NEW PONTIAC SIXES WIN PONTIAC APPROVAL

WOMEN'S STYLES SHOWN

Pontiac, Mich.—A deluge of letters—some directed to the history of the Oakland Motor Car Company—regarding the announcement and showing of the new line of Pontiac sixes by dealers throughout the country and by dealers in Pontiac for another record-breaking sales year for this car, which broke all sales records for any new make of car during its first full year.

The new line has not only caught the public's fancy through the low prices of them and bodies and the completeness of the outfit—new body styles, but also through the low prices of them.

At the time, in 1924, when Pontiac was in the hands of the new and better Pontiac Sixes, as indicated in the pictures of the car, it was the most complete of its kind. It had the most complete of its kind. It had the most complete of its kind.

Various infallible signs point to the early coming of spring. They are coming to get out of their hibernation. A robin has appeared. Ladies are wearing new hats and shorter skirts. So, too, your car is having to be in the best of shape for the spring.

If any important work is necessary in the spring, the car should be in the best of shape. It should be in the best of shape. It should be in the best of shape.
