stronger the more I have seen, that German military success has been to a great extent made possible by American inventive genius and high speed American methods, received in speeding partial confirmation from the field marshal, whose keen, restless mind, working over quite ordinary material, produced the new suggestive combination of ideas that while neither developed nor made possible by any existing German army, materially assisting Germany's enemies with arms, ammunition and other war material, certain it was that America, because his trousers were of good material.

"But for America my armies would possibly not be standing in Russia to-day—without the American railroad engine that developed and made possible for me this wonderful weapon, thanks largely to which we have been able to comparatively small numbers to dig and back the Russian millions again and again—steam engine versus steam roller. Were it for nothing else, America has proved one of our best friends, if not an ally."

We are also availing with genuine interest the receipt of our first American guns," the field marshal added. How was Germany expecting to get guns from America? He was asked to explain the mystery.

"I read somewhere in the papers that a large shipment of heavy cannon had left America for Russia," he said with dry humor. "I trust for use for if they're consigned to the Russians, they'll have them sooner or later, I hope; adding, with his habitual carelessness, 'The Americans are something more than shrewd, hard-headed business men. Have they ever vividly pictured to themselves a German soldier smiling at an American shell or bored through the heart by an American bullet? The grim realism of the battlefield—that should make also the business man thoughtful.'"

"Shall you go west when we have cleaned up here in the east?" I suggested.

"I can't betray military secrets which I don't know myself, even to interest the newspaper readers," he said. He gave me the impression, however, that east or west, he would be in the United States as long as the fatherland needed him.

Is a Hard Worker.

"Now it means work again. You must excuse me," he concluded, courteously, "I must go to the front. Where should you like to go?"

"To Warsaw," I suggested modestly.

"I, too," he laughed, "but today—suggested (nothing doing)" in

(Americans). Still—that may be yet."

"May I come along, your excellency?"

"Certainly, then you can see for yourself my kind of 'barbarian' we Germans are."

IN THE FATHERLAND

INTERESTING BITS OF NEWS FROM THE GREAT GERMAN EMPIRE.

WHAT'S DOING IN OLD HOME

Summary of the Most Important Happenings in the Land of the Kaiser—Timely Items for the German Readers.

The secretary of the imperial treasury, Dr. Karl Helfferich, in submitting the budget in the Reichstag made the following remarks: "Germany's credit has stood the test of war better than has that of Great Britain or France. Germany alone has avoided a general moratorium. French notes have fallen from 12 to 15 and English francs about seven points. While Germany three per cent have fallen only five and one-half points since the war began. The Reichsbank has made a far better showing than has the Bank of England or the Bank of France. Its gold reserve being highest of the three."

The unfavorable condition of foreign exchange for Germany has nothing to do with the intrinsic monetary situation, Doctor Helfferich declared. He said Germany and its allies have a much lower war cost to meet than have their enemies.

Upon his arrival from Germany, John Miller of Kansas City, who for eight years has been associated with Carl Hagenbeck in Germany, said it was not true that two sons of the late Carl Hagenbeck had been killed in the war, and he also denied that any of the animals in Hagenbeck's famous animal park had been killed.

"There is no starvation in Germany," he said. "The government has simply taken hold of the food supply and is doing a possible scarcity. In Berlin they are issuing a weekly bread ticket which entitles the holder to take bread supply. Every available piece of land is being cultivated. If a private individual cannot afford to cultivate his land, the German government will give him the seeds, and the laborers, if necessary."

The population of Berlin (exclusive of the suburban towns) has dropped below the 2,000,000 mark, which it crossed several years ago. The population at the beginning of January was returned at 1,987,164, which signifies a loss of 60,000 for the year. This loss, however, does not take account of the men who have gone into the war who are still counted as in present; it seems to be due mostly to the removal of working people to the suburbs and to more distant districts.

A son has just been born to Count von Countess von Zepelin. The countess is the only daughter of Count Zepelin, inventor of the Zeppelin dirigible balloon. At the time of her marriage the king of Württemberg conferred on her husband, Baron von Brandenstein, the title of count, with the name of Irundente Zepelin. This name of Zepelin is borne by descendants of the inventor. It is thought he has no son.

