### A. H. Lauterbach Is New P.M.A. Manager

The board of directors of the Pure Milk association this week announced the appointment of Arthur H. Lauterbach as general manager of the organization. He will assume his new duties in Chicago in the near future. Mr. Lauterbach comes to the association from Philadelphia.

Pa., where he has been manager for the past three years of the Inter-State Milk Producers' association, the dairy farmers' co-operative in the Philadelphia market. He is also, at this time, president of the Northeastern Dairy conference, a federation of dairy co-operatives, general farm organizations and various state departments that are interested in agriculture.

### High Enrollment in Program Contests

Continued from page 1

building Friday evening at 6:48 o'clock.

The highlight of the play program was the first game of the business men's softball league in Northside park Tuesday evening. Muscles and tendons that had been inactive for a long time got a strenuous work-out in the games as the older men went into action. Casualty number one for the season is John Cadwallader, whose right leg was badly wrenched when he collided with W. Weirich, in the game between the Lions club and City Hall.

At Church, also on the Lions team, was reported laid up with a few charity horses, for a full day following the game.

The Lions team started off the season by soundly whipping the village hall gang, 13 to 7, and the Jewel Tea Supervisors showed their class by walling the Service Station outfit 24 to 2. Davis heads the Jewel tea team while Burton Hofmann master minds the oil kings.

The stellar game of the evening was between the Commuters and Merchants. The Merchants were leading 9 to 8 in the last of the sixth, but Cooney Lipotsky, who was huriling for the Merchants, lost his stuff and the Commuters knicked him for four runs to sew up the game. The Merchants managed to pick up one run in the seventh, but the final score was 10 to 13.

Results of the softball game in the young men's league played at Northside park Wednesday night were as follows: Johnson 30, Speck 16; Egan 12, Herren 11; Chicago 45, Collins 14.

Following is the schedule of games and contests for the next week:

**Monday, July 11**  
 9:30 to 11:30—Boys, Grades 3, 4, 5, East Park.

 1:30 to 3:30—Boys, High school, Tennis, Roof court.  
 6:45—Young women.

### First Austrian Railway

The first Austrian railway, proposed by Franz Riepl, was to run 200 miles from Vienna to Bohemia (now in Poland). Many difficulties arose, but finally the emperor consented. The locomotive and carriages for the first train, the "Austria," were ordered from an English firm and shipped by sea to Trieste. A British engine driver went with the locomotive to drive it on its maiden trip, November 13, 1837. The Austrians were impressed by the engine driver, who wore a frock coat, top hat and cowgloves. Only eight miles of the railroad had been completed, from Floridsdorf, a Vienna suburb, to Wagram, and the entire route was lined with curious sightseers despite bad weather. As the little train roared past, every one cheered loudly. It made the eight-mile run in twenty-one minutes, rested a quarter of an hour, then chugged back.

### Color, Points of Compass

One of the oldest and most widespread usages of color connects a specific one with each of the four points of the compass. North is white, east yellow, south red and west black. In many parts of the Orient, says Collier's Weekly, this color custom is followed in painting of city gates that face squarely in these directions.

## THE CATLOW THEATRE

## DO YOU KNOW ILLINOIS?

By EDWARD J. HUGHES Secretary of State

The secretary of state of Illinois is the state librarian ex-officio. Much information concerning your state, any questions which are the state library and archives division under his jurisdiction contains of particular interest to readers and which are not covered in this series will be answered immediately. Address all communications: Edward J. Hughes, Secretary of State, Public Information Department, Capitol, Springfield, Illinois.

Q. What provision for limiting expenditures of the legislature was embodied in the proceedings of the convention which resulted in the state constitution of 1848?  
 A. An economy move led to the limiting of the sessions of the general assembly to 42 days. Two dollars per day were to be paid for the first 42 days and one dollar for each day's attendance after that.

Q. What limitations of officers' salaries were imposed?  
 A. A questioner, 11509y Supreme Court Justice, \$1200; State Auditor, \$1000; Treasurer and Secretary of State, \$800.

Q. What law governing suffrage was drafted into the constitution of 1848?  
 A. Suffrage was limited to free white male citizens as distinguished from inhabitants, thus disfranchising unaturalized foreigners who enjoyed the privilege under the constitution of 1818.

Q. How long did the convention sit?  
 A. June 7, 1847 to August 31, 1847.

Q. When and with what result was the new constitution voted on?  
 A. March 6, 1848, and ratified by 59,887 for and 18,859 against.

Q. How were particular articles voted?  
 A. For Article XIV, prohibiting free persons of color from immigrating to and settling in the state, 49,060 for; 20,832 against. For article XV, providing for a two mill tax, 41,017 for, 30,586 against.

Q. For what purpose was the two mill tax levied?  
 A. For exclusive application to the payment of state indebtedness.

Q. When did the new constitution go into effect?  
 A. April 1848.

Q. How many general elections were held in Illinois in 1848?  
 A. Four. The adoption of the constitution; the election of state officers in August; the election of judges in September; and the presidential election in November.

Q. How have elections been held since 1848?  
 A. Under the constitution of

1848 and ever since then all general, state, and presidential elections have been held at the same time, namely, on the Tuesday next after the first Monday in November.

Q. When was Gen. James Shields elected to the U. S. senate for Illinois?  
 A. January 13, 1849.

Q. Was Shields admitted to the senate?  
 A. Not at this time. On arriving at Washington he slightly injured his foot while on the grounds that he, a native of Ireland, had taken out his final papers on October 21, 1840, leaving him eight months short of the nine years citizenship required for a seat in the U. S. senate.

Q. Was Shields later seated?  
 A. Yes, another election was held after the disability had been removed by time.

Q. What was the internal improvement policy known as "State Policy"?  
 A. A policy of refusing the granting of charters for the construction of railroads unless the contemplated line should begin and end at some prominent town or city in the state.

Q. What was the origin of this policy?  
 A. The presentation of a resolution of the Indiana legislature requesting that Illinois should incorporate a company for the building of a railroad to be called the Ohio and Mississippi which was to have its starting point on the Ohio river at Cincinnati and terminate on the Mississippi at St. Louis.

Q. To what did fervor over "State Policy" lead?  
 A. To a special session of the Illinois general assembly which resolved that "A railroad commencing at our eastern boundary and terminating opposite St. Louis and also uniting with continuous lines of railroad extending eastward through our sister states would be immensely advantageous to St. Louis, at the same time it would impede the growth of the cities, towns, and other localities on the Illinois side of the Mississippi river."
