Judge Gutknecht Will Be Speaker at Legion Dinner

Community Affair Planned for Monday Evening May 11

Guests attending the second annual Legion community dinner in the parlors of the Methodist church May 11 had better come on foot or drive their cars in second speed as Judge John Gutknecht, who imposes a flock of fines on reckless drivers every day in the Chicago municipal traffic court, is going to be present at the dinner.

Judge Gutknecht will be the principal speaker and probably will relate many interesting anecdotes from his experiences in traffic court. Residents of this and other communities within radio range of Chicago have listened to Judge Gutknecht's trials which are broadcasted over the radio four mornings each week. Many persons will want to attend the dinner and hear Judge Gutknecht.

Arrangements for the dinner were announced following a meeting of the Legion committee Monday night. Dr. C. H. Kellam, chairman, reported that the ladies of the Methodist church will serve the dinner in the church dining room at 6:45 o'clock. A short musical program after the dinner will be followed by Judge Gutknecht's address.

Mrs. Fred Record Speaks at Garden Club Gathering

The Village Garden Club of Barrington held its regular monthly meeting Monday at the home of Mrs. Allen U. Hunt.

Mrs. F. A. Record was the speaker of the afternoon, her subject being "Materials for the Garden."

Mrs. Record illustrated that in gardens of olden times, as the Garden of Babylon, there were many of the same species of flowers, shrubs, and trees as are seen today in gardens. The main difference now is that many new varieties of those species have been developed.

"Much progress has been made in horticulture," said Mrs. Record, "by grafting and hand pollination."

Mrs. Record concluded with the names of the finer varieties of many shrubs, bulbs, perennials and annuals for the benefit of the club members.

Assistant hostesses for the afternoon were Mrs. R. D. Wells and Mrs. E. F. Wichman.

Mason and Hall Almost in Dead Heat at Finish

Lake and Cook County and State Winners Are Listed

While the victory of C. Wayland Brooks for republican nomination and Henry Horner for democratic nomination for governor overshadowed in popular interest all other results of the primary Tuesday, several close races for less important nominations kept telephones, newspapers and radios busy disseminating information Tuesday night, Wednesday and Thursday morning.

In Lake county the neck and neck race for republican nomination for state's attorney was of special interest. Early Thursday morning Charles Mason, present state's attorney, was claiming victory by 36 votes while his opponent Harry Hall was claiming victory by 47 votes.

Charles H. Francis of McHenry was in second place in the race for republican nomination for two state legislators from the eighth district, but Nick Keller of Waukegan was close enough to hope for victory. Dick Lyons of Libertyville was way out in front with almost enough votes to give him a majority over all of his five opponents.

H. D. Kelsey of Barrington, while he carried his own community by a gratifying majority was defeated along the north shore.

Proclamation

In harmony with a custom of progressive American communities of conducting civic spring cleanup drives, the village of Barrington, by order of its president and board of trustees, will set aside one week for its citizens to cooperate in a general and concentrated tidying up campaign.

Village streets and parkways are now being torn up in an extensive sewerage system rebuilding program which will detract from the usual tidy appearance of Barrington next summer. For this reason it is especially desirable that attention be given our homes and lawns this spring. By cooperating in a cleanup campaign this spring, citizens living in the village will help to offset the unfavorable appearance which will result later from the construction project.

In order that this program may be carried out to the best advantage, I designate the week of May 4 to 9 as cleanup week in Barrington. During that time, residents may place tin cans and other rubbish in boxes and bags on the parkways to be picked up by village workers and trucks May 8 and 9 and hauled away. Ashes and large articles such as automobile fenders and bodies will not be picked up and hauled away.

I hereby urge that all residents cooperate whole heartedly in this campaign to give Barrington the best possible appearance.

(Signed) EARL HATJE
President of the Village Board of Barrington.

