## COMMENCEMENT EXERCISES ARE TONIGHT

Graduating Class Has Had Much Fun and Amusement During Graduation Week This Term of School.

### JUNIOR BANQUET LAST EVENING

The Nine Seniors Who Now Go Into More Serious Life, Enjoyed Dinner Given by Schoolmates.

This is the week of Commencement for the students of the Class of 1915, Barrington High school. They pass this week from the ranks of public school pupils into the more serious working side of life and commence to use the knowledge gained during their course of study from six years of age on. But their last week of being together as a class is one of amusement and merriment, as they will find much that is lacking in fun in the days to come when the duties of life become heavy.

So for the frolic of saying goodbye to the teachers, a camping party was planned for by the teachers. The party of about twenty left early in automobiles last Friday afternoon to go to the Kero farm, north of Algonquin, where on the banks of Fox river a huge bonfire was built and marshmallows roasted, songs sung, stories told, a lunch eaten, while happiness reigned. Professor and Mrs. Smith were in the gathering.

The next meeting of the class in the week's program was of a spiritual nature; they attended the evening service at the Methodist church Sunday which was presided this year by the Reverend Dr. W. J. Libberton, the pastor. The choir of the Salem church sang special music for the occasion and William J. Cameron sang "Fear Not, Ye O Jerusalem" from the oratorio "The Fall," a quartette composed of Mrs. Vera Hawley, Mrs. John Caldwell and Myrtle and Alma Plieger sang "My Glory Will Then Be Complete."

The address was of a nature to hold the intense interest of the audience filling the church. Dr. Libberton told for his text, "I See Men as Trees Walking." In this biblical story of the blind man recovering his sight through a miracle and thinking things strange because he was not used to them, Dr. Libberton pointed out the mistake of people in thinking that which is new to them is unusual in the world; he advised the graduates to seek always for that true education which dispels ignorance and be able to see things in their proper relation to the world instead of thinking that the more accumulation of facts in the mind is true knowledge. He told them that while the knowledge in books is invaluable to them, so also is the knowledge gained in moving about in the world, studying people and customs, while seeking the best in everything and learning the wicked. He stated that a life of service for others is the ideal life.

Class Day program Tuesday evening had only one change. An instrumental duet by Homer and Warren Plieger scheduled for Commencement night was given that night. Besides music, the large audience in the school auditorium enjoyed the class history poem, prophecy and will, read by some of the graduates.

Milton Landwer gave the opening address and presented to the Barrington High-school from the class of 1915 a picture, "The Dance of the Nymphs." Miss Anna Schencklage in the history recalled to mind many amusing incidents in the lives of each class graduate in their four years of "high." The poem by Pearl Kelsey was a veritable Tennesseean work of verses ending with a tribute to the teachers:

"Farewell dear teachers, bid you  
Our homages we wish to pay,  
For the care and interest you've taken  
Toward our progress, day by day."

In the Prophecy, the futures given these innocent young people by one of them, Miss Edith Riecke, are full of wonderful dreams of success, fame, money, position, knowledge, health, wisdom and, strange as it may seem, "marriage." The Will was most benevolent; the things of heaven above and the waters below, as well as many these possessions.

The Junior banquet occurred last night. The Juniors are Linton Carmichael, George Van Hagen, George Penn, Orville McNeely, Fayette Marshall, Harry Dewarsh, Walter Schaub, Edwin Plieger, Warren Plieger, Harold Grebe, Ruben Aarud, Irving Horn and the Misses R. Waterman, L. Pedersen, I. Pedersen, G. McGraw, F. Monday and R. Horner.

Graduates, teachers and Juniors to the number of 35 motored to Lake

Continued in next column.

## EUGENE W. BROOKS DIED SUDDENLY

Prominent Wauconda. Man Slipped to Paralysis of Heart While Sitting on Front Porch of His Home.

Eugene Brooks, prominent citizen of Wauconda, died suddenly of paralysis of the heart Wednesday morning at 9:30 while sitting on the porch of his home. He had been ill for several years with severe rheumatism and been in several sanitariums for treatment. He leaves one daughter, Mrs. Dennis Putman with whom he lived and two sisters, Mrs. William Paddock, of Cuba township and Mrs. T. Williams of Dundee.

He was one of the widest known men of Lake county and has been village president of Wauconda, trustee, postmaster for 13 years, justice of the peace at the time of death, president of the bank and supervisor of the township of Wauconda. His reputation for honesty and straightforwardness had made him respected and trusted. He was of large frame and of very heavy weight and has been a familiar figure in Barrington for years.

He was the son of the Reverend J. L. Brooks who was the Baptist minister at Wauconda for many years living at the time on his farm at the north end of Cuba township. Eugene Brooks was born on the farm in the early sixties and has lived there or in Wauconda all his life, excepting one year spent in Crystal Lake. June 13, 1883 he married Miss Gertrude Snyder of Wauconda who died four years ago. At one time he kept a general store in the village and has been active in the real estate business. He was an uncle of Leslie Brooks Plieger of Harvard, formerly of the Riverview staff, Barrington.

The funeral will be held at the home Friday afternoon at two o'clock. The Rev. The Nazario lodge will be in charge at the Wauconda cemetery.

## MEYER'S STORE ROBBED

Night Watchman Weigel Inspected the Premises at 2 a. m. so Robbery was Presumably After That.

"Count that week lost," these days when there is no robbery to report. In town for four hours of the village week there have been accounts of thefts here.

This week's real robbery has occurred and president of the village board, Al. Meyer, is the victim. Last night the clothing department of Mr. Meyer's general merchandise business was entered, presumably after two o'clock, for night watchman, Foster Weigel, in making his rounds, inspected that vicinity at two o'clock and saw no signs of disturbance.

The store was entered by a rear window and departure through a side door. Articles missing were suit cases, one traveling bag, four suits of clothes, four pairs of socks, two watches and one half dozen shirts.

The authorities telephoned to the surrounding towns and efforts will be made to secure clues to the identity of the person, or persons.

## Brought Suit For \$1,000

H. D. A. Grebe brought his yesterday before F. H. Frye, justice of the peace, against Mrs. Lela A. Celley of Cuba township for a balance of \$1,000 which he claimed was due him on account of a clerical error made in a bill rendered to Mrs. Celley. Mrs. Celley had a receipted bill from Mr. Grebe in which he had included about \$3.00 as an interest charge which she paid without noticing the item of interest. Later, he sent a bill for \$1.00 covering the clerical error. Mrs. Celley declined to pay it as she had already paid more than that amount in interest on the bill which had been in dispute and on which she claimed he had no right to charge interest. The case was tried before a jury of six business men of this village and they found that Mr. Grebe had no cause for action and assessed him with the costs of suit.

