Your best friend should have told you: You can buy a Buick for \$894 and up

WE'RE talking about a friend of yours who owns a 1939 Buick. You've heard plenty from him, naturally, about the fresh-air, morning-breeze zephyr of his and trim new Buick - and the way it perks up just to look it over! You've listened while he sang the praises of a ride that's like a hallway - soft and gentle as a tender touch, but safe, unwavering, steady, in cross-wind or at speed. No doubt you've sensed his joy at those eight eager Dynaflex cylinders, that need only the gentlest sort to bring you the straight to the forefront - and the speed and reassuring steadiness of this low-swing, stable-stepping 'gait!' All of which is well and good, and not to be disputed. But has your good friend told you this? ... That Buick's Buick are easily the finest prices for the value you'll find anywhere on automobile row! ... This far-ranging, great-hearted triad - with all the skyrocketing life those extra-sunders give it - will cost less than some sixes? ... That factory list figures run anywhere from \$51 to \$102 less than a year ago - and that they buy worlds more in self-banking, knee-acting, handbuilt transmission, 156 after Buick-Collings, visibility stepped up as much as 412 square inches, any number of so-called "extras" such as the Flash-Way direction signal? If he hasn't told you this, it's plainly time to do so: Get dollars-and-cents figures on what the model of your choice will cost delivered in your driveway! That will prove, we think, that Buick's the car and the value of the year. And we're certain - we will tell you what your best friend may have forgotten - this shining star is a year rock, so why should you be without it?

Better buy Buick! SCHAUBLE BROS. & COLLINS, BARRINGTON, ILL. HARRY E. KNAACK, MOTOR SALES, 119 N. Vail Street, Arlington Heights, Ill. RAND ROAD GARAGE, Waukegan, Ill.
