VOLUME 50, NUMBER 38

BARRINGTON, ILLINOIS, THURSDAY, SEPTEMBER 24, 1937

\$2.00 A YEAR IN ADVANCE, SINGLE COPIES, FIVE CENTS

\$14,000 Bond Issue to Be Voted On at Lake Zurich Monday

To Finance Village's Share of PWA Project for Meeting Hall

Residents of Lake Zurich will go to the polls Monday, Sept. 26, to vote on a special proposition to determine whether or not a \$14,000 bond issue shall be floated for the construction of a new village hall. The proposed bond issue would be sold to cover the village's share, 55 per cent, of a public works administration project, which is estimated to cost approximately \$25,000.

The polling place will be in the village hall on Robertson avenue and the polls will open at 6 a. m. and close at 5 p. m.

The remaining \$11,000 of the total cost of the building represents the portion to be financed by the PWA, an equivalent of 45 per cent.

The proposed bond issue would be dated October 1, 1938 and would pay 4 per cent per annum. According to the proposition on the ballot they would be retired in \$1000 installments from 1940 to 1953 inclusive. A direct tax will be levied by the Lake Zurich board annually to pay the interest and principal on the bonds.

The new structure, which is to take the place of the existing village hall, is designed as a two-story structure to house the fire department, council rooms, a meeting hall and the village jail.

W. A. White is village president and the following are members of the board: Ferguson, Harkness, Albert Brand, Henry Schaefer, Henry Prehm, Herman Buechling and William Bahr. Walter Prehm is village clerk and Miss Alice Tonne is village treasurer.

Street and Bridge Work Approved by Highway Engineers

The state highway department approved the placing of a cement curb on the high curbing on the east side of Hough street, north of the Main street intersection, also on the north side of Main street near the intersection and along the north side of Main street from Railroad street east towards Elm street, according to information received last week by A. C. Burandt, village clerk, and Trustee Rudolph Berg, chairman of the streets committee, who instituted the improvement.

Mr. Burandt also informed the village board Monday night that the state department has agreed to go ahead with the work on the Flint creek bridge on north Hough street. The state department, according to Joseph Miller, who is in charge of that type of improvement in this district, will make an extension on the west side of the bridge and will place a sidewalk on it, thus removing the necessity of walking out near the road to cross the bridge, and to completing the link of the sidewalk that was laid last fall by the village.

Work on the bridge improvement will start in October, according to Mr. Bismuth, who stated he was seeking to have the state place the walk on both sides of the structure. The cost of the improvement will be borne by the state.

Following a motion made by Trustee Berg and seconded by Trustee John Daeschler, the board Monday night voted to have the village engineers prepare plans for the placing of a stop on Main and Hough streets. The cost of this project is to be taken from the state gas tax fund credited the village of Barrington.

Omission
Several columns of news in the special cooking school edition last week, several readers were disappointed by a lack of details in various stories. A resume of the history of music by Mrs. L. T. York and two-plate selections by Mrs. York and Mrs. Elden Gieske comprised the program for the delightful musicals enjoyed by members of the Christian Companionship class.

Assumes Duties

Miss Margaret Robinson to Succeed Mrs. E. C. Berman

Miss Margaret Robinson of Mercer, Pa., began her duties as teacher of the second grade in the elementary department of the public school this week. Her election by the board of education to succeed Mrs. E. C. Berman was announced in a recent meeting. Mrs. Robinson received her B. E. degree from Mercer University.

Clocks Return to Central Standard Time Sunday A. M.

All Schedules to Operate on Later Time; No Major Railroad Changes

Sunday morning at 2 o'clock will officially mark the end of daylight saving time in the village of Barrington this year. Clocks are to be set back one hour to central standard time.

All schedules of churches, schools, business houses and the local theatre will function on standard time starting Sunday morning.

The Chicago & North Western railway is working on a new suburban train schedule to go into effect Sunday. According to information received so far, there will be no major changes in the schedule. Approximately the same number of trains are to be run, as was learned, and they will leave from and arrive at Barrington the same hour on standard time as they did on daylight saving time.

At the request of Village President Earl Hatje, the village board Monday night passed a resolution requesting of the railroad that the fast train now leaving Chicago at 5:11 p. m. be retained or moved back to 5:30 p. m. Motion for the resolution was made by Trustee R. F. Kocher Sr. and seconded by Trustee Rudolph Berg.

Killing Attacks on Jewel Sheep Cease

Stopping as quickly as they started, the raids and killing of sheep owned by Jewel Tea Co., and pastured near the plant building, were ceased and no more losses were reported this week. A week ago, on two raids, dogs or other animals were responsible for the killing of 58 sheep and the wounding of 46 more.