Zurich at 3 o'clock in the afternoon and enjoyed the beauty of the Pike lawn at the lakeside until 6 o'clock when the regatta was served at the Municipal hotel. Long tables were decorated with American beauty roses and ferns; a role graced each plate and the place cards were daintily laid out in the wood and glass lanterns and eagles, made by Harold Grebe. Impromptu toasts were given by the teachers and officers of the two classes. The start home was made at 10 o'clock.

Commencement proper is to be observed at the Salem church this evening with an address by the state high school supervisor. The secretary of the board of education will present the diplomas.

The week will conclude with a picnic or some affair of pleasure tomorrow and the Alumni banquet at the Baptist church.

## SMITHS CHARGED WITH CONSPIRACY

Indictment Also Names Carl P. Westfield, Former County Treasurer of Lake County.

The Lake county grand jury in special session last Friday returned indictments against Carl P. Westfield, former county treasurer of Lake county, Frank G. Smith, business manager, and William J. Smith, editor of the Waukegan Daily Sun. The indictment charges the former county treasurer as being guilty of conspiracy and it is said that the Smiths are named as being parties to the conspiracy.

State Attorney Dan J. Westfield, who was required to give a bond of \$5,000 for his appearance, that he was charged with having paid the Lake County Publishing company \$1,347 in excess of the amount allowed by law for printing. The Lake county board of supervisors is in session at Waukegan this week and State Attorney Duff asked that the board pass a resolution authorizing him to start a civil suit against the Lake County Publishing company to recover \$1,347 which he alleges Westfield paid said corporation for printing in excess of the amount allowed by law. The board passed the resolutions as requested.

## Children On The Trail of The Fly

More advice against flies is needed until all learn their menace to humans, says, again, let the children's school program be read by the pupils.

Harry Brammer, aged 12 years, wrote as his grammar lesson in grade seven: The dirty, filthy fly kills thousands of people every year. His body is covered with hairs of all sizes and disgusting to which it sticks things. It also is covered with a sticky substance which makes it cling to it. Flies are a sure sign of filth. They are born in filth and deposit filth upon your food. It comes from the soil and carried in the air. It is everywhere. It is also covered with a sticky substance which makes it cling to it. Flies are a sure sign of filth. They are born in filth and deposit filth upon your food.

## Plague-Christie Recital Next Week

The annual concert of the piano pupils of Miss Alma Plieger and the Barrington vocal pupils of Miss Elva Chrysler of Chicago will take place on Tuesday afternoon and evening, June 22, at the Salem church. The first one at 2 o'clock and the second at 8 o'clock.

There will be about thirty-five different people appearing, mostly piano players; five or six vocalists are on the program. Miss Plieger will play second piano with some of her scholars and all the accompaniment. Miss Frances Dolan of Irving Park who once lived here will give two readings in the evening. Admission will be twenty-five cents.

## Declare Three Per Cent Dividend

The board of directors of the First State Bank of Barrington at its regular monthly meeting held Monday evening declared a semi-annual dividend of three per cent payable to stockholders on July 1. Books for transfer of stock will be closed June 26.

Three thousand dollars were also placed in the surplus fund.

The capital stock of the bank is \$50,000 and surplus fund \$5,000.

The bank was organized as a state institution barely two years ago and is making an excellent showing.

## King's Herald's Entertainment

The children of the "King's Herald" will give a public entertainment at the Methodist church, Thursday evening, June 24, 8 o'clock. These children who have been engaged since last October, have had monthly meetings for study under the instruction of Mrs. Frank Barrower. The entertainment will be of all life and interest. Parents and friends are especially interested in children are cordially invited to be present to encourage the children in their work for missions. A silver offering will be taken.

## Hay Famine.

The high prices of grain has induced most farmers to crop in wheat, corn, oats, etc. Look out for your hay.

## FORMER RESIDENT DIED SUNDAY

Charles Zornow, East Dundee. Blacksmith, Found Dead in Bed by Wife at 10 O'Clock in the Morning.

Charles Zornow, East Dundee blacksmith, had been for a number of years an habitual late Sunday morning sleeper. When he was not up at 9 o'clock last Sunday Mrs. Zornow was not alarmed. He did not respond to her call and she decided to allow him to remain in bed. Shortly after 10 o'clock she went to his room again and endeavored to awaken him. She was unsuccessful. A physician was called immediately and he found that the man was dead. The doctor stated that the man had not been dead more than six hours.

Charles Zornow was born in Barrington on April 7, 1867. He had lived in the vicinity all his life except six years spent in Aurora, where he conducted a blacksmith shop. Only two months ago he returned to Dundee where he opened a shop in the Klem building recently vacated by the Dundee garage. He is survived by his widow, a son, Carl, four years old, a step daughter, Mrs. Rosalind of Aurora; his father, Joseph Zornow of Barrington, and two sisters, Mrs. L. Gieske of Elgin and Mrs. A. Hapernann of Elgin. Mr. Zornow was a member of the Dundee Home Protective association.

The funeral was held from the late home at 2 o'clock Tuesday afternoon, with interment in the West Dundee cemetery. The Rev. E. N. Chatwell of the Methodist Episcopal church officiated.

Mr. and Mrs. J. Zornow of Grove avenue, Mr. and Mrs. Charles Yabko and Mr. and Mrs. William Gieske attended the funeral.

## Street Filling Delayed

One side of some of the main streets of the village were closed last week but the heavy rains have delayed the work. The closing of the right of way of the Chicago and Northwestern railway through the village is appreciated by the hundreds who daily cross the tracks and the merchants in the business district, for the clouds of dust which blinded after the passing of trains are now gone.

This is the best time that the tracks have been closed so far on the suburban service. The cost to the company is large but goes to the desire of this railway to accommodate its patrons and help along its lines.

## Graduates from Towns Near Barrington

Nine hundred and sixty-four students were graduates from the Illinois State university at Urbana on Wednesday, June 16, from all departments. Among them was George Charles Klein, Jr., of Arlington Heights who received the degree of B. S. in horticulture; Marian A. Walcott, a chemistry major from Madison and Surgery; Robert Bruce Hinman, Dundee, B. S. in Agriculture; Barton Austin, Jr., Woodstock, B. S. in Landscape Gardening; Mabel Gibson of Woodstock in Household Science; Ralph Peterson of Highland Park, B. S. in Mechanical Engineering; William Anderson, Lake Forest, B. S. in Agriculture and Robert Strong, Antioch, B. S. in Agriculture.

