Lake County Wins Cups for Largest Seal Sale

For the third consecutive year, Lake County Tuberculosis association won the silver loving cup presented by the state association for having the highest gross Christmas Seal sale of any county in the state, exclusive of Cook county. The local association also won the cup for the highest per capita sale this year. These cups were presented at a banquet held in connection with the annual meeting at Mt. Vernon last week. The seal sale total in Lake county was \$5945.50.

The association wishes to thank all the people of Lake county who contributed in any way toward the seal sale and who have made possible the carrying on of tuberculosis work in Lake county during the present year.

Dr. E. H. Smith of Libertyville, vice president of the local association, was elected to the board of directors for a period of three years, and W. E. Hall, treasurer, was re-elected to the executive committee. Miss Mary Kendall, executive secretary, was made secretary of the conference of tuberculosis workers in the state.

Wolves and Panthers That wolves and panthers annoyed Ohio's forefathers is evidenced by a legislative act of 1807, which provided that any county should pay a reward for each wolf and panther scalp taken within the border.

'No More Women,' 'Six of a Kind' at Catlow This Week

Katherine Hepburn's Latest Hit, "Spitfire," Coming May 16, 17, 18

planned Lowe and Victor McLaglen, two too boisterous, shouting, clowning pals, who have spent their way around the world, are at it again, forty-fourth under the sea, in the Paramount picture, "No More Women," which plays the Catlow theatre Saturday night. The story is a swashbuckling tale of two deep-sea divers in search of sunken treasures and beautiful women.

Short subjects will round out a very entertaining bill. Charlie Ruggles, Mary Boland, W. C. Fields, Allison Skipworth and George Burns and Gracie Allen, Paramount's leading comedians, are responsible for the funniest picture of the season, "Six of a Kind," which is the Sunday Monday attraction at the Catlow. The picture concerns the ridiculous adventures which overtake two simple souls who start out on their second honeymoon.

After twenty years of happily married life, Ruggles and Mary Boland start on their second honeymoon. To defray expenses, the advertiser, unknown to Ruggles, for another couple to drive with them, and Burns and Allen with a large fish-bowl answer. "It's as simple as a bank book. Ruggles' innocent gets mixed up in a bank swindle, and as if that wasn't enough trouble, he has the valuable stock of a defunct gold mine thrown in his lap.

Then, with George Burns and Gracie Allen harrowing laughs, he is way all along, and with W. C. Fields and Allison Skipworth waiting at the end of their journey, his second honeymoon turns into a complicated mixture of laughs and troubles.

In addition to the feature picture, short subjects include up a program of variety. Ruben will be seen in a band act; cartoon comedy and descriptive news events will be shown. He has the music singing will be a further attraction.

Today's night of next week will bring a street revival of Joe E. Brown's famous baseball epic, "Fireman, Save My Child." There have been a number of requests for a re-showing of this picture, for a bargain night in the early days of the baseball season was chosen for the return date. Heart's dramatic news, cartoon and comedy will be added to the bill.

Forging still another link in her chain of outstanding successes, Katherine Hepburn will be seen in her latest, and what is said to be her greatest, screen hit to date, "Spitfire," a pictorialization of the Broadway stage success, "Trigger." In this she appears as Trigoon Hicks, an elemental girl of the Carolina mountains, a blend of mysticism, combativeness, and loving sentiment.

"YOUNG MAN!"
LET ME TELL YOU,
HOW I'D BUILD A REFRIGERATOR"

I WOULD begin with the inside, and make it as big as I possibly could. I'd plan my shelves to fit the things I put on them. Space for tall bottles—a container for green vegetables—a place for butter and eggs. I'd make it easy to take dishes out, and put them back, and rearrange them.

On my refrigerator, I want a door I can open with both hands full of dishes. Think what miles of walking it would save! I use lots of ice, and I want to be able to freeze cubeoat desserts in a hurry, without freezing other things on my shelves. I'd provide a way of regulating temperatures.

Of course, I'd make my refrigerator beautiful. I'd insist on white finishes—and I mean white that stays white. I'd leave the refrigerating mechanism to the engineers. But it must be quiet and dependable—and construction must be strong. I want my refrigerator to last a lifetime.
