

GROGERS PENALIZED
FOR OVERCHARGING

Three Illinois (Ill.) retail grocers have discovered that it is a poor paying proposition to overcharge for wheat flour in this time.

The voluntary reduction and enforcement of the Illinois division of the food administration announces release of a statement from Washington instructing that an order for flour should be placed with the Illinois division of the food administration. The Illinois division of the food administration has issued an order to the Elgin Grocery company, George J. Downing and Elgin Grocery company. The district states that the Elgin Grocery company and George J. Downing voluntarily discount for 30 days and the Post-Trade company for 30 days the flour and sugar, the order orders are to be withheld.

This is the beginning of the campaign inaugurated by the food administration against overcharges by retail merchants in necessary food commodities.

LET THE TURKEYS GROW

Now, when we have need for every ounce of food that can be put into the market for human consumption, whether for soldiers or civilians, it is the turkey growers in the big turkey country of the United States who are the young turkeys through the fall big game season.
