### SHOULD HAVE RESERVE FORCE

The crisis through which we are passing has brought forth, to our mind the urgent need of an army reserve for use in time of national peril. It should be a force inexpensive to maintain, yet effective for immediate service when our country is invaded.

The best, most practical and by far the least expensive method of maintaining such a force would be to remove the National Guard or state militia from state supervision and place it entirely under the control of the federal government, as a reserve corps of the regular army.

It could then be brought up to a maximum strength of 500,000 in time of peace, properly officered and equipped and would be a valuable support to the regular army in the initial stages of an invasion and pending the raising of an army of volunteers, a proceeding which requires many months of valuable time.

Its presence as a federal armed force in the several states would act as a greater deterrent upon the lawless element than it would as a state organization of militiamen, for the strong arm of the government reaches far and shows but little of favoritism. When a workman welds a piece of metal the molten mass becomes stronger, more effective and more enduring. A few scales drop off and fall by the wayside, but they are just scales and are quite without value.

And so it is with us as a nation.

When the country is threatened and our president speaks in an uncertain terms all political differences vanish and we become welded together as one people, with eyes to the front and hats off to the starry flag.

That is, to a few aliens who criticize the government and traduce the land that gives them food and shelter and furnishes them an asylum from the poverty and injustice of foreign nations.

But they, too, are the scales—and are without value to our country.

### COMMUNITY PRIDE AN ASSET

Community pride is an asset, and is one of the greatest of all assets.

The town that improves its streets, cleans up the alleys, paints the houses, cuts the grass, rakes the lawns and plants its flowers is not only encouraging cleanliness, but is making for itself a name among the peoples of the outer world.

Commercial travelers and others come, and look, and go away and talk—and the talk is all of the town and its people.

Talk travels, and grows and multiplies until the town becomes known to many, climates; for its cleanliness and progressiveness.

In time other men who are looking for a change of location hear of this town—and then they go, and look, and talk and are pleased and it becomes their home.

And the town continues to expand and progress and as the years roll by it gradually assumes larger proportions and a more commanding and dominating position in the world.

When Community pride comes in prosperity comes in by its side and the two become the mighty levers that control the machinery of success.

Personal pride and Community pride should march side by side, for when these two potent factors join hands in a laudable purpose, opposition quickly melts away.

### Man Takes His Own Medicines is an Optimist

He has absolute faith in his medicine—he knows when he takes it for certain ailments he gets relief. People who are not optimists are, optimists; they know this cough remedy will penetrate the linings of the throat, kill the germs, and cure the disease. "Why not? You can't destroy a cold by superficial treatment—you must go to the cause of the trouble. Be an optimist. Get a copy of Dr. King's New Discovery today."

### SCHOOL NOTES

Mrs. Harrower substituted for Mrs. Plagge Monday and Tuesday.

Pearl Koley taught during Mrs. Baum's absence on Tuesday.

Report cards were given out for the last time except for the final grades, Monday.

The band has been diligently practicing for the May festival to be held at Bartlett next Friday.

Louise Pomeroy and Fayette Merrill have been elected captains of their respective organizations.

The school enjoyed stereopticon view of the underground tunnels of Chicago on Wednesday morning.

Seven pupils from the country came to the eighth grade gymnasium on Tuesday. There were Charles George and Jacob Kellogg, Esther Calb, Lillian Stroffer and Rose Krebs.

The eighth grade had a party at the home of Morris Waterman last Saturday night from 7:30 to 9:30 o'clock. One of the features was a contest in which each person was given three marshmallows and six tooth picks to do what they could. Russell Brockway contrived a model ship that won the prize. All enjoyed a good time.

Monday morning Mr. Smith asked the high school if it wished to take part in the play festival feature of the chautauqua. On Tuesday morning the high school voted to take it up and elected two members from each class to obtain more information on the subject and to take charge, until the instructor arrives.

Last Friday evening the High School Literary society held its last meeting and the program was exceedingly good.

Verdelle Richardson's side won the most points for the evening but Edwin Plagge's side won the most points for the year. The vanquished side is now planning a banquet for the victors.

