

## Dog Association Will Hold Trials Saturday, Sunday

Retriever Stakes to Be Run on Magnuson Estate; Public Invited

The Midwest Field Trial club's retriever trials will be held at the Dr. Magnuson estate in Dundee township Saturday and Sunday under rules of the American Field, Chicago. Approximately 50 entries are expected to be in the meet with dogs coming from all sections of the country. The trials are slated to start at 9 o'clock and run all day long.

The dogs will work out on land and water with pigeons used for the land trials and ducks for the water events. The pigeons will be shot but the ducks will not. An added feature of this spring's trials, similar to those held in Barrington the past two years, is the fact that the dogs will be handled by amateurs, in this case being mostly their owners, and not by professional handlers as is done in other big meets. The major events will be held Sunday with two important stakes to be run. Added to the stakes this year is a woman's event which promises interest to the public. The dogs are to be handled by their women owners in this stake. Retrievers of all classes, Labrador, Chesapeake, Golden, Irish water spaniel, curly coat and flat coat, will run in the stakes. Judge of the events will be David Elliot of East Islip, Long Island, N. Y., who is the chief judge. He will be assisted by William

Walker of Park Ridge and Arthur Moecher of Aurora. Officials of the Midwest Field Trial club have invited the general public to attend and there will be no charge except to park cars, which will be 25c per car. The farm is located on Algonquin road, about four miles west of Barrington. Parking will be done on the Newman farm adjoining. Markers on the road will indicate the location.

## Pending Measure Proposes Tax for Town Fire Upkeep

Proposed Measure Would Give Township Power to Levy for Department

Proposed legislation in the Illinois general assembly was the subject of discussion at the village board meeting Monday evening when Trustee John J. Carroll made a motion, seconded by John Blanks, that the village treasurer, A. L. Wiedenbeck, be instructed to audit fire department records from 1932 through 1934 to ascertain an approximate cost of village and rural calls.

The proposed bill would grant to townships the power to levy and assess general taxes for the purchase and maintenance of fire departments in the respective townships.

By making an audit, the village board would learn an approximate cost to the village of Barrington for the upkeep and salary of the present department and would have the information available in the event the measure becomes a law.

To present the volunteer department is maintaining a community fire truck purchased by subscription. This rural fire truck association has subscriptions in both Barrington and Cuba townships as well as some on the outskirts of Elia, Palatine and Algonquin townships.

If the legislation is passed and the plan adopted by townships around Barrington, part of the present cost to the village of fire equipment maintenance could be eliminated.

### Attend Convention

M. H. Schreiber, W. A. Fanning, J. C. Cadwallader and Arnold Kohert attended a state convention of Lions International held at Galesburg this week.

### Returns From Hospital

Mrs. Stella Welty was brought home from the Sherman hospital Thursday. Mrs. Welty is recovering slowly from a case of pneumonia.

### Heads State Committee

H. D. KELSEY

A special committee of the State Association of County Officers, appointed by H. D. Kelsey, Lake county supervisor from Cuba township, will appear before the house at Springfield next Tuesday and express opposition to H.B.s 851, 852, 853, and 854, all of them embodying relief proposals.

The special committee included David Van Patten of Newport township and five county officers from other counties of Illinois. Mr. Kelsey is chairman of the legislative committee of the state association, the only standing committee of that organization. He was appointed to that committee last week by James R. Cannon of Rockford and elected chairman of the group at a meeting held in Springfield Tuesday.

Lake county officers who attended the meeting in Springfield Monday and Tuesday included, in addition to Mr. Kelsey: Homer Cook of Wauconda, Mr. Van Patten, Frank Stanton of Fox Lake and John Thomas and John McCann of Waukegan.

The four bills are for general relief, blind pensions, mothers aid, and a means of raising taxes to fund them. The association will oppose the bills on the grounds that if enacted into law they will materially increase taxation and will encroach upon the functions of county government.

The five members of the special committee and Mr. Kelsey will each speak on the subject before the house acts on the proposal Tuesday.

**Snow Awa in Jerusalem**  
Snow is so rare in Jerusalem that whenever it falls it is the occasion for dire exclamations and expressions of awe. A real snowfall is so rare, in fact, that when the elements visit the holy city in this way the native residents look upon it as nothing short of disaster.

**No Disease "Incurable"**  
There are incurable patients, but no incurable diseases. Every disease is curable, as long as the vitality is not too low to react to natural living and treatment, and as long as destruction of vital parts and organs has not too far advanced.—H. Lindlahr, M. D.

**Births**  
Mr. and Mrs. Arthur Liebermann of Winnetka are the parents of a daughter, Joan Margaret, born Saturday at the Evanston hospital. Mrs. Liebermann was formerly Margaret Weichelt of Barrington.

Mr. and Mrs. Alexander Sabo of Barrington announce the birth of a daughter, Thursday night at the St. Joseph hospital, Elgin.

Mr. and Mrs. Ray Nobis of Barrington announce the birth of a daughter at Sherman hospital, Elgin, Thursday.

## To Place Army and Navy Stamp Series for Sale on May 27

The Barrington post office has announced that the 6-cent postage stamps of the Army and Navy commemorative series will be placed on sale May 27. There have been many inquiries at the post office regarding these stamps, which will conclude the Army-Navy series.

The 6-cent stamps are the same size as the previous denominations in this series, and are printed in blue ink. The 6-cent Army stamp shows a view of the military academy at West Point, with reproductions in foreground and background of Washington Hall, the north cadet barracks, the chapel, and the old observatory.

The 6-cent Navy stamp has for the central design a reproduction of the official seal of the United States Naval academy at Annapolis, Md., flanked on either side by cadets, one wearing the uniform of the early days of the academy and the other the present-day uniform.

## To Take Pictures Now of June to September Birthday Boys, Girls

The Review will take pictures during the next week of children, five years old or younger, whose birthdays occur in June, July, August or September. All pictures to be used in the "Birthday Child" during these months must be taken on this time, so if your boy or girl will have a birthday then, please notify The Review, telephone Barrington 1, right away. These pictures will be taken during the next week or ten days but not throughout the summer months. The Review conducts the Birthday Child simply as a feature, donate the pictures to the parents afterwards and do not sell them. Remember, your child is eligible for the birthday column if he will be five years old or younger during the next four months.

The four bills are for general relief, blind pensions, mothers aid, and a means of raising taxes to fund them. The association will oppose the bills on the grounds that if enacted into law they will materially increase taxation and will encroach upon the functions of county government.
