PRICE FIXING—WHAT WILL IT DO? After having witnessed seven years of federal regulation of prices...

The farmer today, the individual upon whose shoulders rests the burden of feeding our nation, is poorly paid for his milk products.

When we compare these figures to the average price of a quart for milk...

True, a farmer can make a living on a farm, he is able to make sufficient profits to keep from starving.

When federal regulation of milk prices is imposed should reveal a number of interesting things that might lead us as a basis to improve the producer-consumer price situation.

While the weather at this time does not suggest it and it is unpleasant to think of winter, nevertheless it is well to give the subject consideration to the extent of seeing that your heating plant and your fire apparatus are in proper condition.

First check up your heating plant. Furnaces and chimneys should be thoroughly cleaned and necessary repairs made by those qualified to do the work.

It may be that certain minor changes in construction on your electric lines are advisable as an aid to fire prevention.

Check over any exposed electric wiring—dark days being maximum demand for light and heavy use of electric heating appliances.

Go through the house thoroughly, clean out accumulations of dust, sweep, mop, vacuum, dusted clothes, broken furniture and all inflammable junk.

It is a little job that will pay big dividends. Overlook the fact that the weather is hazardous. It will be bitterly cold later on, so put your house in a good form by getting rid of all possible fire hazards—Haverly Herald.

"Second Fiddle" Is Week-End Bill at Catlow Theatre

Features Sonja Henie and Tyrone Power in Dramas of Ice Skating

Before Friscella, Rosemary and Lois Lane, and their friend, Catlow who plays the "Fourth daughter," played their first scene in their new picture, "Daughter Courageous," which opened today at the Catlow theatre. Director Michael Curtis didn't get going just as you would expect, but he just looked to see if any of you looked like grandmothers or whether some of you looked younger than you did before," said Curtis, who directed the same quartette in the memorable "Four Daughters." He told all four boys to get their hair cut shorter and directed Miss Page to wear leggings over her forehead for her new role.

as a home girl who is very smart. "Favorite child sisters, ranging in age from 5 to 13, will be given a chance at citizenship and fortune in "Second Fiddle," starring Lorna Heine and Tyrone Power.

The children, hand-picked by Heine and Director Sidney Lanfield, after nearly sixty of the best shooting trials in mid-America, will appear in two elaborate musicals with the top quality film opening Sunday at the Catlow.

Featuring Rudy Valles and Edna May Oliver at the head of the cast including new-comer Mary Brady, Lela Talbot and Alan Brown, the film boasts one of the greatest combinations of talent ever gathered for one show.

Although most of the action of "Van Dine's" "The Gracie Allen Murder Case" coming to the Catlow Theatre, is centered with Gracie's efforts to help Warren Wynn, playing the role of Phil Yacco, solve the case. Gracie finds time to give a typical Allen number, "It's Bang as a Big Deal in the Evening" by Gracie in her customary style, it is a catchy one which should rank well up among the hits of the day. Also featured in the cast are Ellen Drew, Ken Taylor and Judith Berry.

Double featured on Tuesday is "Trapped in the Sky" starring Jack Holt with Ralph Morgan at the Catlow theatre.