## Salem Children's Day

Children's day will be observed by the Salem church and Sunday school next Sunday, June 20, morning and evening. The teachers, parents and scholars are working faithfully to prepare a program of music, songs and recitations which will be interesting and helpful. Every member of the church and school, if possible, ought to be present and help to make the service a success and a blessing and would help to encourage the children, teachers and scholars of the Sunday school. We cordially invite everybody to these services.

## REV. EDWARD J. HOERNER, Pastor

## Read Exhibit in Order

The Women's Country Life association will hold its next regular meeting in the village hall on Friday afternoon, June 25, at half past two. "Dread and Dread Making" will be the special topic of discussion. Each member is requested to bring a loaf of bread, rolls or biscuits, of any variety for exhibition. Three competent judges chosen from the many excellent cooks among Barrington housewives will be asked to score the bread. Premiums in the way of blue and red ribbons will be given. All women and girls are invited.

## Big Crows Attend Grace's Show

R. W. Gray now gives two shows a week in a big tent opposite Schenck's garage. There are always four or five good roosters shown and the nights are Wednesday and Saturday. The admission is 10 cents to all. Big crowds attend each show. A Keystone comedy will be shown next Saturday evening.

## 500 MILE AUTO DERBY JUNE 26

Big Event Which Takes Place at Maywood is Postponed One Week—Thirty Cars Have Entered.

The Chicago Automobile club under whose auspices the big race at the new Speedway Park was to have been held next Saturday, announces that Harry Vissering, referee, has the event postponed one week because of a change in traffic conditions in the city, that the race will be postponed from next Saturday, June 19, to Saturday morning, June 26, at 10 o'clock.

Five hundred miles at an average speed of 100 miles an hour is the prediction of the racing pilots who have tried the huge plank oval. Earl Cooper of the Stutz team, who has made the fastest time thus far on the track, declares it is a wonder. Interest in the phenomenal success of the new track, which has been erected in record time since the first of May, has been shown in the thousands of spectators who have been at the park daily to witness the practices and elimination trials. The construction of the speedway is unique, the surface being composed of two-by-four laid on edge and resting on a complicated system of timber supports and concrete foundations.

The racing drivers declare it is to be the safest track ever built. The sharply banked curves have been taken at full speed, without shutting off the engines and the sensation on the curves, according to the pilots, is virtually the same as on the straightaway.

At over 30 cars have been entered for the derby, the drivers including the greatest speed experts of the world. The elimination trials, which ended Wednesday night, reduced the number of entrants to 27, this being the rule of the American Automobile association.

## Attended "Guardians of Liberty" Banquet

Eleven people from this village attended a banquet at the La Salle hotel, Chicago, in the Louis XIV room on Thursday evening, given by the organization "The Guardians of Liberty" whose object is to protect the United States from the imagined danger of rule by the church of Rome. The speakers for the evening were General Nelson Miles, formerly at the head of the United States army, and Mr. Bigelow who is at the head of the State of Illinois "Guardians of Liberty."

Those who attended from here were president of the village board, August Meyer; Mr. and Mrs. George Stiefen; hostess Mr. and Mrs. H. S. Kirsue; Mr. and Mrs. Edward Thies; Charles Thies; Robert, Mickey, Benjamin Schroeder and Gottlieb Miller. There were 1500 people present.

## GEORGE QUENTIN A SUICIDE VIA GAS

Former Chairman Lake County Board of Supervisors Found Dead in His Chicago West Side Home.

### LEFT A VERY BRIEF NOTE TO WIFE

Mrs. Quentin is the Daughter of Mr. and Mrs. Baker, Who are Pioneers Residents of Palatine.

George Quentin of 1825 Wilcox avenue, Chicago, but formerly a prominent business and political man of Lake county, committed suicide last Friday at his home in Chicago by turning on gas. His body was found in the half filled bath tub, by neighbors who smelled the escaping gas. Mrs. Quentin was visiting relatives at Palatine at the time.

Mr. Quentin was 61 years of age and was born and raised in the vicinity of Long Grove and after growing to manhood conducted a creamery there for a long time; later engaging in the same business at Gilmer. About 20 years ago he was united in marriage to Miss Louise Baker of Palatine.

While living in Vernon township he held various township offices and several years ago while serving as supervisor

GEORGE QUENTIN.

he was elected chairman of the board, which office he conducted in a very business like and efficient manner. After retiring from that office he was a candidate for county treasurer but was defeated for the nomination by Carl P. Westfield. Soon after his defeat he moved to Libertyville where he built and conducted the first public garage in that place. He ran this business until about six months ago when he sold out and had not been actively engaged in business until about a month ago when he bought a moving picture theatre on West Madison street near 2nd avenue, Chicago, and moved there to live.

A short note to his wife bidding her good bye was written but gave no motive for his committing such an act. He had always been prosperous in all his undertakings and at the time he sold the garage in Libertyville was considered well-to-do. Mrs. Quentin stated that he was prospering in his new business and could not have been worrying over financial matters. The funeral which was private was held Monday at Palatine.

## Palatine Band Picnic

The Palatine Military band will give its fourteenth annual picnic at Deer Grove park on Sunday, June 20. Special train service has been arranged on the P. L. & W. railroad. Among the attractions will be a ball game between the Palatine home team and the Oak Brook grounds. A restaurant on the grounds will serve a table d'hôte dinner and there will be refreshments and games of all kinds. Dancing with first class music afternoon and evening. Tickets 75 cents.

## Sears' School of Music Recitals

The annual recitals of the Sears' School of Music begin Monday, June 21, at Algonquin, Palatine, June 22, Crystal Lake, June 25; Barrington, June 26; Des Plaines, June 28; Arlington Heights, June 30 and Woodstock, July 2. The Barrington recital, afternoon and evening will be in the Methodist church and there will be no admission charged. Readers from the dislocation department will assist.

## WHEN THE FARMER COMES TO TOWN.

How do you greet the farmer when he comes to town?

Is your greeting such that he feels that he is within, but not of it? Or is he made to feel that he is in his town, among his people, and with his friends?

The making or the marring of this town depends greatly upon your attitude toward the farmer when he favors us with his visits.

He is the backbone of the community and without his aid and encouragement we would be an unsuccessful business community.

The townsman is no better than the man from the farm, and the farmer can claim no superiority over the townsman.

We are all human beings, with the same aims and purposes in life, and endowed with the same brains of intellect.

