Illinois Bell Telephone Company

Keep in Touch with Home

WHEN business takes you away overnight or for a longer time, it is a comfort to know that you can reach home quickly over Bell long distance lines no matter how far away you may be.

***D**URING the past few years much of the telephone plant in Illinois, originally erected at pre-war costs, has worn out or been outgrown, and has been replaced at post-war prices for material and labor. This has added greatly to the average investment per telephone.*

To keep the family informed of your whereabouts is a sensible precaution. To talk to them by long distance telephone each day while absent is a joy both to you and to them.

Station-to-station service is especially adapted to such calls and the rates are about 20 per cent lower than for person-to-person calls.

LONG DISTANCE TELEPHONE SERVICE

Station-to-station service. The term Station-to-Station service is defined as a connection between any two telephones (including private branch exchange switchboard operator) and does not contemplate the establishment of conversation between particular individuals or departments of private branch exchanges.

Under Station-to-Station rates a charge for a message is made in all cases where a connection is established with the called station.

Liberal reductions are made between 8:30 P. M. and 4:30 A. M. on station-to-station calls where the day rate is 50 cents or more as follows:

Evening Rates:—Between 8:30 P. M. and 12 Midnight, approximately one-half of the day rates.

Night Rates:—Between 12 Midnight and

4:30 A. M., approximately one-fourth of the day rates.

Minimum "Evening" or "Night" rates, 25 cents.

Person-to-person service. Calls for particular individuals are accepted at a rate of approximately one-fourth more than those quoted under Station-to-Station service.

A Report Charge in addition to regular message charge is not made provided the call is completed on the day it is filed, or if it is carried forward and completed on the following day.

Appointment calls. An Appointment Call is a Person-to-Person call on which communication is to be established at a specified time.

The rate for an Appointment Call is approximately one-half more than the Station-to-Station rate; but in the case of any Appointment Call, where the distant station is reached, whether the appointment be made or not, the Report Charge applicable in case of Person-to-Person calls shall be made.

Messenger calls. Messenger Calls are Person-to-Person calls requiring the use of a messenger to secure a designated person.

The rates for Messenger Calls shall be the same as apply to Appointment Calls, plus any charges that may be required for the service of messengers.

Messenger charges incurred are to be paid even if desired conversation is not held.

Collect calls. Collect Calls are Person-to-Person calls; the charges for which are "reversed"; that is, to be collected from the called station, provided the charges are accepted by the person called.

For Information not given above concerning long distance service, call "Long Distance."
