HOUSEWORK VS. BUSINESS

There is a scarcity of good house-
workers everywhere because thousands
of girls do not want to be called a
"servant." They think they are far
finer, socially, if working in an office,
store or factory with few wages, out of
which they must pay for food, room,
rent, transportation and many other
expenses. They are not in the
betterment movement.

Millions everywhere are realizing
that girls are human beings and must
be kindly and fairly treated and paid.
Many girls make a mistake of saying
"I get \$3, \$4, \$5 a week as the case
may be, when she is really getting
first—\$5 or \$6 worth of room, rent,
light, heat, food, accommodations,
privilege of doing her own washing
and ironing, care in sickness, often-
times extra gifts and leisure time—
then, on top of this ready money each
week. She is earning from \$10 to \$12
a week just as a girl in the business
world does.

If she is "squared" with her mistress
she will be treated "squarely" in most
cases, although some women are so
cross to a girl, so haughty and so un-
fair about the amount of money paid
to her, for the amount of money paid,
that they do not deserve household
helpers.

It is just as good work to be able to
cook well as to be a typewriter
efficiently; sell goods across a counter,
wait on the sick, sew, iron
or keep books for a living. False ideas
of being "better" when they are in a
business than when they are in a home,
make so many girls suffer harder
lives.

Too many mistresses try to "boss" a
housemaid's leisure time and they
have no right to do so. They can in-
sist on personal tidiness, taking
orders, following them without
being stingy, etc., but if a girl
does her work at the house nicely, no
woman has the right to interfere in
her private affairs.

Neither has a maid the right to in-
terfere in the family outside.
So many maids are questioned by out-
siders as to how the family "gets
along," what they eat, who visits them,
where they go, etc., etc. An honorable
girl will refuse to talk about these
things outside.

The word "servant" is not a dis-
grace. Anyone who "serves" is a
servant. Everybody "serves" (chance).
Men holding public office are "public
servants," doctors, nurses, teachers,
travellers, artists, ministers, managers,
and others are "servants" as well as
houseworkers.

When a girl is employed in a business
house, she does not expect to be
intimately associated with the family
of her employer; but some girls, doing
housework, think they are being
"looked down upon" if they are not
expected to sit with, get places and
always be with the family. This is
not true; for the girl is hired to work
and not be a friend, or relative,
to know all the family secrets.

And why should she care? Who
does not? (She is sensible and realizes
that living out at housework is a business
deal and she is not being "looked
down upon.")

Houseworkers are very necessary
laborers in this world, and it requires
far more skill and brains to manage a
home well than to measure out cloth,
rip dictated letters on a machine,
sew a seam or make telephone con-
nections.

Coughs That Are Slowly
Careful people are slow, and are
stopped. Dr. King's New Discovery is
a remedy of tried merit. It has held
its own on the market for 43 years.
Youth and old are testy to its ex-
pelling and healing qualities. Pneumonia
and lung troubles are often caused by
delay of treatment. Dr. King's New
Discovery stops those hacking coughs
and relieves the griping tenderloins.
Money back if it fails. 50c. and \$1.00.

LAKE ZURICH.

Mrs. Roland Beutler is on the sick
list.
Mrs. Irwin Selp entertained relatives
over Saturday and Sunday.

Miss Rose Eichman spent Saturday
and Sunday here with her parents.
Mrs. Dora Blankenburg and several
friends of Chicago spent a few days at
her summer residence.

A Halloween party was given Sunday
evening at the village hall for all
the young people and an enjoyable time
was had.

Mrs. George Drake and children
spent Saturday and Sunday here at the
home of Mrs. Bradley's mother, Mrs.
Henry Seip.

The Lake Zurich Commercial associ-
ation is going to have a meeting
Thursday evening, the subject being
"Good Roads." The Wauegan Com-
mercial association has been invited to
attend.

A very large crowd attended the
masquerade given at Oak Park na-
tional Saturday evening and everybody
reported a good time. The best dressed
people were Mrs. George Jurs and
Charles Peterson; most comely dressed
couple, Miss Clara Fehm and
Mayne Hoenig; best carried out
character, Mrs. William Eichman, Jr.

Donations received for keeping up
and repairing roads by Commissioner
Fred Gehring of Elmhurst are as fol-
lows: Miss Elizabeth Spinner \$85.00,
James Spinner \$10.00, both of which
have been paid. Mr. Graham has
several other parties who have donated
to the amount of \$250.00, but which
has not yet been paid. Miss Spencer has
donated another \$50.00 on a petition
now being circulated.

A Clogged System Needs Attention.
Are you bilious, dizzy and listless?
Dr. King's New Life Pills taken at
once breaks down constipation and starts
the blood flowing naturally and easily.
It stops you aches without griping.
Sufferers of a clogged system often lead
to most serious complications. Poison
ous matters and a body poorly function-
ing need immediate attention. If you
wish to wake up to-morrow morning
bright and mind and entirely satisfied,
start your treatment tonight. "Be a
bottle."

The Colds of Mankind Cured By Pine
Have you ever gone through a typical
pine forest when you had a cold? What
fresh forest air did you breathe? How
open wide your lungs to take in those
invigorating and mysterious qualities.
Yes, Dr. King's New Discovery—those
three stimulating qualities and over-
come those hacking coughs. The inner
strength of the lungs is strengthened in
the attack against cold germs. Every
body needs a bottle constantly at hand. 25c.

Fire and Ashes.
The wife man does not center his
attention upon effects. They are to
him as the ashes resulting from the
genial heat of spiritual fires. There is
no safety in his life, because the fire
of the original Spirit is ever new and
fresh. He does not identify himself
with the ashes, consequently he never
has to count himself at the end of ex-
istence. Ashes are carried out and
cast to the four winds, but the fire
burns on and on—Charles Fillmore, in
Unity.

Matter of Speech.
As a rule the native of a country
will naturally speak his own language
better than a foreigner of equal stand-
ing. Of course, very few of us speak
our own language perfectly, but still
fewer speak perfectly any language
besides their own. It is true that our
characteristically careless habits of
speech make the English of an edu-
cated foreigner more careful than that
of the average American, if not more
perfect.

French Army Corps.
A French army corps is made up of
24 battalions of rather over 1,000 men
each. These are sectioned into eight
regiments, each of three battalions,
and these again are formed into four
brigades, two of which compose a di-
vision.

How It Sounded.
Reason—"What is your daughter do-
ing at the piano?" Egbert—"Sounds
as if she was setting her class yell
to music!"

Safety First

6 PER CENT. REAL ESTATE FIRST MORTGAGE BONDS are steadily growing in popularity and their advantages over other classes of bonds and individual mortgages are numerous. First, the value of the security underlying REAL ESTATE FIRST MORTGAGE BONDS can easily be determined, and the property be personally inspected by the investor before making purchases, whereas on the other hand, experience and tedious study is necessary to exactly value the security of such corporation bonds as Railroads, Public Utilities and Industrials. Furthermore the stability in price of REAL ESTATE FIRST MORTGAGE BONDS has been demonstrated; they have maintained their full par value when other bonds, even of the highest character, have suffered severe declines in times of depression. Also REAL ESTATE FIRST MORTGAGE BONDS are issued in most convenient denominations of \$100, \$500 and \$1000 and the interest is paid promptly on the date of maturity. These moderate sizes enable the investor to buy small amounts of bonds, and, in need of funds, to sell portions of his holdings.
Our customers have never suffered any less of money nor any delay in the payment of principal or interest on CHICAGO REAL ESTATE MORTGAGE BONDS bought from us.
