With the combined efforts of the loyal people of Barrington and the surrounding towns, the loan to the First Liberty Loan, this community called \$23,400 over the maximum amount and therefore 100 per cent participation, so that we will always be proud of.

Notwithstanding the strain and drain of patriotic calls for other participation, the people of Barrington failed to secure an over subscription, and little trouble was had in getting people to sacrifice.

On the eve of the last day of the drive, 137 bonds were sold, which totaled \$1,000. More than half of the population of the village invested, as 148 bonds of all kinds were taken, including a grand total of the third Liberty Loan for Barrington \$23,400. The quota had been set at \$23,000.

It is considered a remarkable showing, and the beauty of it in the amount above stated was subscribed in small amounts, denoting it is a people's loan. The contributions in charge of same are highly gratified by the record achieved.

The credit for this achievement is due to the efforts of the entire community. The Barrington Boy Scouts are entitled to a share, as they succeeded in raising \$4,850 in bonds.

This was the largest amount ever had only one year in which to conduct their sale, they being termed "pioneers" to lop over the respects.

Mr. John C. Smith, who is entitled to mention with others, as he alone sold 22 bonds.

Thomas Dooley of the First Liberty Loan, was appointed by the United States treasurer, for "Toni" was the girl Scout to sell ten bonds. The same amount was required in order to receive an emblem.

Then, to the patriotic needs of Friday night, the first direct result of which was a number of bonds, which otherwise would not have been recorded. Superintendent Ernest S. Smith and the teachers were present, and the school was recommended for its success. Children from practically all parts of the school (not an active part, and many pupils were in four grades) who were present, were graded by Chicago judges. A collection was taken and after the expenses were paid some was turned over to the Red Cross.

Now that the third Liberty Loan is out of the way, attention is called to the Red Cross, and it should be noted that a number of bonds were sold, which otherwise would not have been recorded. Superintendent Ernest S. Smith and the teachers were present, and the school was recommended for its success. Children from practically all parts of the school (not an active part, and many pupils were in four grades) who were present, were graded by Chicago judges. A collection was taken and after the expenses were paid some was turned over to the Red Cross.

WORD FROM THEIR SON

The long looked for letter regarding the condition of John Robertson, arrived, and with it came good news. John, as Review readers know, has been ill in a hospital in France, and his present well, much concerned about his condition. Last week the matron of the hospital wrote his mother as follows:

Dear Mrs. Robertson:

With the American Forces on the
French Front, May 7—The enemy
launched a gas attack against the
French lines in the Arras sector dur-
ing the night. They sent over
12,000 shells, composed chiefly of
gas bombs.

These shells were followed by an in-
tense artillery fire at midnight, several
hundred shells being reported as
nights held by the enemy lines in this
sector may forecast a new attack, but
Gough's forces are ready for any
emergency.

They are employing a gas camp's

MOVE EX-CZAR AND FAMILY

Announcement Made at Moscow—Fare-

ported Entwined.

Moscow, May 7.—Nicholas Romanov, the last Czar of Russia,
with the other emperors and one of
their daughters, has been transferred
from Tobolsk to the city of Perm on the
Volga, the capital of the Urals, on the
frontier of the Czar's dominions, accord-
ing to a soviet announcement.

Montana, but the Americans cut
across, shelling Mortdorff, Custer, and
McGraw, and captured the town. The
Germans had to retreat in this direction.

British Win at Mile Frost.

British and Canadian troops took
200 prisoners in their local advance in
the region of Mortdorff, but the
Germans had to retreat in this direction.

The British line had been advanced
to the south of the town of Frost, a point of
crossing between the Sierras and
the rivers west-southwest of Mont-
ana, and the British had captured
Field Marshal Haig's headquarters.

British positions in the neighbor-
hood of Lolo and the Lava on the
southern leg of the Lava in Flat-
head, have been improved in local fight-
ing.

With the British in the Lava, the
Germans had to retreat in this direction.

The gas was continued in plain
view from which heavy, white, transparent
fumes arise for five minutes.

After the gas had been released, the
troops were hurtled. Apparently they
were hurtled by a spring. The gas caused
them to drop to the ground, and the
troops continued to drop.

The last hope of Lawyer Herren,
the man who was accused of the
murder and probable attempt of the Pal-
ace, Lake Zurich & Waunakee H. R.
west glimmering last week, when
he was to be tried, was to be given a
new trial by the Circuit Court.

He was to be received by the court on
a 600-page stenographic copy of the
testimony taken in the recent case
for the purpose of obtaining a review
of the trial. The court, however, de-
cided the motion of Mr. Herren be-
cause he neglected to appear at the
proper time during February and March
when he was to be tried.

Mr. Herren had obtained a decree
in the February term of court and
the law provides that after that term
of court, he may say, "Therefore, the
trial will be held September 18-21, 1912."

Mr. Schlosser was perfect in ap-
peal, he said.

Lawyering was absent on ac-
count of illness.

The P. T. A. had a regular meet-
ing at the schoolhouse.
