

Bronchos Lose Grid Game Saturday to Northbrook, 18-0

The Barrington high school boys football team lost its first conference game Saturday afternoon at Northbrook park Saturday afternoon. The contest was more evenly played than the score indicates, but at such times they are held by Northbrook's strong defense.

On Saturday the Bronchos played their first out-of-town game at Northbrook at the home of Barrington substitutes: Herb Peterson, Zimmerman, Nelson, Melnar, Barter, Johnson, McHager, Dewey.

At the game Saturday the men on the football team made an agreement with Coach P. E. Clark. If they lost the game they would forfeit the game. If they won, Mr. Clark would get one. So, as a result of last week's defeat, they were quite a few.

Barrington's lineup:
Northbrook
Veach LE Hugo
Brewer LT D. Day
P. Fullerton LO J. Mee
Dreuling C J. Mee
Hodson WR C. J.
RT P. Higgins
B. Fullerton RB K. Kise
Kagan RB S. Santel
Meyer LB Strauss
P. Fullerton RB Strauss
Marvell FB Brown
F. K. K. K.

Here's what we were shooting at!

Schauble Bros. & Collins
126 N. Cook Street, Barrington, Ill.

Road Road Garage
Waukegan, Ill.

Remember, they tell us, want't built in a day. Well, neither was this 1940 Buick you see burning in the breeze here.

You'll understand why when you know what we were aiming for. We wanted to combine in one car all the best we've learned in our 36 years in this business.

We think we've got it now. A stand-out sparkling car with action power and staying power.

It would be hopeless to try to list the whole range of new features — there are some 72 in all.

But you can't drive this car a mile without knowing that you have got hold of something that tops any other we've ever handled.

It's smoother, steeper, firmer on the lines. It gets up and goes right now, and keeps going without waver, tailwind or wind-averse.

It takes the roughest roads in its stride, and while we don't want to go hunting about this, each gear baby can do forty-five in first!

The sudden, soaring, millrace power of its matchless Dynaford straight-eight engine, electrically balanced after assembly to microsecond precision, is velocity smoothed to velvet.

Yes, this beauty is our all-time high — the car we've been shooting at for — these many years.

Come drive it and you'll see why.