Gieske to Ask for Recount; Democratic Balloting Is Heavy

A recount of votes in the election of Barrington town republican committeeman will be asked by Dr. A. G. Gieske, he indicated Wednesday evening after complete returns were in from the three precincts. According to unofficial returns, Henry Sodt defeated Dr Gieske by six votes, the final count being: Sodt 295, Gieske 289.

Howard Brintlinger defeated George Wagner 245 to 132 in the Barrington race for democratic committeeman. In Cuba, J. Trestik won over four other candidates receiving 60 votes to 47 for William Gallagher, second high. In Ela town, Arthur Froelich won the republican committeeman job with nearly double the combined vote of his two opponents. Rudolph Berg, republican in Cuba and Ferguson Harkness, democrat in Ela, were unopposed and were elected.

In Palatine town Lalonde defeated Meyer for the democratic job and Howes defeated Plate for the republican job.

The comparative vote in the four town area is interesting. In Cuba, despite a democratic rivalry for committeeman, more than four republican votes were cast to each democratic vote. In Ela the vote was two to one republican. In Barrington town the vote was about three to two republican and in Palatine the vote was seven to six democratic.

High Wind Sends Sign Crashing Into Display Window at Ankele Bakery

High winds tore a projecting sign from the front of the Ankele Bakery, 119 E. Main street, and swung it crashing through the display window, showering the store and street with flying fragments of glass while the shopping district was heavily congested Wednesday afternoon.

The sign was suspended on a steel pole projecting over the walk. The force of the wind tore loose its holding bolts at the base and allowed it to swing on the guide chains. The wind tossed the sign wildly about, striking the side of the building and a car parked in front of the store.

No pedestrians were in the immediate vicinity and possible personal injury was averted.

Hold Funeral Rites Friday for Father of Local Residents

Funeral rites will be held Friday at the Methodist church in Crystal Lake for August Henry Klein, 88-year-old resident of that village. The services will be at the home at 1:30 p. m. and at the church at 2 p. m. Rev. W. A. Stauffer will officiate, and burial will take place in Evergreen cemetery in Barrington.

Mr. Klein, who resided in this community for many years, passed away at his home Tuesday night after a period of failing health. He had not been well since the first of the year and was confined to his bed for the last month.

August Klein was born in Germany on July 30, 1854. He came to this country when he was 15 years old with his parents, Mr. and Mrs. Emil Klein. They resided at Milburn, Ill., until he was 25 years old. He married Anna Sheck March 20, 1879. There are five daughters, Miss Ether, Chicago; Miss Bertha, at home; Mrs. William Johnson, Elgin; Mrs. George Landwer, Barrington and Mrs. Julius Landwer, LaPerte, Ind., and three sons, George, Colorado; Fred, Elgin; and Charles, Barrington. One child also preceded him in death. Eight grandchildren and two great-grandchildren survive him.

Men's Club Will Hear Police Talk at April Meeting

Captain William A. Rogers, educational director of Juvenile Police schools of America, will address the Men's club at its monthly meeting Thursday night, April 30, at the Methodist church parlors.

Mr. Rogers will speak on "Crime on Parade" and "Fingerprinting as a Public Utility."

He was selected to speak at a previous meeting in February but the severe weather forced a cancellation of the session. This will be the first dinner the group has held this year. A series of unforseen events brought about the adjournments.

Mr. Rogers has been connected with research work on reasons and results of criminal life. He has addressed many large groups on this subject and those who have heard him say he has an important message. His second topic will deal with the development of fingerprinting as a means of identification not only for criminal records but for business as well. He will have pictures to illustrate his second topic.

Arrangements for the meeting are under the supervision of a committee consisting of E. S. Smith, Q. R. Paulson and Charles Elsner. Dinner will be prepared by ladies of the Methodist church and the program will start at 6:30 p. m.

