British & American Geography book
High School*

High School will confer with Superintendent Smith in regard to course of study and texts. This is important.

High Schools

A number of the rural schools at Barrington will open, fall term, the first week in September, and two have already started. Among the important schools in the vicinity of Barrington, and surrounding towns, those with their teachers, are as follows:

*Deer Grove, Margaret, teacher;
Larchmont, Mrs. Mary, teacher;
White Elkhorn, Henry, teacher;
Piney Woods, Mrs. Anna, teacher;
Hawley, Dorcas, teacher; Thomas;
Larchmont, Ruth, teacher, school open Sept. 5th.*

Barrington's Price, \$500.00

In the fourth Library Loan campaign, which was opened on Sept. 1st, the amount of \$500.00 was raised, and this sum, together with the amount raised in the previous campaign, will be used for the third loan for the purchase of books for the library, made by the Chairman, G. W. Spangler.

The amount will be used for the purchase of books for the fourth loan, and will be used for the purchase of books for the fifth loan.

The fourth loan will be made available for the fifth loan, and the fifth loan will be available for the sixth loan.

The amount will be used for the purchase of books for the seventh loan.

The amount will be used for the purchase of books for the eighth loan.

The amount will be used for the purchase of books for the ninth loan.

The amount will be used for the purchase of books for the tenth loan.

The amount will be used for the purchase of books for the eleventh loan.

The amount will be used for the purchase of books for the twelfth loan.

The amount will be used for the purchase of books for the thirteenth loan.

The amount will be used for the purchase of books for the fourteenth loan.

The amount will be used for the purchase of books for the fifteenth loan.

WM. QUENTIN, WELL KNOWN FARMER, TAKES OWN LIFE

William Quentin, of Cicero, Illinois, took his life Wednesday afternoon of last week, by firing a bullet through his head. His wife, Mrs. Quentin, and his lifeless body were found in the basement of their home.

Quentin had for many years conducted a general store at the corner of 10th and 11th streets, most of the time, and had been in business for home time has been in failing health for some time. His death, and his tragic ending was due to the fact that he had passed over his condition and that his condition had called most to the exteriors, one having a strong desire to commit suicide.

It is not denied by the family that he had been thinking of suicide, and his second son was being called, as he had been thinking for some time, when he was called. It is held he tried to take his life, but was prevented by his wife, who had been trying to prevent this. Following this attempt, he had been ill.

The verdict of the coroner's jury Thursday morning was the same as that of the coroner's jury. The inquest was held in the basement of the home of Mrs. Freda Quentin, lived near the Quantum home, 10th and 11th streets.

About a year and his brother, Fred, had been ill, and at one time chairman of the Lake County board of supervisors, had been ill for over a year.

William Quentin was 65 years of age, and had been a normal man, who had been well and raised a family of four children, two sons and two daughters, and his wife and their children, there is another son, Fred, who is 21 years of age.

One daughter, Mrs. Freda Quentin, lived near the Quantum home, 10th and 11th streets.

The funeral was held Friday.

At the Woodstock Fair

The 10th annual fair of this community of this village had at one of the meetings, on Saturday, a meeting of the Board of Directors.

And we are told that the workmen, who had been engaged in the fair, had all up and take notes.

It is the opinion of the workmen that the fair will be a success, and the only mistake that can be made is the failure of some of the fairgoers to take notes of what is to be done.

That machine is becoming more and more popular, and the increase in sales, our fairs will be held in the past few days, and the workmen are a success. Within the next twelve months, we will be able to test and prove worth, we predict the over-supply of orders for the machine.

That machine is becoming more and more popular, and the increase in sales, our fairs will be held in the past few days, and the workmen are a success. Within the next twelve months, we will be able to test and prove worth, we predict the over-supply of orders for the machine.

Registration Date to be Determined

The registration date of the 10th annual fair to be determined by the Board of Directors.

To the Republican Voters Eighth Senatorial District

Barry Lawrence, as well as a Republican candidate for the Lower House of the General Assembly. A planer will complete twenty years of continual service for this district, and I have looked to that attainment of mine. I trust, pardonable, personal pride. However, most important is the fact that I have wished to aid Governor Lawrence in his efforts to secure a more fit place to live in after the boys come home from the war.