In fact, we are members of a common community, the only difference being that the one lives in the town where he is a little more diversified, while the other breathes God's pure air in the green fields of the country.

When we ride out into the country the farmer extends the hand of fellowship, bids us welcome, and gives us a hearty "come again."

It is a delightful characteristic of the man from the farm, for his greeting is sincere and his invitation is from the heart.

But what of us when the farmer comes to town?

Is he welcome on the same high plane as we?

Is he made to feel and realize that our skills are for him and not for the contents of his purse?

We of the town are proud of the farmers of this community, and of their wives and their daughters.

They are men and women of the highest order of intelligence, whose integrity is beyond question, and whose thrift and energy and perseverance is transforming our countryside into a hive of industry and wealth.

They are builders, one and all.

But we fear that we of the town are often forgetful of the great duty that we owe to them for their loyalty and generosity in support of the local business community.

We ourselves know of the high regard in which we hold the farmers of this community, but we doubt if the farmer knows of the warm sentiments which we entertain toward him.

And this is because we talk much and say too little.

It should not be so—it should be otherwise.

Let us of the town cultivate a more friendly and neighborly spirit, let us open up our hearts that the farmer may look within, for we are but one big family and should dwell together in unity and brotherly love.

Let us act as we feel, and give the farmer to understand that he is of us, as well as with us.

We need each other, for a prosperous farming community makes a live town and the prosperity of the town adds life and enjoyment to the countryside.

## THE WILL TO DO.

If any foreign country entertains a notion that this country is to be frightened from the pursuit of a course which it deems to be right and just, then that country is likely to receive a sudden and violent jolt.

The head in the White House contains too many brains for the United States to submit forever to being beaten and pestered and bullied, by any nation on earth.

And the American people are solidly behind the president in his stand for national honor and rights upon the high seas.

We are not looking for trouble, we do not intend to seek it, and we will do

our best to honorably avoid it, but if it is to be forced upon us then the aggressor will find that the lack of an army does not prevent equipment will not deter the American people for one moment.

No obstacle has ever been too great in the past for the American people to overcome, or surmount, and if one comes it will be no exception to the rule.

The American people have the will to do, and they will do.

A piece of refuse in the street, yard or elsewhere is just one piece and is easily picked up. But when it is allowed to remain from day to day and is joined by others and still others it soon becomes an unsightly, dirty and filthy collection of rubbish, a detriment to the good name of the town and a menace to the health of its people. Who's for picking them up this summer? Who's for improvement, progress and more sanitary measures? If left for one or two persons to do, it will never be done. If everybody does it, there will be nothing left to be done.

We have a healthy respect and a high regard for the man or woman who has something good to say of others. We are all too inclined to magnify the defects and forget the good qualities of our friends and neighbors, especially forgetful of the fact that there is good in all people, and that a little assistance and encouragement will oftentimes bring to the surface sterling qualities that have lain dormant for many years. Speak the good word.

**A Doctor's Prescription for Cough An Effective Cough Treatment.**

One-fourth to one teaspoonful of Dr. King's New Discovery, taken as needed, will relieve Coughs, Colds and all the more dangerous Bronchitis and Lung Affections. You can afford to take the risk of serious illness, when so cheap and simple a remedy as Dr. King's New Discovery is obtainable. Go to your Druggist today, get a bottle of Dr. King's New Discovery, start the treatment at once. You will be gratified for the relief and cure obtained.

**Proper Education.**

Let us teach our children that aggression is selfishness, and that selfishness is a menace to the individual, to the nation, to the world. Let us teach them, too, that holding back what we should give is only selfishness in another form, and that nations must be measured by the standards we apply to men. For nations are only men, after all.—Popular Educator.

**Genius.**

Men give me no credit for genius. All the genius that I have lies just in this: When I have a subject in hand, I study it profoundly. Day and night it is before me, I explore it in all its bearings. My mind becomes pervaded with it. Then the effort which I make in what people are pleased to call the fruit of genius, it is the fruit of labor and thought.—Alexander Hamilton.

**First Orange in America.**

Benito Diaz of Castile, who wrote as an eyewitness of Cortes' conquest of Mexico, claims to have introduced oranges into that country, planting a few seed close to a high "hol" house, whose growth was carefully watched over by some curious native priests.

**Somewhat Eccentric.**

A five-year-old Stephen was paying a visit to his grandfather. During his absence a little sister arrived. When his papa telephoned the little fellow of the glad news his first words were, "Is she an good looking as me?"

**For the World's Amusement.**

Love is made up of only four letters but a good many additional letters are apt to show up in a breach-of-promise suit.

**One of World's Oldest Cities.**

Not only is the Russian city of Archangel interesting as a city in the extreme far North, but it is still more interesting as one of the most ancient cities built upon the fringe of eternal arctic whiteness. Before the year 200 the Norwegians went there and traded. They laid the foundations of the present city, which has grown slowly but almost without halt, preserved in its isolation by its isolated position. The city has achieved its present-day importance as an outlet for the products of the far northern and western parts of the Russian empire.

**Vast Depths of Ocean.**

Scientists estimate that water on the earth is evenly distributed would cover the entire surface to a depth of about 9,000 feet. If this seems incredible it must be remembered that the ocean bed has such vast depressions and great hollows, filled with water, that its average depth is estimated at 12,500 feet. In the language of the street, that is some water.

**Doggie Was Marked Safe.**

I brought my rather fierce-looking bulldog into a store the other day. A little girl who was there with her mother came and petted the dog. The mother called to her not to touch the dog, as he might bite. Still petting the dog, she looked up, saying, "Oh, this doggie is all right, mother, he has a license on."—Chicago Tribune.

## ITEMS OF INTEREST TO LOCAL PEOPLE

Happenings of the Week Told in Short Paragraphs—What's Doing in and Near Our Hushing Village.

The first picnic of the season will be given at Schumacher on June 20.

Mrs. Arcey Lince entertained the Thimble club Tuesday afternoon.

William Homuth of Station street has purchased an Overland and touring car of Percy C. Leonard, agent.

The usual number of flags were flying in Barrington on the national Flag Day, Monday, June 14, which doesn't mean very many.

Bishop Tuttle of Missouri will conduct the morning service at St. James Episcopal church, Dundee, next Sunday, June 20.

Mrs. Mary Frolicka, postmistress of Cary, is erecting a modern brick building for use as postoffice and home. It will be 34 x 54 feet in dimensions.

George Steffenhoffer will put an addition on the west end of his blacksmith shop on Main street to be used as a repair room for all odd jobs which are taken to the shop.

