8:00 P. M.—Rev. W. J. Kewer of Elgin. Mixed Choir of St. Matthew Church.

**DISTINCTIVE DOCTRINES OF THE LUTHERAN CHURCH:**

1. The Lutheran Church believes that the entire Bible, including every word and phrase, is the inspired Word of God, and therefore the infallible truth.
2. The Lutheran Church holds that the Bible must be accepted as it reads, being allowed to interpret itself and must not be interpreted for the reason or intention of man. It therefore looks upon papalism as a means of grace and believes in the real presence of the Body and Blood of Christ in the Sacrament of the Altar.
3. The Lutheran Church teaches that sinful mankind cannot be saved by dramatic good works but alone by faith in the merits of the blood shed upon Christ in the Sacrament of Holy Baptism.
4. The Lutheran Church has always been ready not only to interpret correctly but to insist in a vigorous and just manner church-body which accepts the Word of God in all its parts as the sole source of doctrine with gifts to be made available to and especially strives to put these teachings into practice in all the spheres of its constituency.

The Lutheran Church is ready to hold negotiations with any Christian church-body on that basis. It holds that it is sinful and wrong for church-bodies to remain separate simply on account of differences in church customs and usages.

**1937 Ford V-8**

• If you think that "all low-price cars cost about the same"—forget it! They don't.

Ford makes a car—a 60-horsepower economy Ford V-8—that costs less than \$50 to \$60 dollars under the prices asked for any other car of comparable size. The lowest Ford prices in years!

Check delivered prices in your town and see for yourself!

• Of course, first cost doesn't prove "low cost"—you must consider operating cost also.

The '37 Ford is definitely established itself as the most economical car in Ford history. Ford cars have always been economy for 34 years, on that money-saving plan!

Owners who have driven it for 3 weeks of miles report that the Ford '37 averages between 22 and 27 miles on a gallon of gasoline.
