

EW—By Lane Bode

Keep them in their beds. All lessons are to be completed Friday afternoon and no extra lessons will be given until the week after next. This means that the students will be required to do their own studying and to be prepared for Monday morning.

Nothing New. Metal plating is not a discovery of recent years, according to a professor at Columbia university. He has endeavored after a study of a copper plate in the Metropolitan museum, thousands of years old, that it has a metal base of copper and a silver plating of a thin coat of cadmium.

Drive Sign Oppens With Khauk State Park

Mr. Kelly, who once held them prisoner for six weeks of the annual drive sign, was one of the six men who were taken during the war turning out to be a very interesting play. No one was given admittance to the annual business, yet, with the exception of the drive sign, the sign was, which I was unable to see. You will find the idea of an interesting play. Do not fall for it.

The famous composer and band leader Philip Sousa, a married man, has been erected in the city of Washington, carved in stone which lies his remains in the city of Washington, the stirring composition, the Stars and Stripes.

From Wheat to Bread. About 250 pound loads of bread are made from one barrel of wheat. Millers require 45 bushels of wheat to make one barrel of flour.

Words and Music Recorded. Words and music can be recorded and reproduced by an instrument in which is embodied a "talking wire."

Barrington Pin Leagues Plan to Bowl Next Week

The Barrington Bowling League will open its pin-crashing season on October 10 according to present plans. Treasurer Louis J. Miller states that entries for the teams are coming in slowly and unless a sudden spurt is shown the league may be operated with four teams instead of eight.

Quollia Palm Is Used for White Panama Hats

Panama hats, which have earned a deserved celebrity under the name, are rarely manufactured in Panama, but are made in the neighboring states of South America. They originated during the gold rush in California in 1849. Prospectors purchased these straw hats in Panama and naturally called them Panama hats.

Elephants Lose Hair Early

Elephants are fully covered with hair at birth, but this coat of hair, which is soft and downy, drops off in a few weeks and adult elephants commonly have only a tuft of hair at the end of their tails and sometimes a little growing about their ears.

Degree of Badness

Uncle Ab says that most of the things that aren't half bad are altogether bad.

Animals and Electricity. Writing for Everybody's Magazine, a biologist confesses, "Why some fish should be capable of generating electricity is a mystery, because no animals or birds can do so, nor can any reptiles. All we know is that they do, and that they use their deadly power to keep their foes at bay and also as a weapon of offense."

Naval Stores in 1600. In America the collecting of resinous sap from pine trees began as early as 1600, says the American Tree association. Until the middle of the Nineteenth century the methods employed were primitive and the uses of the product were limited. Later the number of uses to which the products were put were increased greatly.

MY-NAME STATIONERY

"A Writing Creation by Rytex". This is not the usual white bond paper that is so transparent but fine, heavy quality vellum made especially for social correspondence.

200 SINGLE SHEETS AND 100 ENVELOPES OR 100 FOLDED SHEETS AND 100 ENVELOPES \$1

Each sheet and envelope is printed with your name and address in clear distinct lettering. Attractively bonded for your writing desk. See this fine new stationery—examine it critically—compare it with anything you have ever seen selling at two or three times this price.
