

BARRINGTON

Telephone Directory

April, 1911

Every Chicago Telephone is a terminal of a universal system of communication reaching all points in the civilized world. Direct connection for Telephone Service is made with the systems of the

ASSOCIATED BELL TELEPHONE COMPANIES throughout the United States by means of long distance lines of the

AMERICAN TELEPHONE AND TELEGRAPH CO. and for Telegraph Service with all the offices of the

WESTERN UNION TELEGRAPH COMPANY

at which telegraph messages will be received for any point and the tariff charged to the telephone subscriber, to whom a telegraphic reply will be sent if desired.

REGULATIONS

WITH WHICH SUBSCRIBERS HAVE AGREED TO COMPLY

USE AND CARE OF EQUIPMENT.—The subscriber shall not make, permit, or use any electrical or mechanical connections, or apparatus with the lines, or equipment furnished by the Company, without the Company's consent. The lines and equipment on subscriber's premises shall be carefully protected and used for lawful purposes where installed, and he agrees to surrender them to the Company unimpaired upon the termination of his right of use, or to insure, indemnify and pay the Company for any loss or injury to them arising from carelessness, accident or from any other cause. At all reasonable times the Company shall have the right, which the subscriber shall provide, of access from the street line, and of entering the premises of the subscriber to install, inspect, or repair the lines or equipment, or to remove them upon the termination of the subscriber's right of use. The subscriber shall not use or permit the use of foul, abusive, or profane language, or personate any other individual with fraudulent or malicious intent, over the equipment furnished.

THE COMPANY DOES NOT GUARANTEE UNINTERRUPTED WORKING OF THE LINES OR EQUIPMENT. For any complete failure of service, of which notice in writing has been sent to its general manager, and continued for more than twenty-four hours thereafter, an abatement of the contract charge for the period of such interruption shall be made.

Claims for rebate on account of interruption to service cannot be considered unless such written notice has been given to the Company.

The Company shall not be liable for defaults occurring on any other line, and the subscriber agrees to reimburse the Company for all sums it may pay, or become liable to pay, for messages transmitted for the subscriber over other lines than its own.

SUBSCRIBER'S NUMBER.—The prefix and number assigned to a subscriber's station are no part of the contract with the Company, and may be changed by the Company when necessary. Numbers must be changed when required by the opening of new exchanges, or the regrouping of lines.

DIRECTORIES.—The Company assumes no liability for damages arising from errors, or omissions, in the making up, or printing of the directory. Subscribers are requested, when they desire any change in their insertion, to notify the Company in writing.

PRIVATE BRANCH EXCHANGE OPERATION.—Operators employed by the subscriber for the operation of private branch exchange switching apparatus, shall comply with the operating rules of the Telephone Company, and render service satisfactory to it.

CHANGE OF ADDRESS OR LOCATION.—The Company will move the equipment to any point where the Company furnishes similar service, within the limits of the same exchange system accessible with its facilities, upon written order, when the subscriber agrees to pay the Company's current charge therefor. Such removal will be made without charge after the equipment has remained in the location for one year, but such removal without charge will constitute an express extension of the subscriber's contract for a period of one year from the completion of the removal.

AFTER A REMOVAL THE SUBSCRIBER SHALL PAY THE CURRENT RATE FOR SERVICE AT THE LOCATION TO WHICH THE REMOVAL IS MADE.

ALTERATIONS.—The subscriber agrees to notify the Company promptly in writing whenever alterations or new construction on premises owned or leased by him will necessitate changes in the Company's equipment, and the subscriber agrees to pay the Company's current charges for such changes.

TERMINATION.—The subscriber or the Company may terminate the contract on terms stated therein at any time before the equipment has been in use one year at one address, or location, and may terminate after said year, by giving ten days' written notice, in which case the subscriber shall pay in full to the end of such ten days, and the Company will refund the portion of any payment made in advance unearned at the end of such ten days.

GENERAL INFORMATION AND INSTRUCTIONS TO TELEPHONE USERS

TELEPHONE NUMBERS.—Each subscriber's telephone is designated by a number placed at the left of his name. It is imperative that subscribers call by number (not name) to avoid error and delay. Always use the current telephone directory to obtain the correct numbers.