A watchman has been maintained over the flock each evening and it is being kept in pens to prevent a further recurrence of the attacks.

Five Couples and Five Girls the First Day

"I had grand results from my first day at the Barrington Sept. 2," Mrs. N. J. Puffer reported. She had placed one for a couple wanted and one for a girl. Five girls and five couples answered the ad the first day after it was published and several more the following days, she said.

Grand Jury Votes True Bill Against Mrs. Nellie Scott

To Be Arraigned on Larceny Charges Today; Indict Palatine Man

A true bill on two charges of grand larceny was returned Tuesday by the September grand jury of Cook county against Mrs. Nellie Scott of Barrington, who was bound over to the grand jury last month charged with having taken valuables and jewelry from local homes where she was employed as cook and housemaid.

She was to be arraigned before Chief Justice McKinley in superior court today, Thursday, and the case will then be assigned for trial.

Mrs. Scott was ordered tried under two counts of grand larceny by the grand jury.

Testifying against Mrs. Scott at the hearing were Mrs. A. C. West, 617 Sycamore avenue, who testified that Mrs. Scott had taken a \$250 bar pin from her home, and Mrs. W. D. Horne, Otis road, who testified that a purse valued at \$50, \$20 in cash and a \$2000 diamond ring were taken by Mrs. Scott. Bond was set at \$5000 in each count.

Joseph Gabhelek, 26-year-old Palatine youth, will also be arraigned before Chief Justice McKinley today on a charge of manslaughter; he was indicted by the grand jury in a true bill returned Wednesday. Bond was set at \$5000.

Gabhelek is charged with running down his car and fatally injuring Nicholas Harbus, 21 years old, 2333 Hamilton avenue, Chicago, and Miss Jean Szajko, 21 years old, also of Chicago, on August 16 at the corner of Milwaukee and North Dearborn streets in the village of Barrington. Mrs. Harbus was the testifying witness against Gabhelek at the grand jury hearing which was also held Tuesday.

Tag Day Planned to Raise Finances for Club's Tree Program

Saturday, Oct. 28, was designated as "tag day" by the ways and means committee of the Village Garden club at a meeting held in the home of Mrs. V. D. Hawley, chairman of the committee Monday night. Proceeds from the sale of tag will be used to purchase and plant trees in the parkways, Mrs. Hawley said.

Some of the work may be started this fall. The civics committee, headed by Mrs. Frank C. Kirchman, instructed by the Village Garden club to meet Friday evening to further discuss the tree program, which is part of the program instituted earlier in the year.

Trustee Berg reported to the village board Monday night on the action being taken by the club, and the board voted to give the group all the financial assistance possible. The board, in preparing plans for a WPA project to trim and remove dead trees in parkways, engaged P. Geary, local tree surgeon contractor, to make a survey of the trees in town and to prepare the necessary material for the application.

Chicago Firm Given Route 12 Paving Job

A contract for the paving of 1.5 miles of U. S. route 12 (Rand road) between Lake Zurich and the Cook-Lake county line road was awarded to the Central West Construction company of Chicago on a bid of \$155,134, the state highway division at Springfield announced Saturday. A previous bid for the project by a Lake county contractor was rejected by the state highway department as being "too high."

Received \$1000 Estate
The late Helen DeHater, who died in Des Plaines June 19, left an estate which her father, William DeHater, of Des Plaines is the sole heir.

To Give Schick Test to School Children

In order to determine if toxoids given to pupils of the Barrington public school last spring to establish immunity to diphtheria were successful, the Schick test will be given to all children whose parents indicate a desire to have the testing done.

The tests will be given in room 107 at the public school on Tuesday, Sept. 27, at 10 a. m., according to Miss Lillian McLeod, R.N., who is in attendance at the public school. The program is sponsored by the Barrington Women's club.

The Schick test is for those prone to school children who received toxoid shots last spring for diphtheria. It helps to determine if immunity to the disease has been established in the child. A small charge is made for the test. A consent slip will be given to each child to be taken home for signature by the parents if the test is wanted.

Warm Argument at Panel Discussion of P.-T.A. Tuesday

J. Hafner Denounces "Frills";
Psychiatrist and
Faculty Talk

"This hall is certainly packed with dynamite," Lee Smiley of the local faculty told 175 members and guests of the Parent-Teacher association during a panel discussion of the "Home-school relationship" in the auditorium of the new school addition Tuesday evening.

James Hafner, representing parents, had questioned the advisability of so many "frills courses" saying "I'd add another year of Latin to the curriculum, more mathematics, two new history courses, ancient and modern, and French, Spanish, Italian or German. I'd make every school pupil have four years of English, four years of one foreign language and more mathematics than is required at present. After all, high school is for the training of his mind, for mental discipline which he won't get later."