Village Clean-Up Week of May 4-9 Is Set by Mayor

Review Will Cooperate With Village Board in Campaign

Balmy weather and increasing hours of sunlight are encouraging more and more residents of the village to begin annual housecleaning, outside decorating, and garden planning jobs. The urging yard and garden improvement, Earl Hatje, village president, has issued a proclamation designating the week of May 4 to May 9 as the annual clean-up days in Barrington.

During that time residents will collect all rubbish except ashes and large objects such as automobile bodies, and place them in boxes and bags on the parkways. The village trucks will be driven through the residence districts on two days, May 8 and 9, for collection of the waste and cans to be hauled to the village dump.

Boy scouts are expected to take an active interest in the movement again this year as they have done previously. In 1935 the scout units patrolled the vacant lots in the village and collected debris found in many places. As well as being a beautifying project, the cleaning up of vacant lots will satisfy an ordinance designed as a health measure.

The fact that village streets are being torn up for installation of the separated sewerage system makes cleanup week in Barrington especially important this year. The streets will not have their usual attractive appearance during the summer months but neat and tidy yards and gardens will partly offset the appearance of parkways.

For the interest of gardeners, horticulturists and tree amateur experts, Miss Olive Dobson, local

Soil Conservation Program Launched in Lake County

Applications for Emergency Crop Loans Are Being Received

A meeting was held for the county directors and community committeemen who were elected at a series of meetings held in five communities last week. The board of directors met Tuesday at Farmers' hall, Grayslake, and after adopting the constitution and by-laws for the county organization, elected C. A. FaCulkner of Gurnee, president; Joe Keister of Prairie View, vice president; H. H. Grimm of Antioch, member of the county committee; Vincent Casey of Libertyville, alternate; and Earl Kane of Mundelein as the fifth member of the board.

Following the organization meeting, John Baumgarner of the state board of review of the soil conservation committee, gave the community committeemen instructions as to getting information for the AAA sheets, one of which has to be filled out for every tract of land in Lake county.

The community committeemen for the northwest community are: C. A. Faulkner, Don Adams, H. C. Ames, R. E. Hook; for the north west community: H. H. Grimm, Philip J. Wagner, Earl Paddock, and Frank Cremin; west central committee: Earl H. Kane, August C. Meyer, Harry Matthews, and R. C. Hallock; south east community: Vincent Casey, Albert J. Stahl, LeRoy Kane, and Park Allanson; south west community: Joseph Keister, Otto L. Obenauf, George Grever, and Otto Metzler.

After these community committeemen have obtained work sheets for every tract of land in the county, they will be tabulated and bases for soil depleting crops will be established for each farm. The community committeemen will not have time to spend on working out each individual farmer's program for 1936, but H. C. Gilkerson, farm adviser, has made arrangements with the agricultural teachers in the county, and any farmer who needs help in the various communities can secure help from C. L. Kutil, Antioch, Gilbert Clem, Gurnee and W. D. Buddemeier at Lake Zurich, or any farmer can secure help from the farm adviser, at the Farm Bureau office.

Emergency Crop Loans

Applications for emergency crop loans for 1936 are now being received at the Farm Bureau, Grayslake by A. A. Shelton, field supervisor of the emergency crop and feed loan section of the farm credit administration.

Farmers are not eligible for emergency crop loans if they can borrow from an individual, production credit association, bank, or other concern. Farmers will also be considered ineligible if they have an application pending with the resettlement administration, have received assistance from that organization this year or are indebted to the resettlement administration for an unpaid loan. As in the past, the security for an emergency crop loan will consist of a first crop lien on the crop financed. Landlord or others having an interest in the crop to be financed will be required to waive their claims in favor of a lien to the governor of the farm credit administration until the emergency crop loan is repaid.

Your Car was Safe when Built . . . Keep it Safe!