THE INFORMATION OPERATOR WILL FURNISH on request **NUMBERS** of new subscribers **NOT LISTED** and who have had service installed after this directory was printed; or of numbers which have been changed.

HOW TO USE THE TELEPHONE.—A local message is a communication not exceeding five minutes duration between subscribers' stations within the same exchange area. To call the Exchange Office, take the hand telephone from the hook and place at the ear. (If the telephone has a crank attachment for signaling Central, give two quick turns of the crank before removing the hand telephone from the hook.) The Operator will say "Number please?" give the exchange name and number of the subscriber wanted, and the operator will repeat them to avoid mistakes. Hold it with the telephone at the ear until an answer is received. If the desired line is busy the busy signal (an interrupted buzzing noise) or the operator will notify you of that fact. This means that the line called for is in use. Always hang up the hand telephone when through talking and if the telephone has a crank attachment, give two quick turns of the crank to notify the operator to disconnect.

HOW TO ANSWER A TELEPHONE CALL.—Remove the hand telephone from the hook and give your own number, as for example, "This is Main 234" (or whatever the number may be). This will immediately inform the person calling that the desired connection has been established.

REPORT TROUBLE.—When the line or instrument is out of order, notify the Manager, or Chief Operator of your Exchange. If the trouble is not remedied within twenty-four hours, kindly send notice in writing to A. S. Hibbard, General Manager, 283 Washington St., Chicago, Illinois.

A TOLL MESSAGE.—Is a communication to a telephone beyond the limits of your local exchange system, but within the area in which the company operates. A Long Distance Message is a communication to a telephone outside of the area in which the company operates. The Company's employees must not undertake to transmit or deliver verbal or written messages for patrons.

Toll or Long Distance rates are for messages of three minutes or less. A charge is made for each additional minute or fraction thereof.

TO MAKE A TOLL OR LONG DISTANCE CALL.—Call for "Long Distance" and when the Long Distance Operator answers, give the name of the town, and exchange name and number, when known, and the name and address, or the necessary information to identify the party desired. The operator will make the connection and will call you to the telephone.

TO MAKE COLLECT CALLS.—Toll or Long Distance messages can be sent collect, provided the person receiving a collect message agrees to allow the same to be charged to him. Request to have the charges made against the party called for, should be made at the time the call is given to the Toll or Long Distance Operator.

COLLECTIONS.—Settlements for services are due upon receipt of bills rendered about the first of each month. Payment should always be made before the 15th of each month at the Local Exchange Office. Checks should be made payable to the Chicago Telephone Company. Subscribers are urged to settle their accounts before they become delinquent to avoid suspension of service and inconvenience to other patrons.

ORDER TO MOVE TELEPHONE.—If you wish to have telephone moved, please **FILL OUT** the order below and mail to **MANAGER** of your Exchange, or No. 283 Washington Street, Chicago, at least ten days before date removal is desired.

NOTE.—Thirty days' notice is necessary for removal between April 15th and May 15th.

CHICAGO TELEPHONE COMPANY.

Please move Telephone (Prefix) _____ (No.) _____ from _____ to _____ on the _____ day of _____, 19____, or as near that date as possible under the regulations printed on opposite page. The subscriber promises to make payment as follows: For each line and telephone change of address \$5.00; change of location in same premises \$2.50. Private exchange switchboard on estimate. Accepted: **CHICAGO TELEPHONE COMPANY.**

By _____ Date _____
Contract Agent. _____ Subscriber,

Toll Service

Believing that our toll service adequately meets the demand for quick communication between telephone users in the various cities and villages near Chicago, we encourage our patrons to use the long distance lines.

Rates

Our information operator has a list of exchanges and will advise you of the rate for service to any point. We also call attention to the fact that we maintain a messenger service at each exchange and will call any party with whom you wish to talk, even though he has no telephone, providing you will pay a nominal charge for the messenger.

For advertising rates in the next issue of this directory apply to Reuben H. Donnelley, publisher, 731 Plymouth Court. Telephone Harrison 350. Chicago, Ill.

For the Modern Home—where comfort is the Polestar—a two-party line affords almost ideal telephone service.

Troubles and annoyances, occasionally found on the four-party line, are eliminated.

It meets the needs of the present generation for it is Improved Service. It keeps the home in pace with the steady progress of the telephone as a means for social communication.

There is little added expense in advancing from the four to the two-party line.
