

R. Lyons Endorsed by Two Groups in Coming Primaries

Richard J. Lyons of Libby has received endorsement from the Illinois Agricultural Association for the staunch support of the program in Illinois. This endorsement is in honor of Lyons' record in voting for the 100 per cent and that he voted for every bill that would benefit agriculture. The farm association in its endorsement indicates its support for Lyons to continue his support for the farm groups.

Lyons also received support of endorsement of the League of Women Voters of Illinois. In their report they state, "He shows unusual courage and effective leadership in fighting for good measures, and in opposition to bad measures. He has various sessions of education."

The tendency that Rep. Lyons displayed in pushing measures that would benefit the general public and taxpayers is lauded in a majority of work of the last session of legislature.

Lyons' opponents killed Lyons' fight to increase income tax to a flat 3% and state that he will again introduce it at the next session to give the motorists a real relief. Instead of the reduction of the administration was forced upon the people.

There will no doubt be re-elected by a large majority," is the opinion of political forecasters.

To the Voters of Barrington Township

I am a candidate for Township Committeeman for Barrington Township on the Republican Ticket at the coming Primary Election, April 14th, 1936. My record as a Township Official of your Township is as follows:

I was elected to the office of Town Clerk in 1929. At this time we were confronted with a deficit of about \$2,000.00 not including two years' salary of the Highway Commissioner which was in arrears making a deficit in our Township account of about \$2000.00.

Cooperating with the Supervisor and the Highway Commissioner we gradually increased the Township Levy and reduced the Highway Commissioner's Levy proportionately so that at the present time we have a Balanced Budget in both the Township and the Highway Commissioner's accounts—with a fair working balance on hand.

We have no Bonded Indebtedness.

We have also purchased a 40 Horsepower Caterpillar Tractor, Snow Plow, Grader and Scarifier.

We have made a 25 per cent. payment on same and have three years to pay the balance in three equal yearly installments.

This has been done with no extra cost to the Taxpayers.

As Town Clerk I have discharged my duties in Township Elections and have always entered the names of candidates on our Township Ballots in the order that the offices were filled thereby assuring a fair and unbiased election.

I feel I have served you faithfully as a Township Official and that I am competent to fill the office of Republican Township Committeeman.

If you feel that with the above record you can give me your support in the coming Primaries same will be gratefully appreciated.

Respectfully,

Henry O. SODT
Town Clerk.

'MOBILIZE' FOR SAFETY

AT THE SIGN OF

Friendly Service

MOBILIZED FOR SAFETY!

THIS SAFETY STICKER SHOWS THAT YOU'VE DONE YOUR PART

IT'S PROOF that your headlights, brakes, wheels, steering, and battery were checked for safety... that you are a careful driver.

YOUR FRIENDLY SERVICE man is cooperating whole-heartedly with motorists in America's Safety Drive. He knows that worn parts can't be safe... that your only protection lies in proper engine, gear and chassis lubrication... at regular intervals.

And since wear leads to accidents... particularly in spring as days get warmer and winter lubricants lose their efficiency... it's time for action now!

Don't risk another day driving with cold-weather lubricants. Remember that we have been through the most severe winter on record... that never before have motors, gears, and chassis undergone such terrific strain.

After your Friendly Service man completes the three operations listed at the right... and gives your car free "Double Inspection" service to detect mechanical wear... he will place the Mobilized-for-Safety sticker on your windshield. While there, ask him to fill your tank with Safe Mobilgas... seasonally balanced to give you peak summer performance... at less cost per mile.

- SAFER ENGINE**—Close-disked crankcase oil lets metal touch metal, causes wear, heavy expense. Mobilize for Safety.
- SAFER GEARS**—Winter-wear gear lubricants no longer protect. Consult your Friendly Service man for the proper summer grade of Mobil Oil Gear Oil. Mobilize for Safety.
- SAFER CHASSIS**—Mud-caked chassis greases restrain springs... bind wheels... prevent safe steering. Mobilize for Safety.

YOUR CAR WAS SAFE WHEN BUILT... KEEP IT SAFE!