Howard Powers was the only Odd Fellow of the local lodge who went to Lincoln Sunday to the fourth annual visit of the order to its home for Odd Fellows located in that city.

Miss Martha Hanson of Cary who works in the Barrington laundry was operated at St. Joseph's hospital, Chicago, last Thursday for appendicitis; she is recovering in an encouraging way.

All school work was ended on Wednesday but on Friday afternoon the pupils will reassemble at the school to obtain their reports for the year on which the teachers have been working the past few days.

Mr. and Mrs. Percy Leonard, Miss Edith Hains, Laura Tietke, Ethel Wilmer and Florence Johnson, George Hancock, Bert and Harry Hains, attended the barn dance at the Johnson farm Wednesday evening.

The Young Matrons' Spring club had a party at the home of Mrs. Verna Hawley at the camp grounds last Friday afternoon in honor of a former member who is visiting here, Mrs. Emil Myers of Decatur.

Phillip A. Hawley is improving slowly from his accident of two weeks ago when he cut the front of his left leg in the shaft box with an ax while trimming trees. The wound does not heal rapidly and he is in crutches although able to get in his automobile. Mr. Hawley has been ailing all the spring with the grippe, also.

The ninety-fifth graduation exercises of Chicago university were held in a three ring circus tent on Tuesday afternoon on Stagg athletic field. No hall in the college buildings is big enough for the crowds which attend.

Bomer Plaggo left to-day for Shelbyville, Indiana, to join Bland's band with which he will travel through Wisconsin and Michigan until September 10, appearing in about 85 shows. The first engagement will be in Kenosha next week Saturday, June 23.

Members of the Barrington High School Alumni association are requested to meet in the auditorium of the Baptist church on Saturday evening, June 17, to attend the annual banquet to be served by the Dorcas society in the church dining room.

Professor E. S. Smith will start taking the school census next week and will also remain in Barrington a large part of the summer when he will assist Country Life Director Phillips with the garden club work among school children and install the new apparatus for the school playgrounds.

Rev. George H. Lockhart visited at Assin last Friday and renewed acquaintances with his old friend, Congressman Richard Pearson Hobson, and attended the large mass meeting at the Methodist church where Mr. Hobson gave his great address: "Destroying the Great Destroyer."

The REVIEW has placed a new and convenient mail box in place of the old one which has done service so long near Hawley's store and it is hoped that its attractive looks will cause many news items to be dropped therein. Also there is a letter-opening in the door of the REVIEW entrance of the new Landis building on Williams street which is ready to receive news items. The public is asked to send in NEWS.

With thousands of others Barrington people were inconvenienced this week by the street car strike in Chicago. Traffic was just getting started out of the city for two days and several extra trains were laid over here in the yards Tuesday night while all the trammies who live here were on duty many extra hours. Extra trains fly two white flags just below the head lights on the engines.

Miss Mabel Schaefer attended the annual banquet of the Lincoln Chautauque promoters in the Red Room of the Hotel LaSalle, Chicago, Wednesday evening. After the banquet a varied program was rendered by some of the Lincoln talent who appear on the respective circuits. Honorable Richard Pearson Hobson of Washington, D. C., was present to deliver a toast. Miss Schaefer is employed in the office of the Chicago headquarters.

Miss Irene Koeler became a graduate of the American Conservatory of Music on last Friday evening at Kimball hall, Chicago. A party of friends and relatives accompanied her to the recital in which she played a difficult composition in a beautiful manner. She will give her closing recital for her pupils at an early date in Barrington. At the recital many flowers of various kinds were given to her by admiring friends and she made a very pretty appearance in a white crepe-de-chine gown.

The "Parcel post" social in the Methodist church parlor last Friday night was very well patronized. Parcels at the "postoffice," selling for 10 cents, amounted in revenue to \$15 and \$18 were taken in at the tables where ice cream and cake were sold. During the evening a program was given made up of readings by Mrs. John Schwemm, Mrs. O. A. Abbott and Constance Calhoun; songs, solo, Fayette Merrill; music by Sunday school orchestra and a song by the High School Glee club.

The street car strike and the rain of Monday did not prevent 200 Methodist ministers of the Chicago district from attending a picnic at the Des Plaines camp grounds. One pastor walked from sixth street to the terminal station. A modern water system for sanitary purposes will be installed at the grounds. A month of self denial in all Methodist churches in this district will be observed before the summer meetings and the money secured help to pay for improvements.

Miss Irene Thoren, daughter of Rev. and Mrs. H. H. Thoren, of Chicago, for four years pastor of Salem church here, entered Augustana hospital, Chicago, on Sunday under the care of Dr. Ochaper, and on Monday noon was operated on for an ailment on the neck. The operation was a success, and Miss Thoren's general health condition being splendid, she will soon recover from the operation it is hoped. She had just recently returned from Florida where she and her brother, Paul, attended Rollins college.

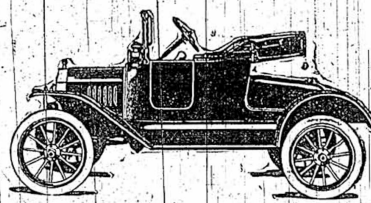

**Births.**  
A son was born to Mr. and Mrs. Irving Landwehr of East Main street on Monday, June 14.

Dr. Barber, optician and optometrist, will be in Barrington office Tuesday, June 22. Dr. Barber is considered one of the best opticians in northern Illinois. He has had years of experience, his examinations are thorough and his prices are reasonable. If you are troubled with headache or nervousness have Dr. Barber examine your eyes next Tuesday.

## LEGISLATORS TO ADJOURN SOON

General Assembly Expects to Adjourn Since June 29.

### LITTLE WORK ACCOMPLISHED

Trandell Measure to Be Pushed—The Lower Branch Has Almost Fifty Appropriation Bills to Be Disposed Of.

Springfield—The forty-ninth general assembly of Illinois is expected to adjourn June 29.

With 14 days remaining, the session draws to a close with very little important legislation to be acted upon outside of the Chicago public utility bills, which have passed the senate.

It is probable that a vote and fight will mark the closing week in the house. The senate has already voted on the Trandell bill which provides that persons suffering damage as the result of a township or city being voted dry shall be compensated for the loss occasioned.

Apparently the chief purpose of pushing the bill at this time is to get a roll call on it in both houses and thereby place the members on record for or against the measure.

Advocates of the amended 50 cent bill, which now provides for a limit of 75 cents, will be given their last chance soon to get their bill to a vote in the house.

Less than fifty appropriation bills remain before the house and these will easily be disposed of.

