Hold Last Rites for Leo H. Brinker, 48

Last rites for Leo H. Brinker, 48 years old, were held Monday afternoon at the Danielson funeral home in Palatine with Rev. F. J. Schnell officiating. Burial was in Evergreen cemetery in Barrington. Mr. Brinker died early Saturday morning at his restaurant-tavern on Rand road and Kitty Kornera. He was born on a farm in Barrington township on February 1, 1890, a son of Henry and Mary Brinker. Mr. Brinker had operated taverns in Lake Zurich and Dundee and had been at the last location for about a year. He is survived by the widow, Mrs. Gertrude Brinker, a daughter, Marilyn Brinker of Palatine, a half sister, Mrs. Mame Donlea of Barrington, and a half brother, John Brinker of Elgin.

"PEDESTRIAN POINTERS" SUGGESTED BY THE CHICAGO MOTOR CLUB

Kirk Smith Tells of Meeting Dr. G. Cullen

Continued from page 1
toward the people instead of the superior overbearing manner that most foreigners use toward them. He says he doesn't think he'll ever return to the States because he's afraid that as soon as he is landed in San Francisco and all of the taxi drivers and various hunkies started shouting English at him he would become irritated and disgusted and take the next boat back out here. He is over 60 and carries on a very active surgical practice and apparently is quite a skilful surgeon and seems to be abreast of the recent advances in medicine in contrast to so many physicians I have met out here. "This morning several of the officers attended a reception given by the mayor at his office in the very fine new municipal hall where we met a good many more of the local Filipino dignitaries. Dr. Cullen again took me under his wing and insisted that I have lunch with him aboard the S. S. Mayon, which had just arrived (and which is the Dollar Interland Steamer). From there I went over to his office with him while he saw a few patients—and I wish you could see his office—junk every place, but enough equipment to do just about anything he wanted to; out in back of the house he had sort of a zoo with an American eagle, a couple of young pythons and a flock of pigeons. From there we went to the leproarium a short distance from town. "There are several of these leproariums about the islands and their purpose is to take care of the earlier stages of the disease or to take those patients who have not been getting along well on Cullin and whose out-look may be helped by being near their own homes. There were 316 lepers in this colony and most of them were in the early stages, of course, but we saw a few advanced cases; the patients actually ranged in age from 8 to 80, but the thing that impressed me most was their cheerful, hopeful and contented attitude. They were all used to life in the colony and were not at all sensitive about showing us their lesions (some of them had scarcely any) and talked over their

cases and treatment quite cheerfully and readily. The colony had Baptist, Presbyterian, Episcopal and Catholic chapels in it. I think I could go on and on, but if I'm not careful I will run out of space and also I must leave something to tell about when I get home. "As I write this we are under way for Zamboanga and I will write about that tomorrow. Zamboanga—May 6
"We arrived here about noon today. This town has certainly been a pleasant surprise and we are all disappointed that we have to leave here tomorrow evening. It is the cleanest town I have seen in the Philippines—the streets are wide and well kept; there are numerous well kept park areas and the streets are lined with fine looking concrete lamp-posts. It is somewhat near the Moro country and there are numerous Moros wandering around the streets in their native costumes. The army post Petit Barracks is located here and it is surely a beautiful, refreshing spot and I suppose that it is because of the army's presence in this rather isolated spot that the town presents such a fine appearance; I hope we have another chance to come back here before I leave as I would like to spend considerable more time looking around. Saturday, May 6
"Tonight we are on our way to Manila to deliver and pick up mail; this afternoon we contacted the Hawk for the first time in over two weeks and got a bunch of mail but mine turned out to be nothing but ads; however, I expect to get a bunch of mail from home when we get to Manila as hardly anyone on the ship received personal letters in the batch we drew today. We should arrive in Manila early Monday morning."
Ill at Her Home
Mrs. Fred Hobeln, 615 W. Main street, is ill at her home.
Card of Thanks
We wish to express sincere thanks to the coast guard, police department, community of Barrington and all who helped and were so kind to us during our recent bereavement.
Mr. and Mrs. F. R. Heskett and family.

Camp Meeting at Barrington Park