1 SAFER ENGINE—Choke-thinned crankcase oil causes dangerous wear. Play safe! Mobilize for Safety.

2 SAFER GEARS—Consult your Friendly Service man for the proper grade of Mobiloil gear lubricant.

3 SAFER CHASSIS—Frost-caked greases restrain normal steering. Take no chances. Mobilize for Safety.

MOTHERS KNOW the need for safer driving. It is their God-given duty *to protect.* They know that safer driving involves two factors . . . more care in driving, and better care of the car. *Worn* parts cannot be safe. And it is obvious that *proper lubrication . . . at regular intervals* . . . is your only release from wear.

So, head for the Sign of the Flying Red Horse . . . for summer Mobiloil, *the world's largest selling motor oil,* and Mobilgreases of the correct specified grade. Fill up with *safe* Mobilgas, too.

Then put your car through our free "double-inspection" service that checks brakes, steering, wheel alignment, headlights and battery. If "O.K.", your Friendly Service man will give you the "Drive Safely" emblem for your car . . . or attach the "Mobilized for Safety" sticker to your windshield. It shows that you are doing your part.

Invalids gain faster with this marvelous new tonic which helps to build healthy, red blood corpuscles

It is remarkable how much better Pursang makes invalids feel. And not only invalids but those who always feel "half sick" because illness, overwork, wrong food or lack of exercise have reduced the iron content of their blood.

PURSANG

Physicians and hospitals now often prescribe Pursang as an aid to convalescence. If you are tired or nervous, can't sleep or eat well, or find it hard to recover from simple illnesses, try Pursang for a week or so. See how much better you feel.

Ford — FOR ECONOMY

"The Ford V-8 uses less fuel and oil for the power it gives than any other car we have ever made

AND ITS UP-KEEP COST IS THE LOWEST"

ENTHUSIASTIC sales talk often begins and ends with gasoline mileage. Some salesmen would like you to believe it is the whole story of automobile economy. But drivers ought to know better. For, the fact is, it's way down the list.

The big items of car economy are low first cost, low up-keep cost and low depreciation. Savings here can make a great deal of difference in cost per mile. Gasoline mileage is more of a talking point than an economy factor.

Check up and you will find that the difference between 17 and 19 miles a gallon is less than $10 for a whole year's average driving (8400 miles at 18 cents a gallon). Here are the big items that make the Ford the most economical car:

More value for every dollar you pay.

Lower cost for repairs and service.

Long life. Slow depreciation.

Quality means economy and the 1936 Ford V-8 gives you more real quality than any other low-price car. No other car under $1645 has a V-8 engine. No other low-price car has Center-Poise Riding, safe, sure mechanical brakes and Safety Glass all around at no extra cost.

$25 A MONTH WITH USUAL LOW DOWN-PAYMENT, BUYS ANY NEW FORD V-8 CAR ON NEW U.C.C. 1½% PER MONTH FINANCE PLANS.

Barrington Woman's Club

To a regrettably small audience, Mrs. Ralph Keeling gave an excellent paper on modern poetry as the closing session of the Literature Study class, Thursday, April 9.

Mrs. Keeling selected as her text, "Tendencies in Modern American Poetry" by Amy Lowell, a book dealing with poets from 1900-1917. Miss Lowell says that poets are the advance guard of literature and life. The six poets most completely discussed were Edwin Arlington Robinson, Robert Frost, Edgar Lee Masters, Carl Sandburg, H. D. and John Gould Fletcher.

Robinson, a New Englander, wrote of realistic things—human nature, simple, direct, and as it is. His desire to break way from his Puritan background created a struggle in his heart clearly shown in his poems.

Robert Frost, also of New England, was a poet of poetic realism. His poetry is all sad and shows keenly the disease eating at the heart of rural New England. His poetry suggests the hardness and roughness of New England granite. Frost and Robinson may be classed as evolutionary poets, whereas Edgar Lee Masters and Carl Sandburg are distinctly revolutionary. Masters, of pioneer stock, marks the turning point in his dealing with dominant Americanism. His Spoon River Anthology is his best remembered work. Sandburg takes us one step further along the barrier of change with his dissatisfaction and idealism. He startled the world with his "Chicago" in 1914.

