Program Directors
To Sponsor Trip to Starved Rock Park

According to Italian tradition in 1718 a band of Illinois Indians were pursued by a larger group of Shawannee braves who were seeking revenge for the killing of Chief Pontiac. The Indians were on the summit of a huge rock which had been built into the French fort, St. Louis. Cut off from supplies there the Illinois band slowly starved to death, thus giving the rock its name, Starved Rock.

A group of Barrington youth under the direction of W. M. Wanson and E. Clark will travel to Starved Rock Saturday. Camping equipment will be taken along and a camp will be made in the state park. Saturday morning the group will take a boat trip on the river through the locks and into Horseshoe canyon. The trip will be followed by a hike along the many trails of the park. The return trip will be by way of

Morris where some of the great scenic views will be visited. Those interested are asked to get in touch with either Mr. Wanson or Mr. Clark. This should be done not later than Monday, July 24.

All only a limited number of boys can be accommodated on such a trip. Those who would accept the boys' trip are urged to contact the necessary expense and the boat trip will be made.

This project is one of the new features of the Barrington Leisure Program.

Last week following the holiday, the leisure time program got underway with all of the groups of school children participating.

The games in the high school and junior high school have lessons were related out in Wednesday. The girls were more fortunate and played warm-up games Thursday in the junior league. Cleoressa Riley, team defeated Joyce Webster's team 14 to 12. In Langford's team defeated the boys' team 21 to 6.

Last year there was a number of requests for a new tennis court. This did not permit the same being arranged however it has been a sufficient interest one.

Plans of Florida Canal
The route of the proposed Florida canal will follow St. Johns street from its mouth in Palatka, through two miles of the Ocala swamps and thence near Fort Ligonier, connecting the Gulf of Mexico with the Gulf of Mexico.
