

COOK CO. FARMERS WANT MORE MEMBERS

MEMBERSHIP CAMPAIGN TO BE
STARTED OCT. 25

EIGHT MEN FROM I. A. A. TO HELP

Cook County Farm Bureau Plans to
Enlist Every Farmer in
That County

On October 25th eight men from the Illinois Agricultural association will come into Cook county and, with the leaders in high courtesy, will make a firm to farm visit to get members for the farm bureau and Illinois Agricultural association. When the campaign was conducted last spring the weather was bad and a great many farmers were not even in. In spite of this the Cook county farm bureau is going out with a stronger relationship than any county in the state after started with and many members have been coming in right along. One day last week nine new members were received. Great interest is being shown in the farm bureau, the Illinois claim, because this organization is taking up marketing and other problems that are of extreme importance at this time to its farmers.

To Organize Exchange

The biggest project before the Cook county farm bureau at present is the organization of a buying and selling exchange. Considerable work has already been done along this line. Tomato boxes were prepared at a saving of 10 cents per box and binder twine at 1/2 cent per pound; saving of 10 cents per bushel in raising of and shipping crates. Farmers are now being taken for cane seeds, potatoes, feeds, rock phosphate and lime.

Farm Advisor C. E. Davis is in the blue island office on Thursdays and at Arlington on Saturdays. The remainder of his time is spent in visiting farms of members, holding field demonstrations and evening lectures, and in working out the larger problems of members. An assistant farm advisor will be employed in the near future.

Since the campaign in March the farm bureau membership in Illinois has increased 45,000, making a total of 29,500 members. The state association is at present engaged in a

publishing a fruit and vegetable marketing department, a dairy marketing department, and a poultry marketing department. The poultry department will be the largest and will be the most important to Cook county farmers, as well as the livestock and grain marketing department, which is already at work. Experts will be in charge of each department and the farm bureau in co-operation with the farm bureau.

A Good Job

Very few farmers have their name on their mail boxes. Without a name on a box, clearly written, it is difficult to locate a particular farm. Experts will be in charge of each department and the farm bureau in co-operation with the farm bureau.

See P-7 in the Advertiser.

AUCTION SALE

Wm. Peters, Auctioneer
Having rented my farm, will sell at public auction on the premises, situated 6 miles northwest of Burlington, 3 miles east of Cary, and 1 mile west of Cuba Station, the following property:

J. WELCH & SON.

FARMERS BUY TWO OF BORDEN PLANTS

MILK PRODUCERS WILL CON-
DUCT CONDENSERS

BUY AT CHEMUNG AND ST. CHARLES

Marketing Company Increases Capital Stock to \$1,200,000 in Order to Buy Other Milk Factories

The Chemung and St. Charles milk condensing plants of the Jordan Condensed Milk Co. passed into the hands of the Milk Producers' Cooperative Marketing company last week, the marketing company paying \$175,000 for the two plants to be sold.

To make expansion of the marketing company possible and to finance the purchase of four more condensing plants, negotiations, which are now pending, the organization's directors have voted to increase the capital stock from \$100,000 to \$1,200,000. The increase was completed at a meeting of directors held in Chicago Oct. 6.

The two plants which are now pending, the organization's directors have voted to increase the capital stock from \$100,000 to \$1,200,000. The increase was completed at a meeting of directors held in Chicago Oct. 6.

There are 116 farmers taking in the St. Charles plant and 68 in the Chemung plant, the two plants having an average consumption of 140,000 pounds of milk each day. The Algonquin condenser of the Jordan Condensed Milk Co. is the only one remaining in this vicinity, four plants having been sold within the last two years, the Borden company taking the business in the locality in that instance.

PURE BRED HOLSTEIN SALE

FARM GROUPS
Libertyville, Illinois

MONDAY, OCTOBER 19th

Good land at farm.

JOHN DAMES

FORDSON Farm Tractor

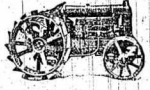

The Fordson cuts the cost of preparing land almost to half of what it cost with horses. But even more important is the fact that the Fordson saves from thirty to fifty per cent of the farmer's time. And time saves—getting things in shape to plant in the proper season; getting things done when they should be done—means money to the farmer. *Before it helps greatly in solving the labor problem.*

At over, the machine way is proving more efficient, faster, easier than the old hand way. In the factory, the machine increases production, saves labor—produces more at less cost. And it is what the Fordson does for the farmer. The Fordson way is the machine way of farming. *Before it helps the labor problem.*

The Fordson's first cost is low, and the after, or operating cost is low. It is a compact, easily handled tractor, backed by the greatest tractor service organization in the world.

