Some Comets Are Tramps

Some comets regularly visit our sun family, and these travel in the same paths around the sun all ways. Others are sudden visitors from far-off spaces. These are tramps whose actions cannot be predicted, and often they disappear as strangely and as suddenly as they came. Scientists believe that they have strayed from other sun families, perhaps, and are veering crazily through space, attracted by an sun which they approach.

WE'RE not one to suggest that you can run a Buick for nothing - we don't subscribe to the school of selling that makes believe even this great car can run on its reputation.

So you'll never hear us talking in terms of how many drums of gas you'll save in a year, because such promises simply don't fit in with every driver and every driving condition.

But we do know, and do not hesitate to say, that on miles-per-gallon this Buick SPECIAL Series 40 will match or beat many a six in your experience.

We can safely promise you fewer fillings per trip - you'll have more uniform gas consumption over the whole range of the speedometer needle, with a mighty thrifty average over any service period you want to name.

And we know, from certified records, that when you count repairs bills and overhauling along with the cost of fuel, you'll find you have in Buick a car that's as easy to take from the money angle as it is from the angles of style, comfort, safety and performance.

It's smooth, it's brilliant, it's swift - we're constantly hearing pleasant things about its easy ride and featherweight handling. But page Buick owners generally, and their stand-out comment is surprise at the frugality of its habits.

Price can't be keeping you from enjoying a Buick, since the figures begin at \$765* list at the factory. If lack of knowledge about upkeep has been the drawback, come in now and let us show you a few things that will gratify your Scotch streak!

*Join the Buick Safety Legion. More than 200,000 safe drivers already enrolled. See your Buick dealer for details.

\$765 is \$795 street list price of the new Buick at Elgin, Mich., subject to change without notice. Standard and special accessories groups as all models as extra cost. All Buick prices include safety glass throughout as standard equipment.

MONTHLY PAYMENTS TO FIT YOUR PURSE. All about the General Motors installment plan.
