vice commander: Jack Matisek, sergeant at arms, and Emil Miller, finance officer. Dr. William Sandell was elected chaplain. The office of assistant is appointive and will be filled again by Arthur Martens, according to Commander Schreiber.

A precedent was broken Thursday when for the first time in the history of the post the officers were re-elected for a second term. No contention for the offices developed except in the case of election of a commander. Mr. Schreiber who was the choice of the nominating committee to carry out a progressive program he inaugurated last year was elected over Mr. Shoup, successful membership chairman and senior vice commander nominated from the floor.

With the new fiscal year starting August 1 the annual membership drive will be launched about that time. During the present year a membership of 198, the second highest in the history of the post, has been attained.

### H. Kelsey Offers Relief Men for Jobs in Village

Continued from page 1 would not be used by vehicles but would serve an important purpose in keeping children off the two highways.

Other suggestions offered for improvement in the village included trimming of trees, improvement work around the village dump, road work and extension of Railroad street from Cook to North avenue.

Mr. Kelsey declared that he can provide the relief workers at any time the village is prepared to undertake a worthy project. There will be no labor costs, he said, and the cost of materials may be partly paid for by the relief. Workmen's compensation insurance would be bought by the township, he added.