The magistracy of Berlin issued orders that potatoes must be mixed with wheat flour. Bread coupons may be used only to a limited extent for the purchase of flour, of which only 125 grams may be obtained on a coupon which is good for 250 grams of bread.

A. C. Darts, representing the International Y. M. C. A., has obtained permission from the foreign office to establish branches of the Y. M. C. A. for religious work among war prisoners in Germany. Another branch is expected to open branches at the Guelphingen and Albenz camps, where the prisoners are mainly Russian and French.

Many articles of daily food have more than doubled in price in the Austrian capital since the war began and there has been a secret speculation in foodstuffs which has aroused the indignation of the people of both Vienna and Budapest. It is alleged that many refugees from Galicia who have money are employing their funds in speculation in foodstuffs.

By a special decree of the Austrian ministry all children between twelve and fourteen years of age are excluded from school work. And this sort of child labor is being organized systematically like an army. The older boys are acting as officers. The purpose is to serve the army in the event of the fields in order to secure the best possible results in the agricultural regions where labor is most needed.

The Norddeutsche Allgemeine Zeitung reiterates the inadvisability of discussing peace terms at this juncture. Such a discussion would work on the impression abroad of complete German unanimity in the determination to persevere to the utmost.

Thirty-eight women have been decorated with the Iron Cross, second class, up to the present time. Practically all of the decorations are given to the women who have been active in the fields in order to secure the best possible results in the agricultural regions where labor is most needed.

Many articles of daily food have more than doubled in price in the Austrian capital since the war began and there has been a secret speculation in foodstuffs which has aroused the indignation of the people of both Vienna and Budapest. It is alleged that many refugees from Galicia who have money are employing their funds in speculation in foodstuffs.

1915 Buick Cars-1915

The Car of Power, Speed, Dependability and Durability

The Buick Line of Fours and Sixes for 1915—the greatest line of Cars the Buick organization has ever built. 1914 Buick success has been the talk of the motor world—a reputation merited by an abundance of power—faultless design—perfect performance and efficient Buick service. The five splendid models comprising the Buick line for 1915 is up to their promise to all buyers of Buick cars—and make certain a continued satisfaction and unimpaired use.

The 1915 Buick models naturally offer greatly increased value. The reduction of price is possible because of the volume of business, the improved factory methods, specialized labor and one more year's knowledge of experts in this great factory in new economies of construction. The new Buick system of steering, lighting and ignition, with an increased generating capacity of 20 per cent and automatic spark advance. Tungsten steel valves. Carburetor supplied by Stewart-Warner gravity feed vacuum system.

Controls conveniently located on instrument board in the car. Non-skid tires on rear wheels. Improved quality of leather for the upholstery and floor linings. High grade stream line bodies, hood and oval radiators. These are but few of the Buick improvements, regardless of price, they are giving more value than ever before. They always had and still guarantee the Buick Valve-in-Head motor to develop more power than any other type of automobile motor of equal size, American or foreign make.

M. E. Church Notes.

By W. J. Libberton, Pastor.
We are sorry to report that two of our members in Israel, Mesdames King and Nightingale, are not improving in health and strength, but that ground there is for thankfulness that we have had the privilege of associating with such unworldly Saints for so long. The prayers of the church are surely theirs and best wishes for longer life in happiness here.

The church is under a debt of gratitude to E. M. Block, our furniture dealer, for the two beautiful sofas which he presented and which so nicely fit the ferns supplied by the ladies of the church, adding attraction to the audience room. These are kindnesses not easily forgotten and showing interest in the work of the church which is most surely appreciated by the new minister who takes up the work to his credit laid down by the lamented Brother Yeckler.

The work of re-organizing the church has been given to J. J. Thorsen of Chicago who will begin the work on or about April 12. The lamps to take the place of the old ones are also procured and supplied by the Public Service Company of Barrington, and one of the latest patterns. When this work is completed we hope to be blessed with other churches in this village as well as lastly decided House of God. The ladies are deciding on colors and carpets for the new church. I want our home to be a place where we will be invited to come and see us, but you need not wait until then for the latest string is hanging to the ground now, so come on along now.