The poets classed as imagists, those adhering to a particular school with rules, are H. D. or Hilda Doolittle, and John Gould Fletcher. The rules imposed were very strict.

H. D.'s poetry is of the exquisite quality of cameos. The only possible criticism of it is that it is overmeticulous. Fletcher, on the other hand, has vigor and imagination. His poem of Lincoln is, according to Amy Lowell, the finest ever done in the English language.

Mrs. Keeling spoke most praisingly of Amy Lowell as a crusader and a poet of genius rather than of rule. Her "Patterns" was enjoyed by all.

Vachel Lindsay, though not mentioned in Miss Lowell's book, was one of the finest interpreters of the negro race. His poetry must be read aloud to be appreciated. The speaker interspersed her talk by reading excerpts from the works of the poets discussed. From the works of Edna St. Vincent Millay, Mrs. Keeeling read with great understanding the "Ballad of the Harp Weaver."

Scout Executives to Instruct Class in Scouting Work

Plan Five Sessions at Scout Cabin to Create Local Interest

Persons interested in scouting as well as those wishing to become better acquainted with the movement will have an opportunity to study the many phases of work at a special training course to be started this evening, April 16, at the scout cabin under the direction of Donald E. Kyger, scout executive.

The course will be known as "A Bird's Eye View of Scouting" and will run for five consecutive meetings. The purpose of the course is to present a general outline of scouting organization, principles, objectives and program. Classes will begin at 7:45 p .m. and the dates for them are April 16, April 23, April 30, May 7 and May 14.

The meetings will be open to the public, and particularly to those not associated with the scouting program in Barrington. At the monthly meeting of scout executives held last Thursday the leaders expressed a wish that more local persons would become interested in the idea of doing actual service work.

A board of review will be held Tuesday, April 21, and a court of honor will follow on May 5, both events starting at 8 p. m. Troop 23s will be host on both occasions at the scout cabin.

According to W. R. Chapel, merit badge councilor, this will be the last court of honor and board of review prior to the closing of school. He has urged all scouts to prepare for advancement on May 5.

On Monday evening, April 20, the council exhibers will meet with Paul Pohlman at his place of business in Barrington. It is to be a general meeting of the cubbing council to discuss district events. Members of the committee are: Paul Pohlman of Barrington, E. J. Smith of Barrington, John S. Crout of Park Ridge.

The regular monthly meeting of the commissioner's staff will be held Monday evening, April 20, at the home of district commissioner Earl R. Henderson in Niles Center. Henry Lipofsky and Roy Willmering are the two commissioners in Barrington.

Local Art Class Receives Letter for Poster Work

Students in the art classes of the public school received recognition for their work done in creating posters to be used during conservation week throughout the state in a letter from Jessie C. Creasap, chairman of the program.

A large number of posters expressing different ideas on conservation were created by the local art classes. Some of the posters were used at the flower show held recently at Navy pier in Chicago.

The letter addressed to E. S. Smith reads in part as follows:

"The conservation week committee wishes to thank you and Mr. Smiley, art director, for the outstanding posters made by students in your school. They were exhibited at the flower show, and caused a great deal of comment, and as you know, will be used in publicity for conservation week. Not only the work was of such fine quality, but the thought in each poster told the story of conservation."

Charlie Chaplin Coming to Catlow in "Modern Times"

Famous Comedian of Silent Screen Returns in Great Comedy Hit

Throughout the entire movie world no name is so well known as Charlie Chaplin's, and no films are so eagerly awaited as those in which he is starred.

After an absence of nearly four years Chaplin returns to the screen in his new production, "Modern Times," written and directed by himself. It is scheduled for screening at the local theatre Sunday matinee and evening, and Monday and Tuesday nights.

The story strikes an ultra-modern note with Chaplin as a mechanic among the huge wheels, dynamos, whirling belts, giant presses and drills of a 20th century steel plant. This environment offers entirely new comedy situations for the little man with the big shoes and baggy trousers.

