For Efficiency and Economy Re-Elect August Reuter

Road Commissioner of Town of Barrington

August Reuter has been in charge of road maintenance in the Town of Barrington for the last 12 years and with this long experience we feel he is qualified to handle the affairs of the office efficiently. He has used the funds of the department to good advantage, has always been fair and considerate in distribution, and at no time, even during the worst of the depression, did his expenditures exceed the money available.

The machinery Mr. Reuter purchased during the last year has been long needed, but before it was purchased, he kept the roads in as good condition as was possible with the old equipment that he had. Let us give him a chance to work with the new and needed machinery which will greatly facilitate road maintenance.