The program consisted of a piano solo, Frances Munday; vocal solo, Pearl Birkhead; theme, Edith Rieke; Quartette; Newspaper Bessie Penn; Trombone Solo, Rubin Auer.

### BARRINGTON REVIEW, BARRINGTON, ILL.

Efficiency Must Come First.

We usually think of revolutions as revolts against despotism, and as making life better. This is not necessarily so.

The great Roman revolution was a series of upheavals by which the Roman republic was transformed into an empire. The reason was that the people, failed in efficiency. That is why all persons with the historical sense feel that politicians who sacrifice efficiency to politics are in a very deep sense enemies to the republic.

Mills of the Gods Grind Slowly.

"Well, yes," said the landlord of the Printzville tavern. "Lester Poppenick was a fugitive from justice for nearly twenty years, but Nemesis, the feller called it, overtook him at last. He came home to attend his trial, and was promptly captured and married by the lady he had rescued from drowning just before he ran away."

Fertilizers Used in Ireland.

The leading fertilizer used in Ireland are superphosphate of lime, nitrate of soda, and muriate of potash; there are also many special compounds containing phosphate, potash, and other elements in varying combinations.

Bachelor's Idea.

A bachelor is a man who thinks that all married men have to invent new and strange excuses every time they want to get away from home for a little session with the boys.

Delegates to the American Medical Association at San Francisco in June—Dr. C. J. Whalon of Chicago; Dr. M. Pfeifferberger of Alton and Dr. C. E. H. Hause of Chicago.

Legislative Committee—Dr. L. C. Taylor of Springfield, Dr. H. F. Bent of Litchfield and Dr. Noble B. Eberhart of Chicago.

Medico-Legal Committee—Dr. C. B. King of Chicago, Dr. L. C. Cantrell of Bloomington, Dr. W. O. Kuhn of Chicago, Dr. G. O. Stacey of Jacksonville, Dr. A. McCarroll of Chicago and Dr. Andy Hall of Alton.

Dr. Charles W. Little of East St. Louis, president-elect for the past year, became president automatically.

Immediately after the adjournment of the house of delegates the medico-legal committee met and organized. Dr. C. B. King was elected chairman and Dr. L. C. Cantrell vice-chairman.

The heralded fight on the revision of the constitution did not materialize.

There was no change recommended by the revisions committee was enacted into law and the constitution is now in effect to date by Dr. E. B. Cooley of Belleville.

The other members are Dr. J. C. Stubb of Chicago, Dr. C. B. King of Chicago, Dr. W. G. Gilmore of Mt. Vernon, Dr. Henry Lewis of Chicago, Dr. W. C. Little of East St. Louis, Dr. A. M. Harvey of Chicago and Dr. C. D. Center of Quincy.

The chief change in the organization of the house of delegates will be the exclusion from its deliberations of chairmen of six state sections, heretofore recognized and given a vote on the ground that they vote in their home societies and receive no double recognition.

The attempt to unseat the state societies was defeated when it was voted.

No fight was made to accomplish this end when it was agreed that the counsellors act in the capacity of trustees.

The recommendation of the medico-legal committee that restrictions be placed on the practice of law by doctors was adopted unanimously.

It was determined that hereafter no bills for malpractices suits in behalf of members of the society will be allowed unless approved by the committee before legal action is engaged.

Another restriction reads that no judgments or awards will be allowed on bills of state treasury.

It is the intention of the new committee to keep strict account of its deliberations and minister to bona fide members of the state organization only.

## Waukegan Gets Next Meet.

Delegates to the Illinois Lawyer Association pledged themselves to support President Wilson in his efforts to maintain the honor and dignity of the United States. Officers were elected as follows: President, W. W. Peterson, Peoria; vice-president, F. W. Flinn, Galesburg; secretary, Clarence W. Becker, Springfield; treasurer, T. H. McCabe, Rockford; executive committee, A. C. Johnson, Peoria; Frank J. Clegg, Chicago; F. E. Molline, H. R. Parker, Elgin; O. L. Thorpe, Danville; H. C. Brown, Quincy; E. F. Stroble, Rock Island, and George Alback, Mattoon; organization committee, C. Young, Bloomington; and W. L. Ladd, W. E. P. Dusablon, Kanakie, W. L. Ladd, Evanston, and Nelson H. James, Freeport. Waukegan was awarded the 1916 convention.