Mrs. P. R. Drover, another parent, testified as to the advisability of building trade courses for certain types of pupils.

Dr. Irene Jesselyn, child psychiatrist of Chicago and Highland Park, stressed the fact that high school work should "stimulate an enthusiasm for study and that pupils who face failure throughout their school lives cannot face adult life successfully."

Marion Taylor Boyd, psychologist and psychiatrist of Chicago, related the importance of mental tests to determine a child's courses of study and agreed with Dr. Jesselyn that highly scholastic Latin was not practical for the majority.

Mrs. Agnes Welch of the local faculty enumerated eight tests made on each child in the local school by T. C. Hoofner, served as mediator whenever targets were buried too thick and fast.

Mr. Smiley and Charles Roselle of the faculty described the advantages of the courses they teach and D. Titterton came to Mr. Berner's aid with a few remarks on the necessity of studying for the enrichment of adult mental life, rather than concentrating entirely upon work relative to earning a living.

Prior to the panel discussion, Mrs. Edwin L. Erickson, the new president, welcomed the assembly and presided, calling on Mrs. Charles Drussel to open the meeting with prayer. A. C. Lines of the school board led chorus singing.

H. K. Tucker presented a call book to the P.-T.A. and a reward for children in the room with the largest P.-T.A. membership. Reports by committee chairman and a social hour during which high school mothers served refreshments completed the program.

H. Kelsey Resigns as Supervisor of Cuba Town Tuesday

To Become Effective November 30; Board Will Name Successor

H. D. Kelsey, supervisor of the town of Cuba, handed his resignation from that office to the Cuba town board Tuesday noon to become effective November 30. His resignation was placed on file by the town board and will be acted on at a future date.

Mr. Kelsey's action follows his successful candidacy last spring for the nomination, which is tantamount to election, as republican representative of the eighth senatorial district in the Illinois general assembly. He is forced by law to resign his local office to accept the state office.

Sometime between now and the first of the year the town board will have to appoint a successor to Mr. Kelsey. Those on the town board which will make the selection, are Andrew F. Grom, town clerk, J. J. Claude and Edwin Gross, justices of the peace.

A number of residents of the town of Cuba have declared their interest as candidates for the post. Among them are Village Trustee Rudolph Berg, Leo L. Riley, Elden Gieske, Henry Frelking. Several other local persons were said to be interested in the office but have declined to make a definite statement of candidacy.

The appointment will be for the unexpired term which runs until April 1941.

Mr. Kelsey served 11 years as supervisor and was chairman of the county board of supervisors for one term as well as serving on many important committees.

He stated he would devote all the time needed between the appointment of his successor and the time he goes to the state assembly in helping the new man become acquainted with his duties.

After presenting his resignation to the board Tuesday, Mr. Kelsey thanked the body, the towns and local officials and the residents of Cuba township for their cooperation and courtesy during his time in office. He expressed his gratitude and desires that his successor would meet with the same kindness.

Following is his resignation: "To the Town Board of the Town of Cuba, Lake County, Illinois, Gentlemen:

"Please be advised that I was elected to the office of Supervisor for the Town of Cuba, Lake County, Ill., on April 12, 1932, taking said office May 3rd, 1932, and have served continuously to the present time. Owing to the fact that I have been nominated as a candidate for the General Assembly for the State of Illinois, I wish to tender my resignation as such supervisor, to be effective at 12 o'clock noon on November 30th, 1937.

I extend to you my sincere thanks for the splendid cooperation, which has always been extended to me during my incumbency in office and our associations have been most pleasant.

Yours very truly,
H. D. KELSEY
Supervisor, Town of Cuba"

See Flooded Areas of West Wisconsin

Driving through southern and western Wisconsin Sunday, Monday, and Tuesday, Mr. and Mrs. Ed J. Lindl saw much of the flooded areas of the Wisconsin and Mississippi river valleys.

At Coscobee they had to drive through water two and one-half feet deep. At LaCrosse they viewed the state park island, usually a haven for many persons, swept by the flood waters of the Mississippi.

"Star In My Kitchen" at Catlow for 3 Days

Have Leading Roles

These are the stars of "Star In My Kitchen" which opens this afternoon at the Catlow theatre for three days.

Request Ordinance Preventing More Gas Stations Here

E. Miller, E. Ericson and B. Hoffmann Appear Before Board Monday

Some kind of legislation will be adopted to control the establishment of business in the village of Barrington if the request made at the village board meeting Monday night in the interest of local gasoline service stations is adopted. E. E. Ritter of Miller Oil Co., E. Ericson of Pure Oil and Burton Hoffmann of Hoffmann's Standard station appeared before the board and requested that some measure be adopted to prevent any track side of "cut-rate" gasoline retailers from locating in Barrington.

