

The store that tells the public what it is doing every day in the year is the store that gets there in the end.

ic Bodies to rge Community

playgrounds are the subjects, at two of the civic organizations of

tion, is now investigating the matter and probably will be able to make a report in a few days. The committee may be secured. The committee requests that it will be glad to receive suggestions from citizens.

More Activity Asked

After a discussion over increasing the membership of the Barrington Chamber of Commerce, a decision was made to appoint a committee to study the proposition. The subject brought out considerable debate. The reason of the complaint of several members was that the meetings were sparsely attended and the best way to be pursued would be to limit the membership to those who it was thought could be active in the chamber's

was ever present. Mr. Hecht seemed to him that the "Chicagopolis" rather depended upon him; that he felt that he could give answers; that all of them would be glad if their assistance were needed in any important matter. Mr. Hecht, who has been especially active in chamber affairs, said he believed the chamber of commerce was the one under which all the organizations ought to gather to promote the progress of Barrington; that he, therefore, was interested in the town and wanted to do everything possible

Schedule of Trains

discussed at some length by members of the chamber. It was brought to the discussion that the C. & N. railroad is now working on its new schedule of arrivals and departures and that if changes are to be made of advantage to Harrington, it is the time to confer with the officials. That, it is believed,

the meeting of the Chamber of
commerce, President C. J. Paxton
present on a special meeting of

BEANS GOOD BUT MEAT BETTER, TESTS SHOW

Many people believe that beans, when the meat is added, are a complete meal. The University of Illinois has conducted a series of tests to determine the relative value of beans and meat. The results show that beans are a good source of protein and carbohydrates, but they lack certain essential vitamins. Meat, on the other hand, is a good source of protein and contains all the essential vitamins. The tests also showed that beans are a good source of fiber, which is beneficial for the digestive system. The conclusion is that beans are a good food, but they should be eaten with meat to provide a complete meal.

ILLINOIS BELL TELEPHONE COMPANY
DALLAS SYSTEM
One Policy - One System - Universal Service

THE LAMPS You Use Should "Fit" Your Lighting Circuit

The question of "fit" in lamps is important. To insure 100% lighting value for your money, the lamp must be designed for the same voltage as the lighting circuit in your home.

For example, a lamp only half strong enough for your circuit, will burn out in forty minutes. A lamp twice as strong as your circuit requires will last many years but would give you only a fourth of the light you should have.

The "Lamp Exchange Service" of this company is maintained to furnish tested high-efficiency lamps, so that its customers may obtain the full benefit of their electric service.

A lamp display in store shows conveniently in many sizes, shapes and colors available for your use. Call in and see.