## New Incorporations.

The following corporations were incorporated by Secretary of State Stevens:

C. E. Jorgenson Furniture company, Chicago; capital \$21,000. Incorporators—H. E. Schonhoff, Hugo K. Kiehl and Daniel W. Fischell.

Combination Attachment company, Chicago; capital \$1,000. Incorporators—H. E. Schonhoff, Hugo K. Kiehl and H. V. Vande Fleyte.

Rockwood Badgerom Badgerom company, Chicago; increased direc-

Editor's Favor Doubting Navy.

The press of Illinois as represented by editors of all political beliefs in the Illinois Press Association at Chicago, went on record with a whoop favoring a gigantic increase in the navy. The newspaperists' main sentiments were made known by their wild applause of the following words by United States Senator Lawrence Y. Sherman:

"I believe in doubling the naval power of the United States. I believe also in increasing the regular army, and in increasing it with a reserve force that would bring the number of available fighting men for defense up to 500,000."

But he brought the 600 men and women to their feet waving napkins and cheering when he said:

"Remember, my Democratic brethren, that our president is now our leader, and that he has come down on the side of man's humanity, and through him will speak the spirit of the world hemisphere, and back of him will mass all political parties, not merely Illinois, but states, but a united American nation."

Another word of strife was spoken by President Wilson. Dr. P. K. Page is the association and by Dr. B. Gage chairman of the Illinois Association of Contractors, which was host of the election. Each said that the time had come for Chicago and "downstate" to bury the hatchet, politically and commercially, and forget jealousies and feuds.

## No Adjournment in May.

Site of adjournment of the Illinois legislature during the month of May is no longer in possibility. The week-end adjournment convinced the leaders that it will be necessary to give the legislature time to do its work in order to accomplish the word that must be done before quitting.

Indications now point to June 12 as the date on which the legislature will recess for ten days in order to give the executive an opportunity to pass upon the bills of the session. This means that the adjournment will be on June 12 in order to give the legislature time to eliminate two Sundays on June 24.

Representative Moore's bill increasing the pay of members of the general assembly from \$2,000 to \$3,000 for the two years, was advanced to third reading in the house. An amendment offered by Representative Hothschild fixing the amount at \$3,000 was voted down, 27 to 46. If passed, the bill will apply to assemblies meeting in 1916.

Lure Page Gaston's anti-vice bill, introduced by Representative Lyon of Sangamon county, also was advanced to third reading in the house. No objection was offered to its advancement.

## Eagles to Meet in Springfield.

The ninth annual convention of the Illinois Fraternal Order of Eagles will convene in Springfield for a three day's meeting on Tuesday, June 15. Business sessions will be held in the Arden Hall across from the state capitol.

The chief change in the organization of the house of delegates will be the exclusion from its deliberations of chairmen of six state sections, heretofore recognized and given a vote on the ground that they vote in their home societies and receive no double recognition.

## IN THE FATHERLAND

INTERESTING BITS OF NEWS FROM THE GREAT GERMAN EMPIRE.

## WHAT'S DOING IN OLD HOME

Summary of the Most Important Happenings in the Land of the Kaiser—Timely Items for the German Reader.

The German press deeply regret the loss of American lives caused by the sinking of the Lusitania. The Tagess Zeitung and other newspapers said that the responsibility rests with the British government which, in the opinion of the German population of a big country, forced Germany to declare war on Britain.

Davville—Blood poisoning caused by trimming her horns to closely resulted in the death of Mrs. Grace Adams of Covington, near here.

Dundee—Six Dundee churches each received \$1,000 from the estate of the late Dr. Daniel Forbes, a pioneer settler. Mrs. Forbes' estate is worth \$100,000.

Carterville—Victor Watson, fourteen years old, son of Tim Watson, while hunting rabbits, accidentally shot himself, almost severing one of his arms at the shoulder. He died.

Eureka—The annual Woodford County fair was held at the county fair grounds, which were filled with exhibits, games, and other attractions.