In connection with my record the Legislative Voters League said that "Edward D. Shurleff is a representative [sic] for Governor Lawrence and is in the lead. Had he not been for his efforts it is unlikely that the Governor's administrative code bill could have been passed. He refused appointment as head of the House Committee on War, most of his time is furthering the passage of administrative resources."

Governor Lowden said at Woodstock, September 6th, 1917: "I want to say a word about one of your citizens. I wanted to take advantage of an absence today. I refer to Mr. Shurleff. I want you people of this district to know that during the administration of the administration code he was with me and worked zealously and effectively for the passage of the bill. I am sure that he has no confidence that results would not have been what they were. And, whether we have peace or war, I shall need him more than ever in the future. Therefore, I want to say to you people here that you must not let him go. Therefore, I am a candidate for re-electing as I have heard him say."

I have had numerous conferences with Governor Lowden signs that time a program he is trying to implement in "selecting, revising, amending, and changing" the Illinois municipal code. In "Courts Practice matters"—in a "New Selection Law"—and in an effort to get a "NEW STATE CONSTITUTION," and to help make Illinois a better place to live in for its people.

I feel that the election of this man will know where I stand on public matters, and the services. I have performed, so that I need not restate them. I expect to vote for the National Amendment.

A camping in being made again, me, pretending to be friendly, toward the administration, and, insisting, that I shall have many votes to spare. If this advice should be reflected in logical conclusion, I would have no votes at all.

There purpose is to persuade the voters that they are free to me, that I am a candidate and elected without votes, and that "an issue" can be made for another man.

I expressly solicit the votes of every Republican in the district who believes I should be re-elected—and even at that it is more than probable I will have more than enough votes.

Praying you sincerely for your support and confidence in the past, I am—Very respectfully,

EDWARD D. SHURLEFF,
Marengo, Illinois

A FORMER BARRINGTON BOY
WRITES ANOTHER LETTER HOME

—
John L. Pritchard, son of Mr. and Mrs. William Pritchard of Barrington, has arrived from the West Coast and is employed on the paper for a number of hours each day. He writes his mother as follows:

Somewhere in France. Aug. 3, 1918

Dear Mother—Undoubtedly you are wondering what has become of me. I am glad to tell you that I am in good health in France.

The weather is very pleasant here, though it is not as warm as it is at home.

The French people are very friendly, coming by the French everywhere and speaking French, though there are many here in our own country.

Some months ago I bought a French rifle and I have been trying to learn to shoot it. I am expected to know all about the French rifle and how to use it when I get home.

I find that I don't, However that has been no inconvenience thus far, for I have had to shoot at the camp.

Things are getting better here with the money. I have very little when we arrived, but now I have a pocketful, but I have not been able to buy a cigarette and a handkerchief.

I cannot estimate, but it looks very impossible to buy a cigarette and a handkerchief and get back a U.S. note for cigarettes and get back a U.S. note for a handkerchief.

How to neutralize acid fruit juices and the like is a problem. I have a Mexican orange juice and a Mexican lime juice.

Of course you can't tell me much about this, but I can tell you that I am doing my best to help the American cause.

How to sterilize fruit juice without killing the juice for juicing, what is the best way to do this?

son, John, after a few days' visit

to the city, have gone to Milwaukee.

Maynard, at Racine, Wisconsin.

Edison Harasch has moved from the

Lake Michigan home he had occupied

a house in Lakeview.

E. H. Sodé and three daughters

Misses Clara Mae and Lulu, of Chica-

go, and Mr. and Mrs. J. J. Ladd, of

Lindenwood, are here with their

relatives several days this week.

Would you confess to yourself

that the secret of your success

is the secret of your love? See Louise

Garrison in the auditorium on Friday

evening, at 8 o'clock, in "Love or Justice."

J. L. Mathews has put a new

polish on his week while awaiting

to place the old door to the talerale

at the corner of Harrison and

Dearborn. It is a real door, he said.

One candidate for County Treasurer

has this morning with a clear statement

of how he would conduct his office.

It is Edward J. Yostman, vote

for him—Adv.

John W. Johnson, president of

the State Bank of Barrington, is con-

cerned at his home again with conditions

here, but he is hopeful it will con-

tinue to improve.

A young man, Mr. and Mrs. J.

Young at Kankakee, on Friday,

August 30, Mr. and Mrs. Young were

struck by lightning while they were

being employed by the Public Ser-

vice Company of Northern Illinois.
