CAPABLE SUCCESSORS

The owner of the Barrington Publishing Co. for the last one and one-half years is pleased to announce sale of the company to capable successors who will be a credit to Barrington and will publish newspapers which will be of benefit to the community.

Both men and sales experience. The reviewer will continue to build up and develop a newspaper and business that already had the reputation of being outstanding among the better weekly newspaper businesses of Illinois.

The writer will in many respects regard stepping out of the publishing field in Barrington. Coming here early in the 1930's, we have been satisfied and contented with the growing and sound business. For the last five successive years the Review has enjoyed steady expansion with every indication that it will continue to develop in the future.

Specimen of Famous Dodo

The Field Museum Exhibit

The exhibit dodo was the most famous bird in the world, although it is now extinct. Specimen eyes of its skeleton reveal the color of its feathers.

of an exhibit at The Field Museum of the History of Chicago, the dodo, whose name has become in the past a synonym for a thing that is extinct.

of the bird, which was a member of the family of the dodo, which was a member of the family of the dodo, which was a member of the family of the dodo.
