Here's a Chance For the "Dads"

"Why don't you give us older fellows a chance with pig?" asked a farmer here. There was no boy or girl, but I'd like to raise pigs like you are offering. Later a man in jeans made the same inquiry, and next day, still earlier wanted to start. In the pig business there is the failure of boy but the success already made in the pig business, and if we are going to let the rest of the dad in on it.

When we started the pig contest for the boys, we cut the price right to half. We wanted to get that well so the older men, but we failed to get the pig contest for the boys.

Pure bred Berkshire sow pigs will be supplied at the following prices by the Forkmeier Farm of Berkshire—Ten weeks old pigs \$35; twelve weeks old pigs \$40; and sixteen weeks old pigs \$45. The pigs will all be brought to Barrington and sold at auction. They will be sent to the buyer in his own pig if he wishes to keep it.

When the boys bring their pigs to Barrington next summer to be sold, we will be able to put the pigs to the test. They are to be sold to the highest bidder and you are to pay \$5 for each pig entered in the sale to help pay the cost of the sale.

We are going to advertise the sale widely and get buyers to come from away. You know folks usually are willing to pay more for hogs than they are to buy them, and we all want to make all that we can.

Why This Offer is Made

I hope that you have all the information that the Forkmeier Farm of Berkshire is making this offer to give. One of the pigs we have had. Possibly our object is to help.

We have had to buy about 300 head of pure bred hogs this year and we have had to go long distances for them. Two cars each were shipped from Missouri, one from Iowa, one from South Dakota, and smaller lots from Massachusetts, New Jersey, and Indiana. The expense of shipping these hogs to Barrington cost nearly \$400 just to get the two cars from Missouri last March.

Now, if we can get a number of older men right here in our own country, we can save from shipping to all our orders. We have paid \$60 for pigs up to \$100 for a boar, and then we have paid the shipping charges on top of that.

You can raise just as good pigs as the men in Iowa, Missouri, South Dakota, Massachusetts, New Jersey, and if you buy your start from us, you will be able to raise the very kind of pigs we want to buy.

We spend as much as \$200 a month every season for advertising, and that results in a loss to us. We offer you the full benefit of this advertising. Our own community might just as well have full benefits to divide with us.

The demand is getting bigger every day. The closing of the year is opening up foreign fields. In communications from many of the best companies, they are asking for Berkshire breeding stock. The Berkshire is known and liked the world over.

Who Has Bought Porkmeier Berkshires?

During the past twelve months breeders have visited our herd from the following states: Florida, North Carolina, Tennessee, New Jersey, Massachusetts, South Dakota, Illinois, Indiana, Ohio, Michigan, and Vermont.

During this time, our Berkshires have been sold as follows:

To buyers in Illinois.....130 head for \$11,200.....An average of \$83.00
To buyers in Indiana.....42 head for \$3,500.....An average of \$103.00
To buyers in Michigan.....4 head for \$350.....An average of \$113.00
To buyers in Florida.....1 boar for \$25.....An average of \$25.00
To buyers in Ohio.....1 boar for \$25.....An average of \$25.00
To buyers in Georgia.....1 boar for \$200.....An average of \$100.00
To buyers in Pennsylvania 1 boar for \$100.....An average of \$100.00
To buyers in North Carolina 4 pigs for \$400.....An average of \$150.00

This makes a total of 191 pure bred pigs for a total price of \$17,000, an average price of 89 cents per pig.

During the same period we sold 60 pigs for pork for \$1163 which is an average price of \$19.38 per pig.

Our pure bred average is 89 cents per pound.

We get \$100 an average 100 pound head, Roebuck Porkmeier, and during the same period we have received \$800 in pure bred hogs. This makes a grand total of \$10,400 received for hogs in twelve months.

Those in the village of Barrington who have bought hogs are: P. E. Meyer, Palatine; E. E. Miller, Carlisle; Herman Garbini, Frank Lister, E. C. Greif, Ed. Lagaschuta, A. D. Wade, and George Lagaschuta.
