FEDERAL BUSINESS CONTROL

When the monopoly investigating committee (whose of- ficial name is the temporary national economic committee) was organized by the Federal Reserve Board...

Today businessmen are watching the committee at work with honest trepidation. For they are coming to conclude, the real purpose of the monopoly inquiry isn't to reveal monopoly, if and where it does exist...

Typical opinion came recently from hard-hitting Hugh Johnson of New York, now a columnist. In General Johnson's view, he believed the monopoly show had a purpose...

These are strong words, but recent hearings of the committee seem to more or less justify the tremendous in- terest has followed the committee's inquiry into the life insurance business...

Just how successful those who steer the course of the monopoly committee have been in persuading the public that there isn't enough federal control over our economic destinies...

**Both Teams Match Hits But Locals Suffer Jitters**

**Bears Will Play Rally-Mucks on Wauegan Diamond Sunday**

Although they matched their opponents in the number of hits, the Bears' batsmen had a very bad day Sunday afternoon, the Barrington team being guilty of many playing errors and as a result were defeated by Glouce, 11 to 5. Much fun was collected into hits but the Bears made an error on Glouce's second. In each instance the Barrington bobbles led to a run. McCarty led the locals home with three hits, two singles and a triple, and scored two runs. The team, however, were scored on by the pitcher by one error in the third inning and again in the seventh. The pitcher, who was new to the team, was a right-hander, and threw a curve ball. He threw a curve ball to the pitcher, who was new to the team, was a right-hander, and threw a curve ball.