### Home Rule Passes Senate

Springfield—Home rule for Chicago over its public utilities, through a commission named by the mayor, was passed by the senate by a vote of 23 to 8. With this accomplished, the commission bill which provided for council control of the utilities and which was pending on the senate calendar, was dropped. The senate also passed numbers 457 and 458, the two bills designed to permit the merger of the surface and elevated lines and any future subways and make possible the extension of franchises for 40 years.

The three bills went through with alacrity. The Barr-Bulley-Eitelton combination in control of the senate was back of them, and opposition voiced by other senators was futile.

A significant feature was the lightning speed with which the merger bill, acceptable to the traction interests, moved through the senate. It was introduced last Thursday, passed Wednesday to give the utilities commission or any future local body of that sort control over the merger lines and finally passed the senate by a vote of 23 to 8.

Senator Morton D. Hill opposed the bill, but the Barr-Bulley-Eitelton combination, which controls the senate, stood solidly behind it and it was rushed through.

The Broderick bill, No. 486, to permit the merger of the present traction lines and future railways, was more easily passed. It was carried by a vote of 35 to 3, the same senators being recorded against it. A referendum was provided for franchise extensions.

Several bills struck off by the senate were duplicates of others pending already passed by the house. A majority of them, however, were measures which promised to be important legislation. Among them were:

- 434—State regulation of public accounts.
- 440—State regulation of private banks.
- 450—State board of election commissioners.
- 500—Corrupt practices act.
- 510—Chicago election board named by governor, mayor and county judges.
- 565—Lumber companies under state utility commission.
- 528—Senatorial reapportionment for state.
- 529—State licensing of Chicago carter contractors.
- 546—Municipal ownership of elevated roads.
- Rival delegations from Rock Island stormed the education committee when the fight was resumed over a bill of Representative Michael J. Teco, which had passed the house, to prohibit the placing of a jail within 500 feet of a church or school. A disturbance arose in the committee, but the bill was recommended for passage by a vote of 13 to 12.
- What reception the bill will meet in the house is doubtful. Representatives of the utility corporations are said to be satisfied with it on the theory that a commission named by the mayor is no more objectionable than one appointed by the governor.

### New Corporations.

The following corporations were licensed by Secretary of State Stevenson:

- Alton Steel Hoop company, Alton; \$1,000; manufacture of steel hoops.
- W. C. Fowles, V. C. Fowles, J. and J. D. Orr.
- Chicago Sign Board company, Chicago; \$2,000; manufacture and sell sign boards.
- Carl M. Madson, Peter Fjeldstad and John N. Schroeder.
- Ackerman-Johnson company, Chicago; \$25,000; manufacture and deal in merchandise.

## IN THE FATHERLAND

INTERESTING BITS OF NEWS FROM THE GREAT GERMAN EMPIRE.

### WHAT'S DOING IN OLD HOME

Summary of the Most Important Happenings in the Land of the Kaiser—Timely Items for the German Readers.

The following reasoning by the Washington Post seems to stand on rather straight legs: "When Great Britain, under orders in council," captures our vessels loaded with munitions with grain, with cotton, proceeding in peaceful trade to ports of nations with which we are in friendly relations, is it not time to assert our rights to freedom of the seas and to demand the release of those vessels?"

Germany has indicated a willingness to safeguard neutral trade. Great Britain's plea of not guilty in the case of holding up food vessels for the purpose of starving non-combatants should be accepted, provided that country releases at once the cargoes of grain, of meat, of cotton, which she has captured under her arrogant and unjust orders in council.

Now, here is a sample of "news" often seen in the American dailies: War bread has now been followed by bread made from straw and finely ground straw. Professor Friedlander and Haberstadt, Professor Haberstadt in a recent article in the *Kreuzzeitung*, states that many people who had been used to it declared it not only highly nutritious, but even delicious. The Haberstadt bread is made from a dough containing 50 per cent of straw. The professor's theory is that during winter there store up a great quantity of sugar, oil, fat and a small percentage of albumen, and the young branches of wheat are amply fitted for human consumption.

Diplomatic circles have received information from German sources that the Kaiser's intention to proclaim "free and independent Poland" are about to be consummated. It was asserted that the Kaiser had expected that Warsaw will be the next prize of the German armies in the East. As soon as this is a fact, it is assumed that Germany will inaugurate a prophetic recreation of the ancient kingdom of Poland and including in its territory all of German Poland, Austria Poland and the captured Russian province.

Crown Prince Wilhelm's daughter is to have the whole of the crown prince's inheritance. The crown prince's announcement to this effect is made in the *Volksrecht Zeitung*, which says: "We are informed that, in addition to the crown prince's inheritance, the crown prince and princess have chosen as godparents the whole of the Fifth army, of which the crown prince is the head. The choice shows a fresh way of a beautiful relationship of confidence and affection between the leader and his army."

A telegram from Berlin says that Clemens Delbrueck, German minister of the interior, has informed the Reichstag that this food problem may be regarded as solved, and that there even may be a large reserve against the coming harvest year. As in the history of the supplies of flour showed a surplus of 6,955,222 double hundredweight, potato statistics as of May 15 were similarly favorable, the supply being on a level with that of normal times.

For the second time since the beginning of the war the shoe and leather dealers of Hamburg, Altona and vicinity have announced an increase in the price not only of shoes, but of repairs and footgear. The first rise came in December. Leather, however, has not increased in price since then so that dealers claim to be unable to operate at any profit at all unless they charge still more.

The German agricultural council, a semi-official organization of farmers, has been meeting in Berlin to consider war plans for the harvest year 1915-16. Resolutions were passed declaring that the continuance of the economic and agricultural measures adopted during the past nine months will enable Germany easily to face the future, no matter how long the war may last.

Resolutions adopted unanimously by a committee of members of the Reichstag, the Reichstag party, at a meeting held in Berlin demand that of the territory Germany now holds in the West she should retain what was necessary to strengthen the defenses in that quarter.

Gen. Alexander Linsingen, who commanded the forces which captured Strij, has been decorated by the order Pour le Merite, while many other officers active in the Gallien campaign have been given a similar or lesser honor.

A violent earthquake wrecked part of the instruments in the great Munich observatory and rattled windows all over the city. Many persons fled to the street in their night clothes. No reports of damage were received by the police.

## News Nuggets From Illinois

Brighton.—Frank Large, sixteen years old, son of Mr. and Mrs. Charles Large, was struck by lightning and killed while cultivating corn.

Clayton.—A review, meeting which has been in session at Clayton for the past five weeks, resulted in 500 being converted.

