

Dividends Cut on P. S. Co. Common Stock; Remains Same on Preferred Stock

The board of directors of the Public Service Company of Northern Illinois, at a meeting held June 22, declared a quarterly dividend of 50 cents a share on the company's preferred stock, payable on August 1, to stockholders of record July 15. This is a reduction of 25 cents per share below the quarterly dividend paid in the company's common stock since August 1 of last year. Prior to that time the dividend was \$2 per quarter. The directors declared the regular quarterly dividends on the six per cent and seven per cent preferred stock payable on the same date as the dividend on the common stock.

The reduction in dividends on the common stock was necessitated by the reduction in rates which will become effective July 1. These reductions were tendered in response to pressure of the Illinois securities commission, and will reduce revenue from the Indiana and gas business in excess of \$1,000,000 a year. The reduction affecting the electric rates includes the new three per cent federal tax on residential and commercial business transferred by recent act of congress from the consumer to the producer.

Local Brevities

VOLUME 48, NUMBER

First State Bank

Liabilities Are O \$3,111 in Quar

Liquidation Slow; Small of Bills, Payable Remain to Be Paid

Liabilities against the First bank were reduced by only \$1,500 during the three months which have passed since the liquidation was started by William Bussey, receiver. This disbursement left a balance of \$1,611.90 on the amount of \$3,112.90 in bills and bills payable to the Federal Reserve Bank, and Central Bank and Trust Co. when it later took charge of the bank on the morning of March 1. However, the statement showed a balance of \$4,524.80 which, if a large amount would reduce to \$3,585.70, which, if it were the amount that must be paid to the receiver, can be paid by paying off deposits and liabilities. Of the total amount available at the time of the liquidation, \$119,540.29 has been paid.

The report shows an accrued liability of \$113.32 to receipts for the month period. The quarterly report also shows a liability of \$1,717.47. The total accrued liability, interest, etc., amounted to \$2,100, covering a \$620-R liability over liquidation expenses.