The Epworth league has gotten busy and are going to have a Junior league with an intermediate department organized in connection with our church. The children and young folks between 15 and 18 years are planning for it and the Epworth league has taken the initiative and will meet the children in the church parlor and hold a social when the work will be launched. Dr. Libberton, an old teacher before he was a preacher, will supervise and has the assurance of an efficient corps of assistant superintendents but for further details the patient, and wait for next week's issue of the REVIEW.

Dr. W. J. Libberton, our new minister, wishes in this way to thank the REVIEW for the space put at his disposal on this page and will try from week to week to have representation in its news columns. Look for us there for our desire is to join every force that has as its object the good of our community and uplift in character. The sympathy and prayers of our church are most surely extended to and offered for our much beloved Sister Gottschalk and her fatherless children in their tenuous loss of husband and father. Brother Clark, who was a member of Salem Evangelical church but his wife is a member of our church and we can assure her of our sincere sympathy.

Sister Midway is visiting friends at a distance and is much missed from her home and social haunts. The last meeting of the Ladies Aid society was a great success in attendance and the things done. Mrs. Johnson was elected treasurer and we judge this has been done so often that to her it was a matter of course that these Mesdames looked to "be reported" as though they knew a good thing when they saw it, and that undoubtedly accounts for the "re-organization" of it. Well, they are a helpful bunch anyway, as we men fully know. They have put \$300 at the disposal of the official board to aid in the work of re-organizing the church. The report was added to the meeting by the presence of Mrs. Libberton, the new minister's wife, and answered a woman's misanthropic and idiosyncrasy by being "shown". An interesting and much needed work will be undertaken by the Ladies Aid society in maintaining a creche in the church parlor on Sunday mornings in which the mothers can leave their children under six years of age for entertainment while they attend church services. The work will start Sunday, March 22. Mothers are asked to give this a trial and prove its worth or failure as the case may be.

The children are delighted because Dr. G. A. Lyth is to remain a citizen of Barrington and the very efficient superintendent of the Sunday school. The doctor has made a large place for himself with the old and young alike.

"S. O. S."

"S. O. S." does not mean "save our ship," nor does it stand for "sink or swim." As a matter of fact, the letters do not stand for any three English words, especially as this universal wireless signal of distress is used by people of all nations. It is simply an arbitrary signal consisting of an S, an O and an S in the Continental code. This is three dots, three dashes and three dots, and is a call that can easily be recognized among a mass of wireless messages flying through space—American Bay.

No Use to Try and Wear Out Your Cold It Will Wear You Out Instead. Thousands keep on suffering coughs and colds through pig-headed delay. Why make yourself so easy prey to serious ailments and epidemics as the result of a neglected cold? Coughs and colds sap your strength and vitality unless checked in the early stages. Dr. King's new discovery is what you need—the first dose helps. Your head clears up, you breathe freely and you feel so much better. Buy a bottle to day and start taking at once.

Blessings of Imagination. Though a man never lights, he can imagine himself a scrapper, and the notion remains on about terms with the world may still have the comfort of believing that it would clean up all corners it driven to. Dr. King's new discovery is what you need—the first dose helps. Your head clears up, you breathe freely and you feel so much better. Buy a bottle to day and start taking at once.

His Exercise. "Your husband pores over his books too much. He forces to read." "But he should exercise." "Oh, he exercises. The doctor told him the same thing. So now he has taken up golf by mail."—Louisville Courier-Journal.

Cold Feet Cause Broken Sleep.

A common cause for restlessness at night is found in cold feet, and these should be especially guarded against with children who are prone to suffer in this way. Hot water bottles, carefully covered with felt so that there is no risk of burning the sensitive skin, should be resorted to when any tendency to cold feet exists, and in cases of chilly babies generally, cold is extremely bad for little children, and much broken sleep is due simply to it.

Play a Bigger Part.

So many people quit due to disappointment and dryness because they are dissatisfied with the materials of life, and would like to play a bigger part than they are entitled to play. It is all a deep mistake, the worst mistake a man can make. It is not the impression a man makes on life that matters; it is the impression which he makes upon himself.—North American Review.

How to Make Child Stop Crying.

It often happens that little children, especially those that are nervous or highly strung, are disposed to keep on crying when they get started. When you find a child thus sobbing get him to take a good drink of cold water. It almost always will stop the sobbing immediately.—Woman's Home Companion.