Mr. Miller appeared as spokesman for the group and urged the board to take action to restrict the number of gasoline stations and thus prevent any group or organization setting up a business which would feature "lower than retail price" sales policy. It was contended that there are a sufficient number of stations in the community at present, and the coming of a "cut-rate" business would seriously affect the local operators to such an extent that many would be forced out of business.

Mr. Miller stated that a number of operators in the village are asking for an investigation to protect and asked that the board take steps to give them some assurance.

Village President Earl Hatje expressed doubt that the village board would have power to restrict the number of businesses. However, the village of Elmhurst and the city of Elgin have ordinances regarding the number of gasoline stations. It was pointed out that there are a sufficient number of stations in the community at present, and the coming of a "cut-rate" business would seriously affect the local operators to such an extent that many would be forced out of business.

Mr. Miller stated that a number of operators in the village are asking for an investigation to protect and asked that the board take steps to give them some assurance.

The village board is taking the request of Mr. Miller, Mr. Ericson and Mr. Hoffmann under advisement and A. C. Burandt, village clerk, was instructed to secure copies of the ordinances at Elmhurst and Elgin for discussion at another hearing.

A check in the village Tuesday revealed that there were 14 gasoline service stations and four garages serving the motoring public from sidewalk pumps.

It was also brought out at the meeting Monday night that one of two "low-priced" gasoline stations are planning to move here. And it was in an effort to prevent such moves that the local dealer appeared before the board. One Chicago station was named as attempting to secure a local outlet while another local dealer was reported as contemplating a change in price policy.

Theatre Doors for Cooking School to Be Open at 1:30

Guests Will Come Early to Register for Gifts; Tickets Free

Preparations have been completed for showing "Star in My Kitchen," motion picture cooking school, sponsored by the Barrington Review and cooperating merchants at the Catlow theatre Thursday, Friday and Saturday afternoons of this week. Admission is free.

The doors will be open at 1:30 p. m. each day to give the guests time to register for the grand prizes before the picture starts which will be promptly 2 o'clock. The guests should arrive as early as possible to avoid a last minute rush. The grand prizes will be given following the Saturday performance. From registrations taken prior to 2 p. m. each day. These awards will include toasting master, loose leaf cook book with aluminum cover, and a pair of silk stockings.

Daily prizes will be given 5:30 at the end of each showing to holders of admission tickets which have been distributed. Persons who have not obtained admission tickets already can get them at the theatre. The daily prizes consist of bags of flour, packages of cheese, Foley's food mill and other items, foot lever garbage can, large cans of Fry, assorted packages of breakfast foods, instant hot spray, a box of delectable candy, canned baked ham, assorted boxes of soap, cake flour and many other items.

The gifts are donated by manufacturers of local merchants and The Review. Local merchants who are donating gifts are Good Housekeeping Shop, Bob and Betty Shop, Public Service Co., Shinner's Market, Gamble Store and Miller Oil company.

"Star In My Kitchen" is a talking motion picture with romance, and humor and plenty of suspense to make it interesting throughout. However, several scenes of cooking instruction are worked into the play with at least 30 recipes with good close-up views. Cook books printed at The Review will be distributed in the picture will be distributed to the guests.

Scholarship Loan Fund Bridge Date Set for Sept. 30

The Barrington Women's club will hold its annual scholarship loan fund bridge party at Barrington Hills Country Club on September 30, according to an announcement made by the committee this week.

Those in charge of the event are as follows: Mrs. Harold F. Orebe, Mrs. W. D. Dotterer, Mrs. Elden Gieske, Mrs. Robert Muir, Mrs. Everett Sprout, Mrs. Clayton Watkins, Mrs. Orin Wood, Mrs. Daniel Woodhead and Mrs. L. T. York.

The purpose of the party, it was learned, is to raise funds to be used in the scholarship loan fund committee to assist college students in financing their educations.

Enter Final Decree in Bond Litigation

A final decree was entered in the Lake county circuit court in Waukegan Tuesday in the final disposition of the bond suit of the village of Barrington against Volting and "unknown owners."

The findings of the master in the case covered \$24,000 in over-issued or forged village bonds in special assessment No. 44.

The master's decree found \$12,000 in bonds not to be valid and he also provided for the cancellation of \$12,000 in bonds and issuance of new bonds totalling the same amount.

Dental Association Has Golf Meet Here

The North Suburban branch of the Chicago Dental Association held a golf meet at Barrington Hills Country club Wednesday.