We are Fordson dealers. Not only do we sell Fordson tractors, but we carry a stock of Fordson parts and employ Fordson mechanics to help the farmer get the best results from the Fordson.

Let us demonstrate the Fordson on your own farm.

Model M Tractor

Model M Tractor

Model M Tractor

Model M Tractor

Model M Tractor

Model M Tractor

The theory of the tractor on the farm is right—but it must be practical in use.

The simplicity and common sense of Samson Model M Tractor construction appeals to your reason.

The tractor itself uses up a minimum of power—a maximum of power goes into the work.

That is because strength has been substituted for unnecessary materials at all points. An even distribution of right weight, compact design and low center of gravity insure stability, mechanical dependability and lowest consumption of fuel.

Barrington, Illinois

School News

Room I

We were glad to welcome Clara Jacobson of Park Ridge to our room. We now have every seat filled.

We heard the story of Mrs. A. and are trying hard to learn some of that she will know all the things on page two of the plastic chart.

We also joined the Health Club and are going to try to do every such day so that our names may be placed on the crosser's honor roll.

Room II

The honor roll: Helen DeLong, Anne Gray, Caroline Cullen, Kathleen Gray, Bernadine Cline.

We hope, next month, we shall have more names for the honor roll.

Robert Dwyer has returned to school after being out several days on account of illness.

Room III

The close of the first month of school found the following on the honor roll: Leona Bueh, Alice Dornan, Erna Gottschalk, Charles Hawley, Verdelia Wendt.

Others are hoping to add their names to the list for next month.

The following have been notified absent and carry the month of September:

John Abrams, Emmett Armstrong, Willie Dwyer, Robert Gray, Percy Hoffman, Alfred Dornan, Betty Jordan, Harold Hanson, Betty Hells, Gladys Jura, Walter Leight, Russell Nichols, Frank Nightingale, Donald Schneider, Gordon Schmitt, Harold Schwann, William Thiel, William Trappell, Arthur Walbaum, Verdelia Wendt, Harold Work.

Room IV

Honor roll: Margaret Ambrosio, Marion Abbott, Willis Hells, Donald Marshall, James Flagg, Beth Schenning, Rena Schmitt, Margaret Wiley.

Next month we are sure our list will be longer. Many of us have been inactive during this month so our grades have not been as high as they should.

Lillian Jacobson has returned to our room, making 49 of us.

Our attendance for last week was only 50% per cent. Several were out on account of colds. We were glad to see Florence Housh back after her absence during the past week.

At last our geography books have arrived and we are to begin work on them next week.

Room V

Honor roll, for September: Syl-

vian Treigman, Anna Tish, Helen Gleason, Herbert Walbaum.

Those receiving 100 per cent in geography are: John, William, Ron, Kamie, Renee, and Herbert Walbaum.

Andy Tish and Noble Walbaum have been spelling every lesson the past month, as well as in the past two weeks.

A longer list of the end of the next month.

Room VI

We have changed our seating arrangement so that we have four rows of desks and three rows of boys. We hope this will be better. We have no seats but are using the boys. We hope in this way to make our department much better.

Honor roll: Grade 6, Lydia Jura, Grade 7, Grace Castle, Miriam Lytle, Harold Schroeder, Harold Anshel, Edith Work, Adeline Bismarck, Margaret Costello, Delmar Jura, Lucille Marone, Ralph Lohmeyer.

In the sixth grade Lydia Jura had the most 100 per cent papers in both spelling and arithmetic. In the seventh grade Miriam Lytle had the most 100 per cent papers in arithmetic.

In the boys' row in the seventh grade Cyril Triggall had the most 100 per cent papers in arithmetic.

And Kenneth Nowlan in spelling. In the boys' row in the seventh grade Harold Hildebrand had the most 100 per cent papers in arithmetic.

The highest mark in our history last week was given Grace Castle, Edith Work, and Harold Hildebrand.

Borghomere Notes

We had a test in geometry on our last week and the stars were very few.

We also had a test in English.

We received our report cards on Tuesday this week because that was the school's Monday as the teachers had to be in Dallas to a meeting.

There were some pretty long lines when we received the 3500 test papers.

In modern history we have just finished reading a manuscript and we are now making outlines.

We are looking forward to introducing Latin is now at hand. We are proud to say that two of the contributors to the Sophomore.

Junior Notes

Dorothy in the class in very in distress. She was ill. Miss Hells, our zoology teacher, requested that we make a collection of insects which is to be handed in on the 15th of October. This will dis-

insects. We spiders, dragon flies and other variety of insects.