London.—The prospect is for a good crop of all grain in this part of the state. Wheat is looking fine, corn is doing well and large quantities of it are being planted.

Alton.—Alton trades unions may not hold a Labor day parade this year. A decision has practically been reached by the Trades and Labor assembly to do away with the parade.

Kewanee.—Two and one-half barrels of beer were dumped into the city drain at Kewanee. The dump was a confiscated liquor stock of Charles Higgs, a "blind pig" operator, was destroyed.

Peoria.—The state annual golf and tennis tournament of the Central Illinois Country Club association will be held at the Peoria Country club this week. The tennis and golf visiting club members are expected to attend.

Anna.—The campaign of United against the state of Illinois as a condition to acquiring the \$100,000 farm of Mr. and Mrs. Hugh Lander of Carbondale, valued at \$30,000, has been completed. Fifteen thousand dollars was raised.

Granite City.—Granite City transfers are reported to have accepted a slight wage reduction in the settlement of their strike with the Granite City Iron Works association. For a time the strike threatened to cause an ending in Granite City.

Rock Island.—In the Rock Island Y. M. C. A. is a stack of 435 Bibles, in the Methodist church, there are 215 of the books. They were purchased with the \$300 subscribed by the citizens at the time of the state convocation. The books will be placed in each great room of the leading hotels in the two cities.

Alton.—While the marriage ceremony of Arch Schwabach of Boston and Miss Hattie Schreck of Alton was being performed at the bride's home, Mr. Schwabach was killed by a car.

When Donald Gray, 25 years old, of East St. Louis, appeared in County Judge Mesleek's court in Burlington to answer to a charge of larceny, he was arrested by his father, Trevor Gray, the youth surprised his parent by introducing a five-year-old Emily Dahl, also of East St. Louis, as his wife of the day.

Gray and the girl were married in St. Louis. The father immediately withdrew his charges and save his daughter.

Pana.—Aro O. Ladd, seventy-six years old, a retired farmer and civil war veteran, died at his home north of Pana, as was also his brother, George O. Ladd, and John Ladd, of Pana, survivors.

Johnston City.—The company of Illinois National Guard was patrolling the streets here to quell a race disturbance between African and foreign born growing out of the lynching of one of the foreigners. Several hundred members of the mob which gathered for the lynching were dispersed and ammunition in expectation of a threatened mass attack from the foreigners.

At Marion, near here, some 500 negroes gathered to tell the mob that they would not be taken into custody by United States Deputy Marshal E. H. Moore unless he paid the money immediately. The letters were signed "E. H. Moore, Deputy Marshal."

Herod paid the \$20 and "Hodges" then said to be the man who collected some more money. Herod then turned the letters over to the federal authorities and Stodgett was arrested.

Cairo.—The Red Cross Manufacturing company has accepted a war order from Great Britain which will include four cars of lathe. The cars will be shipped to the United States, where they will be used in turning out munitions. The order represents thousands of dollars and is the largest of the kind.

Rock Island.—A. H. Reed, head of the concern, who some time ago set out to get a portion of the foreign business.

Herod has valued the boat which could be placed in a dry dock. The damage must be repaired if the ship was to be saved.

## The Way of Salvation

By REV. B. B. SUTCLIFFE, Animal Superintendent of Men, Moody Bible Institute of Chicago.

TEXT—Look unto me and be ye saved, all the ends of the earth for I am God and there is none like me.

The late Rev. Chas. H. Spurgeon, one of the greatest preachers of England, said that for a number of weeks prior to his conversion he was under great conviction of sin. He attended many services, seeking relief, but it so happened that none of the preaching he heard was directed to unsaved persons and the services did not little good.

Finally, he happened to enter a Primitive Methodist chapel, and preaching by a gray-haired aged man, about to preach, he chose for his text the passage that I have before you.

He read the text and then he said that he had been directed to unsaved persons and the services did not little good.

Finally, he happened to enter a Primitive Methodist chapel, and preaching by a gray-haired aged man, about to preach, he chose for his text the passage that I have before you.

He read the text and then he said that he had been directed to unsaved persons and the services did not little good.

## HOW WOMEN AVOID OPERATIONS

By Taking Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio.—"My left side pained me so for several years that I expected to have to undergo an operation, but the first bottle I took of Lydia E. Pinkham's Vegetable Compound relieved me of the pains in my side and I continued its use until I became regular and free from pains. I had asked several doctors to help me and they said there was nothing that they knew of. I am thankful for such a gentle medicine, and it will always give me the highest praise."

—Mrs. C. H. GRIFFIN, 1563 Constant St., Cleveland, Ohio.

—"I suffered from female trouble and the pains were so bad at times that I could not sit down. The doctor advised a severe operation but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it. What joy and happiness it is to be well again. I am always ready and willing to speak a good word for the Compound."

## SOLDIERS WHO WEAR VEILS

British Troops in Southwest Africa Have to Conduct Campaign Under Difficulties.

One of the hottest places where the British are fighting is in German Southwest Africa. Both in command of an expedition against the enemy. The habitable part of German Southwest Africa lies in the center of a sun-baked, waterless, shadowless desert of shifting sand, and General Botha's men have to carry everything they need for nothing but the sun that they are in hostile country, not even food for the animals.

The sand penetrates everywhere, and the heat of the sun is so terrific that all the troops fighting with General Botha have been served out with "veils" and "goggles." Without them, the sun would have been too hot to get along at all, and as it is, hundreds of the Boer burghers, though hardened campaigners, have been so blistered by the sun that they are unable to get on at all.

The heat at midday is 122 degrees in the shade, and the "shade" is a sweltering tent. Many of the troops pass that time of the day with nothing on but a sun helmet and a pair of boots.

Lost to Sight. "How annoying." The English and German accounts of the latest battle don't agree.

"What can you expect? Truth and veracity don't exist in war when the truth shot of the war was fired."

SHE QUITS. But It Was a Hard Pull.

It is hard to believe that coffee will put a person in such a condition, as it did an Ohio woman. She tells her own story.

"I did not believe coffee caused my trouble, and frequently said I liked it so well I would never give it up. I quit drinking it, but I was a miserable sufferer from heart trouble and nervous prostration for four years."

"I was scarcely able to get up, had no energy and did not care for anything. Was emaciated and had a constant pain around my heart until I thought I could not endure it."

"Frequently I had nervous chills and the least excitement would drive sleep away, and my little noise would upset me terribly. I was gradually getting worse until finally I asked myself what the use of being sick all the time and buying medicine so that I could indulge myself in coffee?"