Pauline Goddard, Charlie's new leading lady, plays the romantic role while Chester Conklin and Hank Mann, associated with Chaplin in former comedies, have important roles in this film.

Immediately following "Modern Times" will be the Wednesday-Thursday showing of "The Ghost Goes West."

The brilliant Robert Donat is seen both as Donald Glourie, an impoverished young Scotch highlander who is forced to sell his haunted ancestral castle to an American millionaire and also as the personable shade who strolls the castle halls.

Tonight and Friday will bring to a close the screening of "The Trail of the Lonesome Pine." This picture was filmed largely out-of-doors in natural color, and is heralded as a production of outstanding beauty. Sylvia Sidney, Hendy Fonda and Fred MacMurray are starred.

Crashing to a new high in amazing adventure, and presenting a most unusual trio, "Tough Guy," a startling story of the secret service, comes to the Catlow screen Saturday night.

Its three characters are a hunted crook, a boy and a dog. Jackie Cooper, of "The Champ," Joseph Calleia, of "Riffraff," and Rin-Tin-Tin Jr., police dog actor, are the three comrades amid the hectic pursuit and hair's-breath escapes in a chase with the secret service.

WPA Officials Begin Ela Township Project for Roads Improvement

"EARLY FEEDING BEST FOR LAWNS"
—MASTER GARDENER

"By far the most profitable time to give your grass a square meal is early spring, just as soon as frost is out of the ground.

"Feeding at this time gives your grass a big head-start over weeds, which don't begin to grow till later. When they *do* start up, they find mighty little room, and lots of them are *choked out!*

"But," adds the Master Gardener, "by a 'square meal' I don't mean manures or bone meal or sewage fertilizers. They supply only two or three of the *eleven* food elements growing things need from the soil. *I'd* advise you to use VIGORO, because it provides *all eleven* in balanced proportions."

Vigoro is sanitary, odorless, easy to apply. Economical, because its results are *sure*. Order enough *now* to give your lawn a *square meal*—4 lbs. per 100 sq. ft.

MILLER BROS. FUN & FACTS

NO. 11 Barrington, Illinois, Thursday, April 16, 1936 VOL. 7

When the first breath of Spring comes we feel the urge to get out and plant something, but cleaning up and painting up should come before planting.

Robert Showers, who owns a farm west of Barrington, has just purchased an F-12 McCormick-Deering Farmall Tractor which we delivered yesterday. With this dependable power they are enabled to do their work in season and to take the greatest possible advantage of favorable weather.

Blissful Blunders No. 5

"Don't bother to thank the customers . . . they'll come back anyway."

Myers Bros. say it pays to build good pumps. We say it pays to sell good pumps. You will say it pays to buy a good pump; if you buy a Myers pump.

We feel that we must mention it every so often: Our telephone number is 225.

The Spring season is always the repair season. That's the reason, we know, we're getting so many calls for repair items.

Efficiency

A woman doesn't need to tell her husband that the most helpful thing he can do at house cleaning time is to put on his hat and get out of the way.

The first moustache comes on the installment plan—a little down each week.

Spring time is chick time. The first four weeks are the hardest, always. A good brooder stove is essential. Better get a Jamesway Oil Burning Brooder. You should see it; by all means! Come in!

Let's boost the things to boost about, and fix the things to knock about.

DISTRICT LEAGUE

With each man averaging better than 530 for the evening, the Gold Star outfit rose up and hammered three games from the second place Buick-Pontiac team in the district bowling league Friday night. The loss was not fatal for the Jefferson Ice five last two while winning one from Miller Bros.

Jefferson Ice boys were in a position to take second place with the Buick-Pontiacs slipping, but failed to dent the Miller Bros. keglers. The matches this week will bring the Jefferson and Buick-Pontiac teams together in what should be a heated session.
