EVENTS AT LAKE ZURICH

**News of Hustling Neighbor Village
and Progressive People Who
Reside There.**

Mr. Buntz was caller here Sunday.
Mrs. Geary spent Friday in Chicago.
E. Frank was a Chicago caller Thurs-
day.

'Miss Anna Frank is home for the
summer.'
Orla Hildebrand spent the week end
with his parents.

William Dehm Jr. is visiting with
his father at present.
Mrs. S. H. Hildebrand spent three
days last week in Gary, Ind.

Kids school election held Saturday.
St. George's was selected preacher.
Miss Esther March has accepted a
position at Frank's store for the sum-
mer.

Mr. and Mrs. H. G. Hillman drove to
Dundee, Thursday, calling at the Hill's
sanctuary.

Quite a few young people attended the
basket social and program given at the
Lioness school Friday night.

School Notes.
Julius Geary is back in school after
and absence of six weeks.

Leroy Nienstedt and Pearl Hils-
man have had a perfect week's spell-
ing.

Paula of the school is preparing for
the Centennial program to be given at
a celebration the first of May.

Arbor day exercises were held by the
primary pupils Friday afternoon. The
yard was raked and cleared and trees
were planted by members of the P. T. A.
In authentic list given to pupils of
grades six, seven and eight last Thurs-
day, listed Bergstrom was the honor
winner, receiving 100 per cent perfect.
This is an uncommon for Roland, but
he has done similar work before.

Work on the local history of the
Town of Illa has been completed by the
pupils of the seventh and eighth
grades, and is now being properly
bound. The work has been made in
duplicate, one copy to be sent to the
office of the county superintendent,
the other to remain in the school
library for future reference. All ma-
terial possible has been collected,
studied and arranged by the pupils.

The school is now at its last month
of recess, the recess having been
lessened for the seventh time. At this
time of the year the question is—
"How many will be graduated?" The
eighth class in the eighth grade has
been recommended to our county
superintendent, T. Arthur Simpson,
as worthy of the privilege of writing
his final examinations. It is placed
to be noted that all the applicants will
avail themselves of every opportunity
to be well prepared for these exami-
nations.

Those children have the
best of opportunities to receive good
educations and we believe most of
them are taking advantage of these
privileges. Special classes are being
offered this time next week for the
review necessary. It is gratifying to
see that the majority are making use
of these chances to make better prop-
erations. Members of the eighth
grade are Margaret Young, Ella
Hurst, Adeline Hildebrand, Harold
Hurst, Alma Hurst, George Mauch, Bonnie
Neuman, Paul Frank, Earl Schat-
tuck and Larry Jaffer. Severely
with such a class to graduate and to
be prepared for high school, now is
the time to add the necessary school
to the system at Lake Zurich. It is
believed that those interested will
use that time step and take timely
action. Conditions are very com-
plicated in the primary room and some
of the grades should be placed in the
next room, namely, the second grade.