We had a very welcome reception the extra study period, very much, as a great many of us needed

it badly. However we are sorry that it had to be at the expense of the teacher, Miss Hells.

Our English class last week took up the study of one literary work. We are waiting for the digest articles which will be in the Chicago books.

The basket ball game which was to have been played with the St. Louis last Tuesday was called off as they could not get all their players together as some were busy.

We wonder if that was the real reason. None of us have been able to go to the game. It was called off last few days, because we have all been interested in the schedule.

This was especially illustrated in Room II. One day, as an article was being read around the school, a member of the French class passed out of the window, and apparently imagined himself in it. Our teacher had been asking for some French, and seeing that this member was not paying much attention to French, she decided to give him a shock. She called on him for a sentence, but when he turned around blankly she said: "That's when a fellow needs a friend."

Miss Dwyer, employed by the Chicago Tuberculosis Institute spends one day each week in the Barrington school, making preliminary physical examinations. After this is completed she hopes to visit all homes in which there are school children having defects. The slogan of "Health first, education later" is in order.

To get an education, health must come first. This is just beginning to be appreciated by the public. Miss Dwyer hopes for the cooperation of every parent in this regard.

MINERS' QUIT SPAIN FOR U. S.

9000 Strikers in the Rio Tinto District Decide to Make Move—400 Others Leave

Madrid, Spain, Oct. 2.—More than 9000 miners who have been on strike in the Rio Tinto district have decided to leave for the United States and will leave Spain about the middle of October. Another group of 400 is leaving for another Spanish province.

SCHIFF MILLIONS AID CHARITY

Buquet Left Total \$100,000, according to Will Filed in Surrogate Court.

New York, Oct. 2.—Charities bequest totaling approximately \$100,000 were made in the will of the late Joseph H. Schiff, now filed in the surrogate court.

CHURCH ANNOUNCEMENTS

First Baptist

Regular services on Sunday at the First Baptist church. Rev. A. Redding, pastor, will be present at all services.

Bible school will be in session at all services.

Men's service will be held at 7:30 p. m. on Sunday. Subject of sermon—"Living Near the Lord of the Church."

Y. Y. P. M. 4:30. A live meeting by earnest young people.

Evening service, 7:30. Sermon topic—"A Portrait of Christ for the World of the Hour."

Stangers and visitors welcomed. Every member a popular place to spend Sunday evening and listen to a timely, helpful sermon.

Prayer meeting Wednesday evening, 7:30. Things that help in life are discussed. Meeting one hour.

B. Y. P. M. Notes

The lesson for last Sunday evening will be "The Years That Count." Psalm 119. The leader will be Miss Verne Thiel, and she will make this lesson very interesting. Every member is asked to come to this week with meeting and such up the leader and the society.

A. G. Goster and an active member. Join the movement for Bible study and let us be active in the capacity of helper.

Methodist Episcopal

Sunday morning Dr. John Thompson of Chicago will probably fill the pulpit, and also in the evening.

The pastor will greatly appreciate it if all the people will support the church services fully while he is out of the pulpit for a while.

A pastor of ability from Chicago will be returned each Sunday.

The pastor is required by Dr. Redding to rest in bed for a while to build up from the effects of a difficulty which he had.

Epworth League and Sunday school will be held as usual. Prayer John H. Delaney.

Service as usual next Sunday.

Sunday school at 9:30 a. m., preaching services, 10:30.

St. John Evangelical

Sunday Service

Bible school at 9:30 a. m., preaching services held at 10:30 a. m. Subject of sermon, "The Fifth Commandment." Pastor: Hildebrand. Junior league will be held at 4:30 p. m. Evening preaching at 7:30.

subject of sermon, "The Sign of the Resurrection: Literalism Recovery."

Mid-Week Services

Chimes No. 2 and 3 and the Junior class will hold their regular prayer services on Thursday night at 7:30 o'clock. Choir rehearsal Friday night at 8 o'clock.

The Young People's Missionary society meeting, which was postponed this week, will be held next Tuesday, Oct. 12, at 7:30 p. m. at the church.

The foreign missionary offering for last Sunday was remarkably large and the spirit in which it was given a real means of grace to the contributors.

Silken church is looking forward with pleasure to the happy event of a Sunday school rally Sunday morning, Oct. 11. A program is being prepared. All present members of the Sunday school are most cordially invited to attend.

Then, in the evening of the same day, Oct. 11, the members of the Evangelical association church of Elgin will attend the service at the Silken church and the pastor of the Elgin church, Rev. F. F. Jordan, will preach the sermon.

B. H. Schultz, pastor.

St. Ann's Catholic

Mass will be celebrated at 8 o'clock. Rev. Father, Pastor.