Charleston—Willa Clark, age nine, died of an electric shock while she was riding in a car. Her brother, Fred, 14, was driving.

Clarendon—A boy, 12, was shot in the head by a gun while playing with his brother, 10, in a field.

Springfield—Governor Dunn attached his signature to the vouchers totaling nearly \$1,000,000 for the payment of the state's share of the \$10,000,000 loan to the city fathers, whose patients have been exonerated of the debts.

Carthage—A woman who had been indicted for the shooting of her husband, Dr. John C. Miller, was released on bail.

Fairfield—John Gaddis, seventy-eight years old, and his wife, seventy-four, were married in a church service on August 8 to celebrate their fifty-fourth wedding anniversary. Gaddis built the first hardware store in Fairfield in 1880 coming here for Methodist church. His wife, Priscilla Still, had the first hardware store in town.

Fairfield—The Chinese population of China is severely restricted.

Happenings in the Villages of Lake Zurich and Wauconda as Written by Regular Correspondents.

WAUCONDA  
School closes Friday for the year.  
W. S. Cady and wife are visiting at Henry Harris' home.

Mr. and Mrs. B. S. Hammond spent Wednesday in Chicago.

J. P. Blank and F. L. Carr met Waukegan friends Saturday.

Mr. Basiley protected his family by having lightning rods put up since the Gilbert fire.

The Bartels will put up another summer house here on their North Avenue and lake front property.

Mrs. Lucy Clough entertained Charles Kappie and family Sunday; and then with her daughter Bessie, accompanied the guests to their home at Grayslake to visit them and at Waukegan this week.

Homer Cook, lost a fine "Quebec" brood mare last week. A young colt three weeks old, survived the dam and has learned to live on cows' milk and feed companionably with a yearling sister.

Amos Keeler and family visited at H. L. Grantham's Sunday and accompanied by the Granthams drove their auto around country through Barrington, Crystal Lake and Cary, calling on relatives enroute.

John A. Thain and other officers of the Millburn Mutual Insurance company were here recently to pay Mr. Gilker; all they could under his policy; and are sorry not to have been able to pay him about four times as much. The amount paid was less than \$1,000.

L. E. Golding and family, P. B. Johnson and family and Mrs. Fred Davis were visitors at F. L. Carr's Sunday. Mrs. Asahel Johnson stayed to make her annual Memorial church visit and Mrs. Jane Neville returned for a few days with Mrs. Johnson.

Vernon Johns will open an office for electric lighting and wiring contractions hereabouts. He has rented the rooms adjoining the Hicks & Fernandez' barber shop on Mill Street. He will clean and paint before the last of the month, so as to open to business the first of July. If you need electric wiring of light fixtures, see Vernon who is a capable and worthy young man.

Miss Corinne Warden, eldest daughter of Mr. and Mrs. Clayton Warden, will teach the pupils of Griswold Lake school next year. If a good student makes a good teacher, then Corinne deserves success in her first years work as instructor. The fact, too, she is a young woman of pleasing personality, and we have always thought, of good common sense, the best qualification of any one in any walk of life. We predict success for this young woman.

Burt Lake, old time residence of a veteran soldier who had lived in the west for years, but who came here so

often that our people looked upon him as belonging to Wauconda, died recently. Mr. Lake had made his home with his brother, with his comrade George Trout to whom he was related, and a very warm friendship had grown in their hearts as they found the years passing; and Mr. Trout regretted much that he was unable to attend the departed comrade's funeral. The old soldiers are surely passing away. Mr. Lake had, no doubt, looked forward to joining Wauconda comrades on Memorial day but Heaven willed it otherwise.

Mrs. Mary Hess received a check for \$1,000 to cancel a policy left to her by her brother, the late John Hess, H. E. Matman paying the same within a few days after her brother's death. Miss Mary first intended to fulfill all obligations attending the death of the deceased; and afterward made her sister, Kate, a substantial gift of the money remaining. Others may learn a lesson from John Hess' wisdom.

His investment in life insurance prompted him to have all that money could buy for him to pay after his death, all obligations, and then to leave to his sister a goodly sum of money. (And it is commendable in her to favor her only sister. Life insurance, in this case, was indeed a good investment!)
