BARRINGTON REVIEW

TELEPHONE 1-1111, BARRINGTON, ILL.

THURSDAY, JUNE 5, 1919

Ad residents we have good reason
to be proud of Barrington as a vil-
lage of neat, attractive residences,
a fine school system, a well-kept
shrubbery, and a wealth of beautiful
natural beauty. We hope that we
will not teach the children (and some
grown-ups also, for that matter) to
think that Barrington is the only
city of others. Keep on the cur-
bings, the lawns, the trees, the shrubs,
the flowers. Leave flowers alone; do
not take them or destroy them. The
sidewalks, the lawns, the trees, the shrubs,
if they are not, just spend the
time and money to make them
for your benefit. If you have paper
to sell, sell it. If you have a home
and lawn, then sell it. If you have
children, then teach them, quick, honest-
ing and get a home.A plan's been proposed for a
benevolent fund to be used by
the members of the church. It is being
organized by the American Commission
of the Methodist Church.The plan proposed would have agents
appointed in all agricultural centers
and in all cities where there are
large numbers of people.The plan would have agents
traveling from town to town, from
city to city, to try to become farm
owners and to help the co-operation
of the public to help them.When the time comes for the
agents to go to the cities, they will
not give up their farms and
make permanent homes in
the cities.But it is the plan to have
them become farm owners. "But it is
taken from the people, which is not
offered in return, and when the
people have the money, the only
end change can the plan have."

The Whole Secret of A Better Tire

Simply a Matter of the Maker's Policies

This you will realize—once you try a Brunswick—that a super-tire is possible only when the name certifies that the maker is following the highest standards.

For tire making is chiefly a matter of standards and policies—cost plus care. Any maker can build a good tire if he cares to pay perfection's price.

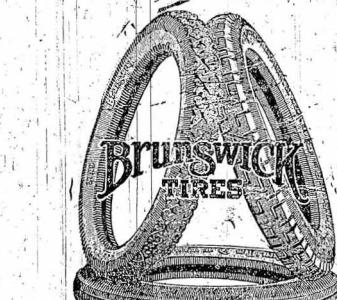

All men know Brunswick standards have been famous for 77 years.

Formulas, fabrics and standards vary vastly in cost. Reinforcement, size and weight are matters of expense. And these variations affect endurance. It rests with the maker how far he wishes to go—how much he can afford to give.

For there are no secrets nor patents to hold back.

To ascertain what each maker offers one must analyze and test some 200 tires—as our laboratories have done.

Then it is a matter of combining the best features and building according to the highest standards.

Once you try a Brunswick you will understand how we build model tires, regardless of factory expense.

Yet Brunswick Tires cost you the same as other like-type tires. Our saving is on selling cost, through our own organization.

We realize that you expect more from Brunswick, and we assure you that you get it. ONE Brunswick will tell the whole story.

And then you'll want ALL Brunswick. No other tire, you'll agree, gives so much for your money.

MAKING MISTAKES With Your Money

It is common experience that a man who prospers in his own business is so absorbed in it that he learns little about safely investing his own means. Often he falls a victim to promoters of speculative or worthless enterprises, or buys securities that are unsafe and prove failures.

Our Real Estate First Mortgage 6 per cent Gold Bonds are issued in most convenient denominations of \$100, \$500 and \$1,000, and the interest is paid promptly on the date of maturity. Our customers have never suffered any loss of money nor any delay in the payment of principal or interest on Chicago Real Estate Mortgage Bonds bought of us.

Sometimes a telephone user will guess at a number rather than take the trouble to hunt for the telephone directory, which may be mislaid. If his guess is wrong a useless connection is established, a third person is inconvenienced, time is lost, and the work must be done all over again.

Make it a rule to keep your directory near your telephone and consult it each time you make a call.

The use of handy lists of numbers frequently called is not advisable, unless such lists are corrected each time a new directory is issued. The use of the directory itself is always safer.

Farm Bureau Plans For Future

The Lake County Farm Bureau has increased its membership to such an extent that many changes are to be made in its organization to the best advantage for its almost 800 members.

Members will have to be more money conscious in the future. Plans will be definitely worked out whereby community chairman will be appointed to handle the work to be taken up in the various communities. This will enable time to be made as rapidly as possible.

The executive committee of the Farm Bureau in order to keep up with the growth of the organization has moved its headquarters to new quarters in the Proctor Building at 411 Main Street. The work to be done will be a room for a rooming house, a holding room, a meeting room and a room for a farmer's real room.

The Farm Bureau will have a \$10,000 building plant to the town and the rest of the new facilities and will be available for the use of any of the members of the community.

The office is open at all times to anyone who wants to talk to him. He will be glad to give, where one is a member, a dinner or a sing when he visits.

This same policy has been followed since the inauguration of the work in Lake County. The Farm Bureau here to serve the farm folk of Lake county is a group of people more pleasant and predictable.

First Grade

Because the three girls winners of Class E in the fifty yard dash for the Lake County Fair were all over the race over last Tuesday afternoon, with the exception of Misses Ruth Dornald, Helen Harbin, 1st, Wallace Wright, red ribbon, and Emma Landwehr, white ribbon.

There are now fifty-eight of us, a record number, in the first grade in home in South Dakota. We are sure that we are the best in the country, rather "unusually."

We are sorry to miss Miss Martin, who is now visiting nicely acclimated, and we envy the boys and girls who are staying.

Owing to the fact that it is getting close to the end of the year that they must leave us, with the exception of Misses Ruth Dornald, Helen Harbin, and to the following girls who have tried so hard to make the first grade a success and we wish in this way to thank Misses Ruth Dornald, Helen Harbin, and Emma Landwehr, white ribbon, Brockway. Their patients will be remembered.
