TELEPHONE, BARRINGTON NO. 1

COUNCIL IS LAUNCHED

Permanent structure of a Barrington Busine was discussed at a meeting held in the Legion hall Friday night and many parts were adopted by the 53 merchants present, while other items were referred to committee for mendation.

The meeting Friday night is the first step to unified development of increased sales in Barrington business houses. Combined to stimulate trade through promotional and community work, the Council can be of a great assistance to the village as a whole.

nt committees are working out details for a com munity-wide Christmas decoration and entertainment plan The Council is attempting its first venture and should receive upport of all if it is to succeed.

2. By sponsoring a Christmas program, the members are taking a great step forward, and will help create a better feeling among all our residents during the holiday season.

YOUR FARM COLUMN

By BILL RUSK

Howdy, Farm Priesde: I so-ticed that its some parts of lowa, "gry" hybric con seed is better sold that is not hybrid at all, so-sercetary of agriculture. In a case like this there is not much the state can do but the matter of preventing heavy losses through than reliable hybrid producers reats in the hands of the farmers themselves. The best hybrid seed coils so title like is one can at inferior seed. tend the 18th annual 4-H clu congress to be held in conjunction with the International. Thirty prominent stockmet the enternational control of the con

simelyses. The control of the control of the child believe to the child Small Grains, Weed

Small grain diseases, weed con-trol, and pasch insects are sub-jects of three circulars recently far eleved by the Lake County far bureau office. These circulars, pul-liable dy the Illinois Natural His tory survey, have been released for some by Dr. T. N. Prison, chief at the static research organization. The county of the county of the county bush of the county of the county of the last release of the county of the last release of the county of the last release of the county of the Carlo Cross to Illinois."

Containing and Diseases of Smail Orain Crops in litimote represents a thorough discussion of the dis-sases of wheat, oats, barley, and rye occurring in Illinois. It des-man the appearance, life, bistory important immortant immortant immortant.

and moisture damage, phrid corn will generally pro-from 15 to 25 bushels more core than open pollinated var-s on the same ground but for results, the land must be for-cand well-handled if we expect ontinue to obtain high yields

gre's a lot of interest in the national live stock show this It's going to be the biggest over from the standpoint of muber of entries and Barney, who is celebrating his 30th is manager of the show, ex-an array of grain, hay, and she unequalised for finish and she unequalised for finish and she unequalised for finish and standpoints.
