EYE OPENER! With all its extra value, this Buick sedan lists at \$51 less than last year!

IT makes the eye glad and grateful—you spot that the instant your gaze takes in this sparkling Buick for 1938.

It's sleek and swift and businesslike, lean and clean in every line, the trim bonnet low-set, the graceful upper-structure light-and-airy looking, neat and fine.

Will you step in, please, and look it over closer?

Why, it's almost like being in an open car, with the outlook you've got here!

The long nose tapers quickly out of eye-way, the pillars modestly retire to the background, overhead stop lights drop into easy vision—ahead, to right, to left, you can see!

The ruler will tell you there are as much as 413 added square inches of safety glass in this Buick, and these inches are placed where they count.

It has a lot to do with making Buick beautiful, this grand expanse of openness!

And like "catwalk-cooling"; radiators low where air pressure is greatest—and the lines of the bonnet: broad, clean, aerodynamically better—

Buick on the go—easy to buy—in General Motors Terms!

Buick's stepped-up visibility both sets a pattern and fills a function.

So take a good look into its bigger, better, broader outlook. It's one thing among many that Buick's got that you'll want in your next automobile.

NO OTHER CAR IN THE WORLD HAS ALL THESE FEATURES

* SYNCHRON VALVE-IN-HEAD STRAIGHT-ROCK ENGINE * BUICK TORQUE-FREE SPRINGING * GREAT VISIBILITY * HANDICRAFTED TRANSMISSION * BOMBER UNITS BODY BY FISH * JOINTLESS DRIVE * TYPIC HYDRAULIC BRAKES * CHROMIUM SPRING GUARDS * "CATWALK-COOLING" * OPTIMAL REAR AXLE CLEAR RADIUS * FLASH-DRY DIRECTION SIGNAL * SELF-ARMING NON-ACTION FRONT SPRINGING
