Telephone Your Mother On Her Birthday

A LONG DISTANCE CALL to your mother on her birthday may mean more to her than the most elaborate gift. Mother loves to hear the cheery voices of her sons and daughters and to know that they have not forgotten her.

To have you with her on her birthday would be your mother's greatest joy, but if circumstances and distance forbid a visit, then call her by long distance telephone and let her hear your voice.

ILLINOIS BELL TELEPHONE COMPANY
BELL SYSTEM

One Policy - One System - Universal Service

Call the "Home Folks"

WHEN you reach your journey's end, call home by long distance telephone and let wife, husband, mother or father know that you have arrived safely. It will relieve the anxiety for the safety of travelers which is always felt by their loved ones.

REGARDLESS of higher-level costs of materials and equipment, the Illinois Bell Telephone Company must continue to erect new buildings, equip them with new and modern apparatus and keep abreast of the demand for service. Each new telephone added increases the utility and the value of yours.

Use the inexpensive "station-to-station" service. Call "Long Distance," give the operator the number of the distant telephone, and tell her you will talk to anyone who answers. This service is about 20 per cent lower in rate than "person-to-person" service.

Evening and night rates for station-to-station calls are still further reduced.

One Policy - One System - Universal Service

Co-ordination

FROM fragments, isolated and small, science can reconstruct the great creations of nature. A fossil bone reveals a race of giant lizards. A fern frond embedded in limestone tells of a prehistoric forest. A skull dug from a bed of a river clay records whole chapters in human history.

But rarely can man's handiwork, composite in its elements, be thus imagined from any of its parts. Considered alone, a tiny carbon granule from the telephone transmitter cannot even hint of the complex instrument. Only as part of a co-ordinated mechanism has this littlest unit its full significance.

The telephone needs of the nation require a service national in scope and operation. Men, materials and money on a vast scale are essential. Practical co-ordination of the numberless human and mechanical agencies indispensable to the service is possible only through a nation-wide organization. This the Bell System provides.

ILLINOIS BELL TELEPHONE COMPANY
BELL SYSTEM

One Policy - One System - Universal Service

GENERAL INFORMATION

When using the telephone speak distinctly in a moderate tone of voice with lips close to the mouthpiece.

Answer your bell promptly but do not remove the receiver from the hook while the bell is ringing. It may interfere with the signals.

To recall the operator or when through talking, hang up the receiver and give the handle one sharp turn.

Call by telephone number, not by name.

Call "Information" for names not listed.

Call "Chief Operator" to report unsatisfactory handling of your calls.

Call "Repair Clerk" when your telephone is out of order.

LONG DISTANCE TELEPHONE SERVICE

To make a "Toll" or "Long Distance" call, call the operator the usual way and ask for "Long Distance."

The Long Distance operator will give information and quote rates to any point desired.

Bell Telephone lines reach cities, towns and villages throughout the United States.

Calls to the Following Places are Toll Calls

and are handled by Your Operator as "Station-to-Station" calls.

Proceed the same as when making a local call.
