

Law and Crime Is Theme of Week-End Feature at Catlow

"The Great O'Malley" Have Two Days; "Green Light" to Start Wednesday

The film write a page of current history in "Black Legion," a thrilling melodrama which comes to the Catlow Friday and Saturday. Recently, in Michigan, a band of masked and hooded men took the law in their own hands and killed their chosen victims with out semblance of justice or mercy. Newspaper accounts of its activities shocked the law-abiding elements of the entire country. Outraged opinion demanded swift justice and got it. Confessional testimony of the chief suspect brought out incredible ruthlessness on the part of the right riders. As a picture of an actual phase of America's complicated social struggle, "Black Legion" is said to be unusually interesting and possessed of great dramatic force than any previous movie "from the headlines."