"So I got some more coffee. I made it strictly according to directions and I want to tell you that change was the greatest step in my life. It was easy to get a good thing if I could have it. I was like Postum better than the coffee."

"One by one the old troubles left until now I am in splendid health, nervous stable, heart all right and the pain all gone. Never have any more nervous chills, don't take any medicine, can do all my work and have done a great deal besides."

Name given by Postum Co., Battle Creek, Mich. Read "The Road to Well-being" 16 pages.

Postum comes in two forms: Postum Cereal—the original form—must be well boiled. 16c and 25c packages.

Instant Postum—a soluble powder—dissolves quickly in a cup of hot water and, with cream and sugar, makes a delicious beverage instantly. 30c and 50c tins.

Both kinds are equally delicious and cost about the same per cup.

turned to their hotel for the summer  
and we all wish them success in run-  
ning it this season.

On account of the storm Saturday  
nobody but home town people were  
present at the dance, but they certainly  
enjoyed the dance.

The program given at the church,  
Sunday, June 13, "Children's Day" was  
well attended. The exercises were  
splendid and the good training due to  
the Sunday school teachers who are

the Misses Nettie Hillman, Gertrude  
Hirt and Rose Prehm. The church  
was decorated in white daisies, which  
symbolized purity. The parents of the  
children can be thankful that these  
Sunday school teachers are taking an  
interest in the children and also the  
church.

### Future Magazine Writer.

A story writer has been discovered  
in Barrington, a very young one who  
may some day be a famous literary  
woman. She says "Please don't pub-  
lish my name," but we have to do so  
in order to help her on to fame. This  
is but story exactly.

**BUNNIE RABBIT GOES SWIMMING.**  
One day Bunnie Rabbit was at play  
when he saw little Billy Otter swim-  
ing in the stream. Little Bunnie Rab-  
bit decided Billy very much so he said  
"Oh I can do that good." For he looked  
very easy to him.

"Alright," said Billy, "be here to-  
morrow at noon and we shall have a  
swimming match."

Bunnie went home, very happy and  
yet very much afraid that his mother  
would not let him go. Ah! he would  
not tell her.

The next morning Bunnie was awake  
at sunrise. Out of bed he hopped to  
look at the time. Now they get oh my!

How slowly the morning passed to  
little Bunnie But noon came at last.  
Bunnie skipped out. "Where are  
you going," asked Susan. "I want tell  
you," said very sassy little Bunnie as  
he hurried on. "Up the path came  
Billy running. 'You are so slow,' he  
said. The two little animals hurried to  
the stream. Together they stood on  
the bank. Bunnie was not afraid.

"One two three go," said Billy. In  
they jumped "Help, Help," came from  
Bunnie.

Licely enough Grandfather Otter  
came along just then and heard the  
faint "help, help," coming from the  
stream.

Billy was out of the water and  
scampering around in great excitement  
on the bank of the stream. Grand-  
father Otter plunged in and came up  
with poor Bunnie in his arms all wet  
and frightened.

Just then Mrs. Rabbit along looking  
for her little son. She was not very  
well pleased at seeing her little Bunnie  
in this condition. But just the same  
she picked him up and took him home  
and put him to bed.

The next day Bunnie made a resolu-  
tion.

That, my dear little readers I will  
leave for you to guess.

### CONSTANCE CALKINS

Standard Oil Improves Local Station.  
M. J. Beverly and six men represent-  
ing Standard Oil headquarters at Joliet  
arrived here this morning to renovate  
and improve conditions at the Barrin-  
ton station of the company near the  
Harrington Mercantile company on  
Applebee street. A modern overhead  
system of unloading oil from the cars  
to the two big stationery tanks and  
from tanks to the wagons will be in-  
stalled. The work will take about ten  
days. Improvements in the appearance  
of the property will also be made by a  
line fence, fresh painting, shrubbery  
and plants so that it will be a credit  
to the town and the oil company.

A small dose of Po-Do-Lax to-night  
and you will enjoy a full, easy bowel  
movement in the morning. No griping,  
for Po-Do-Lax is Pocolophyllin (May Ap-  
ple) without the griping. Po-Do-Lax cor-  
rects the cause of Constipation by arous-  
ing the Liver, increasing the flow of  
bile, due to Nature's antacid in the  
bowels. With proper amount of bile  
digestion in bowels is perfect. No gas,  
no fermentation, no Constipation.  
Don't be sick, nervous, irritable. Get  
a bottle of Po-Do-Lax from your Drug-  
gist now and cure your Constipation  
overnight.

### A Dampier.

"Was your request to Billkins for  
the hand of his daughter successful?"  
"Not exactly. The old man demanded  
to know if I was prepared to support  
him in the same style his daughter  
was accustomed to do."

### Barn Dance.

A barn dance will be held Wednes-  
day evening, June 23, on the farm of  
Henry Johnson one mile east of this  
village. William Hammer of Palatine  
will furnish music. Tickets, 50 cents.

### Days of Whaling Over.

Dundee was one of the last ports  
it not the last, in Great Britain to  
prosecute whale fishing in the Arctic  
regions, but of late years no ships  
have been fitted out for this purpose  
and the industry is now practically  
a dead letter in this place.

### Forced by Electric Current.

Stray electric currents from a rail-  
road are supposed to cause the trees  
on one side of a Brussels street to bud  
again and sometimes blossom, after  
they once have shed their leaves every  
fall.

## Safety First

6 PER CENT. REAL ESTATE FIRST MORTGAGE BONDS are steadily growing in popularity and their advantages  
over other classes of bonds and individual mortgages are numerous. First, the value of the security underlying REAL  
ESTATE FIRST MORTGAGE BONDS can easily be determined, and the property be personally inspected by the investor  
before making purchases, whereas on the other hand, experience and tedious study, is necessary to exactly value the security  
of such corporation bonds as Railroads, Public Utilities and Industrials. Furthermore the stability in price of REAL ESTATE  
FIRST MORTGAGE BONDS has been demonstrated; they have maintained their full par value when other bonds, even of  
the highest character, have suffered severe declines in times of depression. Also REAL ESTATE FIRST MORTGAGE  
BONDS are issued in most convenient denominations of \$100, \$500 and \$1000 and the interest is paid promptly on the date  
of maturity. These moderate sizes enable the investor to buy small amounts of bonds, and, if in need of funds, to sell  
portions of his holdings.

Our customers have never suffered any loss of money nor any delay in the payment of principal or interest on CHICAGO  
REAL ESTATE MORTGAGE BONDS bought from us.
